Smothers earns law degree

Curtis R. Smothers, of 701 W. Mulberry St., is among 1,400 students scheduled for June 5 graduation at Georgetown University.

The son of Mrs. Fannie E. Smothers, he is scheduled to receive an LLB degree from the Law School.

Under Secretary of State Nicholas deB. Katzenbach will give the commencement address.

Screening Test Important

Many potentially serious diseases can be cured or controlled if detected in the early stages. Screening tests, performed on apparently healthy people, often reveal abnormalities or signs of disease which indicate the need for further diagnosis.

Vision and hearing tests for school-age children, diabetes, and cervical cancer programs for adults, are examples of screening programs which have produced rewarding results.

'Reject all racism,' Jenkins tells Southern University graduates

(Special to the AFRO)

BATON ROUGE, La. — "The star not reached" a statement from President Lyndon B. Johnson's inaugural address, was the theme of Dr. Martin D. Jenkins, who delivered the commencement address at Southern University Monday.

Dr. Jenkins, President of Morgan State College in the statement made by President Johnson . . . said "For this is what America is all about. It is the uncrossed desert and the unclimbed ridge. It is a star not reached and the harvest sleeping in the unplowed ground."

He said, Americans through their dissatisfaction have developed this country to a power in this world.

"To use this example in terms of race relations you are in large measure the untouchables of society.

"But things are changing and they will change with more deliberate speed. Every day a new frontier is breached; the racists and segregationists retreat another mile it is curious that many Americans do not understand why colored people are still dissatisfied . . . who think colored people are moving too fast." Jenkins said.

"Those who think we are moving too fast in race relations must understand that Americans cannever be satisfied until — the harvest sleeping in the unplowed ground" comes to fruition in the same rights, privileges, opportunities and responsibilities for all Americans.

"You are Americans, you are restless, you are dissatisfied, you are determined to change things, you cannot stand still, you are impelled to move toward stars not reached. This is your heritage."

DR. JENKINS'S second thought was taken from that of Dr. Martin Luther King, who said, "If you can't run, walk, if you can't walk, crawl but keep moving.

"The thought I want to convey," said Dr. Jenkins, "is that you must be involved in your social order; that by virtue of your level of education you are under responsibility to apply your creative intelligence to the problems of our society that you are a participant, not a bystander that you must participate, to the extent of your ability . . . if you can't run, walk. If you can't walk, crawl but you must move."

The speaker cautioned the graduates to reject those voices that say . . .

"Reject all whites, go it alone. Black racism is no more palatable than white racism. You must enlist the support of an cooperation with white individuals and organizations in the civil rights struggle." Dr. Jenkins said.

Southern's baccalaureate speaker Sunday was Dr. Richard I. McKinney, professor of philosophy at Morgan State. His message to the more than 750 graduates was taken from the theme when Jesus was talking about the expansive love of God "be ye therefore complete."

Teacher to attend science institute

Mrs. Bernice Y. Nickens, 2543 Madison Ave., a member of the Charles H. Houston Junior High School faculty, has been selected to attend a special summer institute in earth science.

The institute will be held at State University College, Oneonta, N.Y., from June 26 through Aug. 18.

Sponsored by the National Science Foundation, the institute will be composed of 42 participants from junior and senior high school science teachers and science supervisors across the country.

All those attending the institute will take a seminar course on "Modern Earth Science Teaching Techniques," taught by staff and visiting specialists.

Other courses may also be chosen from groupings in geology, oceanography and astronomy.

Art show seeks local exhibitors

Artists in all categories, professional and amateur are invited to enter their painting, sculpture, ceramics, wood-carvings, etc., in the Fourth Annual Outdoor Art Show at Tydings Memorial Park in Havre de Grace on August 20.

Persons interested in exhibiting their art are asked to contact Dr. Gunther D. Hirsch, chairman of the Cultural and Recreational Committee for the Havre de Grace Chamber of Commerce, by calling 939-5070, or by writing to 131 S. Union Ave., Havre de Grace, Md. 21078.

Drug Inspectors

The drug inspectors of the State Department of Health check on drugs from manufacturing plants and drug-stores in Maryland. Samples are taken and analyzed in the Bureau of Laboratories to determine standards.

Drug store files are also checked to detect possible fraudulent narcotics prescriptions. Each of the six inspectors travels about 12,000 miles a year in the performance of his duties.

Clean Block director gives painting tips

"Since many of my Clean Blockers will be painting up as well as cleaning up," said AFRO's Clean Block director, Mrs. Jeanette B. Leath, "I thought it wise to mention a few tips.

"Though many of the workers in this campaign have the know how, for the benefit of others who do not I would like to say, first of all, before using your paint make sure you stir it with a paddle or a stick the size of a paddle; never stir the paint with a brush.

"When you have finished painting replace the lid tightly on the paint can. Keep your paint brush shallow in The pail; a third of the bristle length is deep enough.

Dipping too deeply fills the brush too full and makes it almost impossible to clean thoroughly. Excess paint on your brush can be removed by gently tapping the brush against the inside of the can, rather than wiping it against the rim.

There are several ways to obtain that so-called natural, finish on wood surfaces. When working with an unfinished wood and you wish to show grain, first apply a coat or two of varnish then wax.

If you find it necessary to thin any varnish or paint, be certain to do so in accordance with the directions on the label.

If your painting job involves deep cracks, rough or patched plaster or dry wall seams you might try using a texture paint. It's thicker than regular paint; you brush it on and then stripple with a brush or sponge.

Painting chairs is easier if you place the chair unpside down on a table protected with thick newspaper. Paint the legs and rungs first, then the underside of the body.

When these sections have dried throughly, put the chair right-side up and finish the job. Lack of paint coating causes wood to rot.

If you are painting flower boxes paint the inside of the box first, than the outside before planting flowers be sure the paint is dry inside the box; it should be painted several days before planting floral 858.

Citizens urged to bolster Clean Block prize funds

The AFRO Clean Block Campaign is celebrating its 33rd birthday this year. We want to celebrate with a gala campaign, to do this we need $3,000.

We need your cooperation, encouragement and dollars. We want you to share 100 percent in this campaign.

We need a music director, advisors, critics, as well as dollars. We want and need the help of every citizen interested in young folks.

When Miss Frances Murphy began the campaign 33 years ago, her platform was CIVIC PRIDE, LEADER SHIP DEVELOPMENT OF HIGH IDEAS, AND COOPERATION.

"The supreme thought was "Strive for better Things, But Make the Most of What You Have". These principles have helped many to carry on through life.

The prizes given these children at the close of the campaign do not pay them for their work. It is just a token of appreciation from adults for their efforts. It gives the youth encouragement and incentive.

Remember many of the youth today will be our leading citizens of tomorrow. This is good training in many ways.

Let's make this 33rd celebration one long to be remembered. Start now. Be among the first to send a contribution for the Clean Block Prize Fund. To benefit more than 15,000 youth, $3,000 is a small amount to spend.

All money contributed to the campaign is used to reward the youngsters at the close of the drive at an awards ceremony, the public is always invited to attend.

For more information call the office and information will be gladly given to you. Telephone MU 5-6015.

All contributions are gratefully acknowledged on the Clean Block Page in the AFRO.

Plase make check payable to AFRO Charities Clean Block Fund A tax deductible contribution.

Clean Block office now open for registration

You can Enroll Now in the AFRO Clean Block Campaign for 1967.

"All who are interested in cleaning up and beautifying their surroundings are invited to join our canpaign,"said AFRO's Clean Block Lady.

Mail the coupon found on this page to the AFRO Clean Block Office, 628 N. Eutaw Street, Baltimore, 21201.

The office is located on the first floor of the AFRO Building, Druid Hill Ave. and Eutaw St. Entrance to the office is next to the parking lot on the Druid Hill Ave., side.

Rules, regulations, registration blanks, window cards, warning slips, victory reports, workers sheets and other material will be given to those blocks interested in the drive.

You must return the application blank and the workers listing to the Clean Block Office to be properly registered.

Captains and other representatives from the block will be required to attend weekly meetings, held each Friday morning 10 o'clock.

Representatives affiliated with various city agencies are often present at these meetings, held each Friday offered by their respective departments.

Our first meeting, The Kick-off Rally, will be Friday June 23rd at 10 a.m.

Those joining the AFRO Clean Block Campaign will find a development of neighborhood spirit, reduction of fire losses, respect for property, promotion of safety and a very clean and healthy surrounding.

WE NEED YOUR SUPPORT. WON'T YOU HELP MAKE THIS CAMPAIGN A SUCCESS?

June 8

Two films, "Harvest of Mercy" and "A Simple Cup of Tea," to be shown 8:15 in the Wheeler Auditorium at the main Pratt Library.

City transit routes in new Yellow Pages

A double page spread of a map showing transit routes in the Baltimore area appears in the new 1967 yellow pages of your telephone book.

The cover of the book pictures the Fort McHenry Guard, a special drill team composed of U.S. Marines from Fort Meade, performing their unique and historic ceremony.

The 1812 Tattoo Ceremony will be held at 7 p.m. every Thursday through the summer, beginning on June 22.

About 525,000 copies of the C and P Telephone directory were printed, an increase of 35,000 over last year.

* * *

THE INFORMATION section also includes a double page postal zone map of Baltimore and the zip code numbers for Maryland postal zones.

The Yellow Pages again carry a section devoted to the Baltimore Civic Center and Memorial Stadium and the professional sports teams associated with each, including current schedules for both the Oriole and Colt games.

Reappearing by popular demand are: a Baltimore Beltway map,a listing of church locations and a list of points of interest in Baltimore.

June 2

Douglass High School senior prom, 8:30 p.m. to 1 a.m. in the auditorium of the Civic Center.

June 4

The NAACP's "Human Dolls on Parade" program Sunday at Sharp St. Memorial Methodist Church.

June 4

First annual parade of the Golden Knights and Cadetts forming at Oliver St. and Greenmount Ave.
