Friday December 9th 1881. Court met pursuant to adjournment, present on the Bench the Hon R. H. Alvey, Chief Judge - and Hon Wm Matter, Associate Judge -

The following Rule of Court was duly adopted -

Rule 41 of this Court shall be rescinded and the following Rule is hereby adopted in lieu thereof.

Every exception taken to the ruling of the Court in the progress of the trial shall be noted at the time of the ruling made, and the ground of the exception stated; and when such exception is taken to the granting or refusal of instructions to the jury, the party so excepting shall state to

what prayer or instruction the exception is intended to apply. And it would greatly and unnecessarily retard the business of the Court were it required that upon every exception taken the progress of the trial should be stayed until the formal bill of exceptions should be prepared and signed by the Judge or Judges; it shall be sufficient that the party taking the exception note the same at the time of the ruling made, and thereafter, within a reasonable time after the trial, reduce the exceptions to proper form, in conformity to the Rules prescribed by the Court of Appeals, for the regulation of Appeals, and submit the same to the Judge or Judges for his or their signature. And in no case shall the progress of the trial be stayed or delayed for the formal preparation of bills of exception, unless it be by the permission or direction of the Court.

But in every case, unless otherwise expressly allowed by the Court, the bill of exceptions shall be prepared and submitted to the Court during the sittings of the Term at which such exception shall be taken.

And in preparing the bills of exceptions, care must be taken to incorporate only so much of the testimony and proceedings as may be necessary to present the question raised, and decided by the Court; and patents, deeds, wills and other writings shall be stated briefly, according to their import and effect, unless the nature of the question or questions raised and decided shall render it necessary to insert them at large. See Wheeler vs Briscoe 41 Md 308; 20 How 252; 102 U. S. 354.
