Why Are The Colored People of America Sent 10,000 Miles Away To Kill The Colored People of Vietnam?

"No, I am not going 10,000 miles to help murder and kill and burn other people simply to help the domination of white slavemasters over the dark people of the world. This is the day and age when such evil injustice must come to an end."

Mohammad Ali Cassius Clay

"We cannot. . .permit ourselves to be used as objects of war."
—From a petition sent to Johnson, McNamara, Earl Warren, and General Hershey by 344 students and 20 faculty members of 2 Negro colleges in Atlanta, Georgia

Negroes Make Far Less Money Than Whites. . . Live in Worse Houses And Do Not Live As Long Because Of These Things

AND YET. . .

"There are twice as many Negroes in combat in Vietnam. . .and twice as many Negro soldiers died in action in proportion to their numbers in the population as whites."

Martin Luther King

AND YET. . .

"We arm Negro soldiers to kill on foreign battlefields, but offer little protection for their relatives from beatings and killings in our own south."

Martin Luther King

AND YET. . .

"We are willing to make the Negro 100% of a citizen in warfare, but reduce him to 50% of a citizen on American soil."

Martin Luther King

AND YET. . .

"Of all the good things in life the Negro has approximately one half those of the whites, of the bad he has twice that of whites."

Martin Luther King

AND YET. . .

". . .half of all the Negroes live in substandard housing and Negroes have half the income of whites. There are twice as many unemployed."

Martin Luther King

Why Vietnam? Why? Why?

NO AMERICAN BELONGS IN VIETNAM

We Should Stop Killing The Innocent Poor People Of Vietnam

We Americans Should Get Out of Vietnam NOW

The American Negro Is Fighting In Vietnam For Something He Does Not Even Have At Home

The poor are fighting and dying in this war. The poor who are lucky enough to come back home will come home to inferior jobs, houses and neighborhoods.

The People Who Have Money Send Their Sons To College, Not To Vietnam

AND YET. . .

"Because of the war in Vietnam, the rich are getting richer"
Christian Science Monitor 5/22/67

. . .and it is the poor, not the rich, colored people of Vietnam who are being killed

IT COSTS ABOUT $350,000 TO KILL EVERY ENEMY SOLDIER. . . THAT IS MORE THAN THE COMBINED INCOME OF 100 NEGRO MEN FOR AN ENTIRE YEAR.

IT COSTS ABOUT $30,000,000,000 A YEAR TO FIGHT THIS WAR. . .THAT WOULD GIVE EVERY NEGRO FAMILY IN THE U.S. $6,000 EVERY YEAR. . .

THAT IS OVER 12 TIMES THE MONEY SPENT ON THE ENTIRE POVERTY PROGRAM. THE $30 BILLION A YEAR TO FIGHT THIS WAR COULD BE USED TO WIPE OUT POVERTY IN THE U.S.

AND YET. . .

President Johnson is sending the flower of Negro Youth into the jungles of Vietnam to die in vain. President Johnson is ruthlessly sacrificing poor Negroes so that the rich can get richer.

CAA to administer more aids for needy

The Community Action Agency was authorized Wednesday by the Board of Estimates a broad, intensified program to aid needy youths and families during the summer months.

It is a far reaching program which Parren J. Mitchell, CAA executive director, happily described thusly:

"This is part of the city's response to President Johnson's request that cities initiate programs and activities during the summer months, which are specially designed to serve residents living under ghetto conditions."

Here are the programs Mr. Mitchell requested and was authorized to initiate.

* * *

1. THERE WILL be 14 Head Start Centers located throughout the city to serve 661 pre-school children.

2. There will be an additional 250 enrollees in the Neighborhood Youth Corps, to bring the total for school dropouts up to 850.

Aso in this 16-21 age group are another 850 enrolled in schools who need summer employment, thus bringing this job program up to servicing 1,700 youths.

3. In connection with this Youth Corps program, 24 staff positions will beestablished.

4. A special summer program to serve residents of the CAA's action area will be launched in two categories.

One will provide resident camperships in public and private camps for 750 children.

The second will operate cultursal-recreational inner-city programs related primarily to youth but including services to their families.

5. There will be an extended emergency services program, through an appropriation of $2,000, to be used to defray a part of the cost of turning on gas and electricity for large families in those instances where service has been cut off because of non-payment.

This program, administered by the Department of Public Welfare under contract with CAA has already aided 2,568 families.

* * *

MR. MITCHELL, quite pleased with the authorization by the Board of Estimates, summed the whole picture this way:

"This is part of a three-pronged program aimed at greatly increasing opportunities for inner-city young people in three categories.

"1. Pre-school education, 2. increased job opportunities for youths in the 16-21 age group, and 3. to provide sorely needed recreational activities this summer and I expect literally thousands to participate."

Mr. Mitchell noted further that these programs will greatly supplement the efforts of Mayor Theodore R. McKeldin"s Task Force on Equal Rights.

Walbrook drops 2 after Saturday win

Walbrook baseballers won one and lost two over the past weekend.

After turning back the Y Eagles in the Interclub League on Saturday, 18-5, the Walbrook batsmen were stymied twice by Perry Hall in the Sunday action in the Major League. Scores were 18-0 and 3-2.

This Sunday, the Blue Caps furnishe the opposition on Druid Hill Park Diamond No. 2.

Mexican Ortega eyes Bobo's title

El Toro (Bull) Ortega, the broad-chested Mexican wrestler, will seek the U.S. title held for many years by Michigan's Bobo Brazil at the Civic Center tomorrow (Saturday).

The giant veteran Brazil has been reaching far across the continent in defense of this junior championship belt, and disposed of Luke Graham, before the local faithful last month. It took Bobo only seven minutes to do the job.

In the Mexican, he faces a barrel-chested strongman with a superb physique and it should prove an exciting test.

The event is a supporting feature on a seven-foot, 18-man card opening at 8:30, and headlining tag action with teams of Sammartino and Arion vs. Monsoon and Tanaka.

Haughton seeks top harness $

Billy Haughton, ten times harness racing's top money-winning driver, is slated to be one of Rosecroft Raceway's top drivers in next week's Grand Circuit.

The Circuit, which runs June 19th through 24th, is renowned as Maryland's richest harness race.

Founded in 1873, this year's program will close with the June 24 William E. Miller Memorial, worth $30,000.

Other reinsmen expected to compete include Stanley Dancer, Earle Avery, Clint Hodgins and other leading racers.

The Rosecroft program concludes July 1.
