AFRO Clean Block Opens 35th Cleanliness Campaign

Pep rallies are important to Clean Block campaign

CLEAN BLOCK QUEENS led Friday's parade. They are, from left, Misses Colette Kelly, Andrea Francis, and Marilyn Merriet.

Each Friday morning at 10 o'clock during the AFRO clean Block Campaign, Pep Rallies are held in the auditorium of the Crispis Attucks Recreation Center, Wilson St. at Madison Ave.

Captains and representatives from each block registered, are present to give their report on the happenings in their block and to gather additional supplies needed, such as posters, window cards, warning slips, vitory reports and whatever forms are needed.

It is important that each block have representation at these and all meetings, including the movie parties and the baseball games.

Captains must sign the attendance sheet which is on the table near the door at the entrance of the auditorium.

HERE ARE THE directions to Crispis Attucks Auditorium:

Crispis Attucks Auditorium is located at the corner of Wilson St. and Madison Ave. Those riding the bus to the meetings, may ride the No. 10 or No. 5. Those who are close to the No. 13 line can transfer to the No. 19 at Eutaw Place and North Ave., get off at the corner Wilson St. and Eutaw Place.

If you are riding the No. 5 line you get off the bus at Druid Hill Ave. and Wilson St. and walk two blocks East on Wilson. Those who ride 21 bus can transfer at McCulloh and Dolphin and catch No. 5, get off at McCulloh and Wilson and walk just one block over to Madison.

Dr. Davis, Judge Watts elected

Two Morgan State College alumni who are members of the Board of Trustees of the State Colleges have been elected to key positions on the Board.

Dr. Elaine Davis was named chairman of the Committee on Finance and Management which reviews and recommends to the Board the budget requests from the six state colleges.

Judge Robert Watts was selected as chairman of the Committee on Advance Planning which reviews and recommends to the Board the capital improvement requests.

William L. Wilson of Cumberland was re-elected chairman of the Board and Samuel Hopkins of Baltimore as vice-chairman.

Judge Watts, Mathias J. DeVito and Dr. James A. Sensenbaugh were appointed to serve on the committee to select a new president for Towson State College. The present president, Dr. Earle T. Hawkins, is scheduled to retire at the end of the next school year.

DURING THE meeting, Dr. Martin Jenkins, President of Morgan State, urged the Board members to submit and adopt an integration study in time to request any necessary budgetary support in the next session of the General Assembly.

Dr. Jenkins stated that the Board is confronted with the fact that it has substantial racial segregation in the state colleges "Perhaps the most outstanding example being Salisbury State College where there is not a single colored teacher, or single colored faculty member, or single colored student," he said.

"If we wait until December to begin to develop a program (on integration) and if that program requires an appropriation, then it may be another year before the Board can get underway and the Board would likely be subjected to the criticism of moving with less than deliberate speed," Dr. Jenkins said.

Other presidents of each of the state colleges — Bowie, Coppin, Frostburg and Towson, also made statements to the Board.

Dr. Jenkins of Morgan told the Board that "... the prospects are that our educational program will be deteriorating next year. First, because no new faculty members were allowed for the anticipated increase in enrollment, we have had to eliminate some phases of our very excellent compensatory education program."

"Second, we have found it virtually impossible to recruit the very top level, for us, faculty members that this college needs to develop a first rate program. The matter of faculty salary scales is of tremendous importance." We are in a competitive national market and cannot attract the kind of people required to develop the kind of program we need in Maryland," Dr. Jenkins stated.

Civil Defense questionnaires

The Civil-Defense Agency for Maryland is distributing questionaries on "home fallout protection "There's not much time left," said Rinaldo Van Brunt.

The questionnaires are being mailed out in the Baltimore area, and Civil Defense officials urge all citizens to fill them out and return them.

The Bureau of the Census is conducting the survey for the Maryland agency.

Eighteen other cities are included in the survey and so far 362,000 homes have responded to the mailed questions.

Officials stressed that all the information contained in returned questionnaires will be held in confidence.

"In order to make this home fallout program a success, every questionnaire must be returned," said agency director Van Brunt.

At the conclusion of the survey, Civil Defense officials will be furnished with statistical summaries by census areas, giving the total number of homes that could serve as fallout shelters for families.

These totals will aid Civic Defense in planning shelter for everyone in the community.
