Pride will halt litter

In a message to all citizens of Baltimore and especially to the Clean Blockers, the AFRO Clean Block director, Mrs. Jeannette B. Leath, had this to say," Let no one say, and say it to your shame, that all was beauty here until you came.

"The outdoor appearance of your home and yard reflects your interest and your taste. Everyone observes your outdoor decoration. There is all the difference in the world between a home which is undecorated outside and a home which is graced by beauty such as green grass, shrubbery, trees or flowers.

"It is healthful and one of the most inexpensive ways to benefit yourself as you beautify your home. All you need is a little interest in how your home and yard looks from outside.

"It's fun to decorate outdoors and you will be happy with the results of the attractiveness it adds to your surroundings and your community. Help make your block clean and beautiful.

"Litter thrown in the street by pedestrians and motorists is more than paper and trash—its taxpayers money. You are a taxpayer whether you own property or not," Mrs. Leath stated. She advised further:

• • •

"NO CITIZEN would, knowingly, throw money into the streets and highways, of his community, yet that's exactly what the litterbugs do.

"Debris that is tossed heedlessly away means additional sanitation employees and more tax dollars.

"In addition, this trash often collects in gutters and sewers, clogging them during heavy rains and flooding them during storms. The damage resulting from the overflow often means further expenses, that cost the property owner money.

"It's just good sense to prevent these needless expenditures. Citizens should use trash receptacles, motorists should always carry a litter bag in their automobiles.

"During the Clean Block Campaign, make a resolution that you won't be a litterbug or a spend-thrift of your tax dollars, and by the close of this campaign you will be a better citizen and want to continue to keep your surroundings clean and beautiful.
