Bennett says law, order gimmick hides real GOP segregation role

Assistant Secretary of Defense L. Howard Bennett told an audience of 500 persons here Sunday that the Republican gimmick, "For Law and Order" has been purposely styled to attract white vofers and enemies of black citizens.

Receiving an overwhelming round of applause, the former Minnesota judge now stationed at the Pentagon said, "Their talking about 'law and order' veils what they really mean.

"That is (and we all know it) a promise if elected they will keep colored citizens in their place—keep them from the freedoms the Constitution guarantees them—freedom of speech, freedom to protest injustices."
