All orders addressed to the Editor, will receive prompt attention.

LOCALS.

HORRIBLE MURDER.—A colored woman by the name of Emeline Handy was murdered in the kitchen of Mr. F. G. Wright, on Sunday morning last, about 7 o'clock, by having her skull bone fractured and several other wounds inflicted on the head. Mr. Wright had but a short time previous returned from Baltimore in the night boat, and was lying in bed when he heard the screaming of children. On going to the kitchen to ascertain the cause of the commotion, he found Emeline weltering in blood. About one year ago a colored man by the name of Fred Lawrence had Emeline as a wife, but from bad treatment she discarded him, and there is a perfect chain of circumstances that point to Lawrence as her murderer. Those of his own color were very much incensed at the outrage and they arrested him and handed him over to the humane tribunals. Lawrence had a hearing before Esquire Stewart and was committed to jail to await his trial at the November term of the Circuit Court. The woman was most an excellent one and was a great favorite in the family of Mr. Wright. She was followed to the grave on Tuesday by a host of her friends.

THE 24TH AND 25TH.—The Registers in the various Districts in the county will sit on the above days of the present month, and any that have not registered who are entitled to be, should be prompt in applying. We hear of a number of Republicans who have not yet been registered. Let them not fail—either colored or white—when the time shall arrive, to have themselves registered among the voters of the county. The Democracy already see the slimness of the chance to elect their candidate, and let every Republican resolve to make it beautifully less. In a few days the programme of meetings will be published, then it will be seen whether or not Mr. Torbert, the Republican candidate, will speak no where else except in negro churches under the cover of night—as was asserted in an adjoining county, a few days ago.

Thousands of Promising Youths, of both sexes, go down to untimely graves from general debility and weakness, who might be saved by fortifying their systems with Iron. The Peruvian Syrup is an Iron tonic prepared expressly to supply the vitalizing element, and is the only preparation of Iron that will assimilate readily with the blood.

Some one wishing to purchase a good cook, office or parlor [illegible] accommodated by going to the Eaton Foundry. Call and examine their stock. His advertisement will appear next week.

HARDWARE FOR SALE.—We invite the attention of our readers to the sale of hardware, which is to take place at the old stand of Bartlett & *Bro*, on the 18th inst., by R. *B.* Dixon, Trustee. Housekeepers, now is your chance

☞ THE position of Judge Goldsborough in regard to the Congressional contest in this District having been a subject of speculation and misapprehension, and he having been solicited to speak at various meetings in behalf of Mr. Torbert, we publish by request, the following letter which explains his position, as also an endorsement by the Republican Central Committee of this county:

EASTON, Oct. 6th, 1870.

DEAR SIR—Your favor informing me that I had been selected as one of the speakers for the approaching campaign and asking at what places I desire to be present has been received.

I regret that circumstances have recently transpired which will compel me from self-respect to decline all invitations of this character. I do not intend to engage in the canvass at all, until I can be assured that the Republican party is governed by principles of honesty and fair dealing between its respective members.

The action of the recent Convention at Cambridge has convinced me that the purpose and design of certain men in the party, is to concentrate all power within themselves, to the exclusion of others equally meritorious although they are aware that such a course is disastrous to the well-fare and success of our party in this State.

With such a spirit and purpose I have no affinity nor do I desire to be mixed up with Republicans who prefer the accomplishment of their own selfishness to the gratification of the wishes of the great body of the party. I am surprised that Republicans should overlook, if not disregard the plain principles of honest dealing, which should control us as much in politics as in the other departments of life.

In my intercourse heretofore with brother Republicans, I have ever sought to conciliate and unite the factious spirit which I always found existing in your city by refusing to depreciate and defame those equally meritorious, to whatever wing of the party they might belong. I have studiously avoided attaching myself to either faction believing that the true interests of the party, required that a majority of its members should control its policy and action. I find this is not the case and that the Republican party like a machine is to be run and managed in the interests of a particular faction and I assure you their conduct towards me during the recent Congressional contest has tended to confirm an impression that I had hitherto hoped did not exist.

Laborious efforts, I understand are being made to create the impression that I will give my countenance and support to the proceedings of the Convention at Cambridge. This is wrong, as it is well known that I have repeatedly expressed in words and by letters the grounds of my disapprobation, as well as suggested the mode by which the injustice done the Republican party by their action, could be remedied.

I have so written to a committee at Chestertown and to Mr. James Valliant of your city. Notwithstanding this the report is being circulated that for some sinister and future purpose I have been induced to acquiesce in the present state of things.

I therefore state to you frankly as the Chairman of the Republican State Central Committee, that I shall not under the existing state of things support Mr. Torbert. I am surprised that he should have accepted a nomination knowing as he did, that it was in contravention of the wishes of a majority of the Delegates of the District and the result of an accident made available by the hasty repeal of a rule which has always and should always govern a Convention. I should not have required five minutes consideration to have returned a nomination made in this manner and I think the Republican party should exact a similar compliance with this salutary rule on the part of all its members.

If Mr. Torbert had secured the vote of a majority of the Convention, I should have overlooked the unmanly and discourteous attempt to defame me made before and during the actual sessions of the Convention by unauthorized interlopers and supported him for the good of the cause, but now I shall not do so, nor permit myself indirectly to countenance proceedings, reflecting no credit upon the Republicans of the District, until they demand and require the correction of so palpable an outrage upon the known will of a majority of the party.

Yours, truly,

HENRY H. GOLDSBOROUGH.

To Mr. Evans, President of the Republican State Central Committee,

N. B.—I shall take the liberty of publishing this reply, as the only mode of correcting erroneous impressions as to my course. H. H. G.

We endorse thoroughly the views expressed in Judge Goldsborough's letter, and believe that a large majority of the Republicans of this county concur.

CHAS. R. MULLIKIN,
SAML. T. HOPKINS,
Members of the State Central Committee for Talbot County.

DISASTROUS STORM.—For several days past the city papers have been filled with accounts of a terrible storm and freshet in portions of Western Maryland, Virginia and West Virginia. Previous accounts of its disastrous effects are more than confirmed. To say nothing of the large number of lives lost, the full extent of the damage done the property cannot at present be estimated, but certain it is that scores of families have been rendered homeless, while hundreds have seen everything they possessed in the way of household goods swept away by the merciless flood. We have seldom been called upon to record so many disasters from a similar cause. At Harper's Ferry the loss of property and life is heart rending. A despatch from Richmond, Va., says that the loss to business men in that city is computed at $500,000, but the loss to people residing along the banks of the James will materially swell these figures. From Alton, Va., it is stated that the Chesapeake and Ohio Railroad was damaged to the amount of $100,000, eight or ten bridges were destroyed, and about a mile of track washed away. The number of lives lost in Albermarle county, Va., was eurteen.

Manhood: HOW LOST, HOW RESTORED.

Just published a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the radical care, (without medicine,) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc., also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cent easy, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, private ly and radically.

This Lecture should be in the hands of every youth and every man in the land.
