bow, noting that all of the other 23 Maryland counties are reimbursed by the state for almost 100 per cent of their school bussing expenses, asked why Baltimore City seemed to be "neglected" in this respect.

"The state superintendent of schools is now planning to apply for between $3 million and $4 million in state aid for city school bussing," Dr. Sheldon replied.

"But certain state officials want to limit the use of the money to providing transportation for each child only to the school nearest his home. We can't accept that."

The scrool official also noted that if the transit company persists in raising the fare, the school system might consider it necessary to purchase its own bus fleet with the money.

Thursday City Solicitor George L. Russell Jr. added his opposition to the student fare increase at the hearing, taking much the same tack as Dr. Sheldon.

Mr. Russell said that the increase would "penalize" inner-city students seeking an education.

Under questioning from Legal Aid Attorney David Packard, representing one of the three community groups opposing the fare hike, and People's Counsel Peter Parker, Dr. Sheldon noted that according to guidelines set down by the State Department of Education, all children living outside this one-mile limit are eligible for free transportation.

There are about 41,500 such children in the city, he added, and more than 300 buses would be required to transport them.

Asked whether the $3-4 million allottment would be sufficient for this purpose, Dr. Sheldon stated that it would not.

The original request made to state officials was almost $8.9 million, but this was "pared down" to the present figure before presentation to the Legislature, he added.

School board gives tenure to 19 teachers

At the last meeting of the city board of education, school personnel working on a probationary basis were given tenure.

Elementary school teachers elected to tenure were Reginald G. Bowley, Mrs. Ruth A. Harden, Mrs. Jacqueline D. Conaway, Edward W. Horsey, Mrs. Abigail D. Glenchich.

Mrs. Ann L. Jubb, Mrs. Adelle Glover, Theodore J. Russell, Marion L. Goodrich, Frederick J. Stewart, Mrs. Theola C. White, Mrs. Bessie F. Hythe, and Mrs. Patricia S. Bumbaugh.

Other given tenure were Mrs. Barbar Atkins, elementary teacher assigned to special curriculum; Mrs. Dorothy L. Ashley, elementary music teacher; Mrs. Carole E. Johnson, who teaches physical education in elementary schools; Mrs. Bernice Hite and Mrs. Sharon L. Phillips, both secondary teachers in special curriculum; and Gordon Schmitz, industrial arts teacher on the secondary level.

CITY OFFICIALS broke ground for the new Police Headquarters Building Monday morning at Harrison and Fayette Sts. At left Comptroller Hyman Pressman, Mayor Thomas J. D'Alesandro III and Police Commissioner Donald D. Pomerleau toss the first ground to make way for the new building. Also making way for the police building will be one of the blocks (shown at right) of "The Block", the burlesque bars on E. Baltimore St.

'The Block' will get new look— 11 million $ police headquarters

The new $11 millions plus police headquarters building will be ten stories high and provide about five times the space now available in the present site on Fallsway which was built in 1926.

The new law enforcement headquarters will rise in one block of Baltimore's infamous area known as "The Block." It is located on Baltimore St. between Market Place and Frederick St.

Minutes after the groundbreaking ceremony on Tuesday demolition crews went to work.

According to police Commissioner Donald D. Pomerleau, "There is no question in our minds that a modern structure, designed to permit the implementations of technological developments will enable us to cope with the problems of today."

In addition, he said. "This can best be accomplished through a modern police headquarters building that provides ample administrative and support units of the department."

The present five-story Fallsway headquarters will be demolished to make way for the southern leg of the Jones Falls Expressway, which is just across the street from from the new site.

Commissioner Pomerleau, said, "Completion of the new structure should be sometime about the beginning of April 1971.

Among others who braved the mid-morning sub-freezing temperatures to participate in the groundbreaking ceremony were:

Baltimore's Mayor Thomas D'Alesandro, Chief Judge Dulaney Foster, C. Pierce Linaweaver, director of the Department of Public Works, Comptroller Hyman Pressman; City Solicitor George L. Russell, Jr., and the Rev. Halsey Cook, minister of the Old St. Paul Episcopal Church.

Also seen in the crowd: Commissioner Pomerleau's aide, Major William (Boxy) Harris, Delegate Troy Brailey, and Mrs. Sarah Bundy, Cherry Hill leader.

Also Major Clarence Roy, Captain Dennis Mello, and Mrs. Carolyn Robinson, all of the Baltimore Police Department.

program director Irv Conway replied:

"We have no faith in the MTA, we feel it's partial to the bus company. You can see for yourself how easily influenced they are by 'Judge' Sherbow (chief counsel for the company at the MTA hearing)."

Mr. Conway, who was one of a three-man CIG delegation that presented the demand for the lower fare to the governor Tuesday morning, termed the chief executive "unconcerned" after the matter.

"There's no chance he'll use his political power on behalf of the black community if it means bucking a big corporation like the bus company," he added.

Plans for the boycott include the use of private cars owned by members of the co-operating organizations. About 200 persons have promised that they will stop at bus stops on their way to and from work, and pick up passengers waiting there.

An additional 75 persons, according to Mr. Conway, will service the major bus routes continually through all or most of the day, especially during the morning and afternoon rush hours.

Their cars will be identified by stickers saying "I AM SUPPORTING THE CIG BUS BOYCOTT," which will be placed on the front fenders.

The drivers are prevented by law from charging a fare, another CIG member noted, but he added that he hoped passengers would voluntarily give the drivers five or ten cents to help pay for gas.

The major inner-city bus routs to be serviced by the fleet of private cars includes the 21, 7, 5, 19, 13, 1, 23, 15, and 8 lines.

Each of the co-operating groups will be responsible for servicing the bus routes in their own section of the city, Mr. Conway added.

CIG member Melvin Costello, also a member of the three-man delegation that met with Gov. Mandel, told the AFRO that chances for the boycott's success are expected to increase gradually as the riding public becomes more widely informed of its purpose.

Further information, he said, would be available at the CIG office at 2031 Pennsylvania Ave., or by calling 523-2553. Donations to help support the boycott will also be appreciated, he added.
