Civil Service initiates new apprentice program

Beginning March 4, and through April 4, 1969, applications will be accepted by the U.S. Civil Service Interagency Board for apprenticeship jobs at the U.S. Coast Guard Yard, Curtis Bay, Md., in the following trades: Boatbuilder, Machinist, Shipfitter, Welder, and Electronics Mechanic.

This is the only Federal apprentice program in the Baltimore area.

There are no specific experience or training requirements. Although a written test is required, it is an entirely new concept in testing.

This new concept involves a test of learning ability, together with a questionnaire which determines aptitude and interest.

It is a better test in predicting potential to absorb apprenticeship training rather than the traditional achievement tests.

The only other requirements are that the applicant must show interest; be able to follow directions; and be reliable and dependable.

• • •

A four-year apprenticeship at the U.S. Coast Guard Yard is the door which leads to high paying careers in skilled trades.

After completion of training, the apprentice is promoted to a skilled journeyman in his trade.

After a minimum of two years as a journeyman, he may compete for first-level supervisory jobs, which pay ranges from $9,160 to $9,900 per year (with periodic general wage increases); and then on to higher levels of supervisory work.

The apprenticeship training class will begin July 1, 1969. The hourly rates of pay are as follows: first year — $2.39; second year — $2.71; third year — $3.03; and fourth year — $3.35. These hourly rates are adjusted periodically by general wage increase.

• • •

Applications are to be mailed to the Interagency Board of U.S. Civil Service Examiners for the State of Maryland, Federal Office Building, Lombard Street and Hopkins Place, Baltimore, Maryland 21201.

No applications will be accepted if postmarked later than April 4, 1969.

Copies of the announcements and application forms may be obtained from this Interagency Board (or call 962-3822), or from most post offices where announcements are posted.

Emergency blood donors are needed

The Baltimore Regional Red Cross today issued an appeal for donors who can serve on-call to give blood through the local chapter's PULSE (Public Unit for Life Saving Emergencies) Program.

Donors of all blood groups are needed to sustain the program which began here in 1964. Since that time voluntary donations have helped to save the lives of 3,710 people who have neded 17,737 units of blood. In addition 43 hemophiliacs have received 4,852 units of fresh frozen plasma through PULSE. Some 33 hospitals in Baltimore City and the counties of Anne Arundel, Baltimore, Carroll and Howard use this lifesaving service.

The PULSE Program establishes a reserve of blood available to hospitals on a 24-hour basis from the Red Cross blood bank.

Men and women willing to give blood sign a pledge card and then are called ahead of emergencies according to blood type and group.

The Red Cross blood center, 100 E. 23rd St., remains open every Tuesday and Thursday from 6:00 to 8:15 p.m. for PULSE donations.

Currently some 1,800 persons are enrolled and the Baltimore Regional Red Cross hopes to recruit 1,000 additional volunteers.

To donate blood call the Red Cross at 467-9905.

SALARY HIKE

Edward S. Starkloff, President of The Maryland Classified Employees Association, announced today that Service Workers within the Housekeeping Department throughout the Health Department Hospitals in the State of Maryland will be upgraded to the classification of Housekeeper.

Those affected by the reclassification will have a salary increase of at least 6 per cent.

Try this luncheon sandwich...

egg romanoff

2 cups dairy sour cream
1 envelope onion soup mix
2 tbsps. finely chopped parsley
1 hard-cooked egg, finely chopped
12 slices Blue Ribbon Bread
6 hard-cooked eggs, sliced & chilled
2 to 3 medium tomatoes, peeled & sliced
1 unpeeled cucumber, thinly sliced

Mix together sour cream, onion soup mix, parsley and chopped egg; cover and refrigerate at least 1 hour to develop flavors. Spread generously over all bread slices. (Be sure to use Blue Ribbon, for fresher flavor!) Arrange bread on serving plate; overlap egg slices and cucumber slices on half of bread; arrange tomato slices on remaining bread. Pass any remaining sauce. (6 servings)

for freshness' sake go **Schmidt's Blue Ribbon Bread**

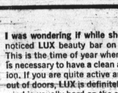
Hints For Homemakers

INEZ KAISER

The teen-age girls in a group that I work with decided to have an informal gathering on Valentine's Day. They discussed the idea, as girls do, and arrived at playing games and serving sandwiches with a hot beverage.

"Mrs. Kaiser, what is that Sof-Spread you write about in your 'Hints for Homemakers' column?" the refreshment chairman asked. I knew she was talking about IMPERIAL. I have a booklet that will give you numerous ways of making delicious sandwiches using this spread, I replied. The girls made a variety of sandwiches using IMPERIAL. They used the Sof-Spread which is so nice for spreading on bread. It comes in a handy plastic tub, and one of the girls pointed out the tub could be used over and over again. She knew because her mother is a regular user.

On Valentine's Day, the group had loads of fun—Using Sof-Spread IMPERIAL—in fact, they all went home and told their mothers about it. Another hint for homemakers and teen-agers—it comes in the regular sticks as well as Sof-Spread form. Next time you shop, take your choice.



February is the perfect month to serve pancakes and waffles—and plenty of them to give your family a good start for the day. To make breakfast even more appealing—serve them with MRS. BUTTERWORTH'S syrup.

My son looks forward to coming home weekends just to eat his favorite breakfast—pancakes with the wonderful "mapley tasting" syrup. In fact, it has gotten to be a real habit, with the addition of one or two school chums. However, like any mom, I do not complain. It is my pleasure to have [illegible] ask his friends to join us for pancakes served with MRS. BUTTERWORTH'S. Just observing, you might think you are at a restaurant, but let me assure you it's just Rickey and his schoolmates gathered in the family room for their favorite breakfast again.

MRS. BUTTERWORTH'S is the original syrup which actually contains 2% butter. Would you believe before returning to the campus they used what was left as a sundae topping? Whether you use it with pancakes, waffles or desserts, you'll agree you just cannot beat that flavor!

I was wondering if while shopping recently, you noticed LUX beauty bar on your grocer's shelf? This is the time of year when we want to do what is necessary to have a clean and glowing complexion. If you are quite active and spend lots of time out of doors, LUX is definitely what you need. The wind is usually hard on the skin during winter and spring months, yet you can have as lovely a complexion as ever, just by giving yourself the LUX beauty treatment.

LUX comes in both the bath and beauty bar sizes at a very nominal cost. And, to further enhance the feminine decor of your bathroom, it is available in soft pink or delicate white. Personally, I would not be without LUX, now or ever! All of us want to remain radiant and keep up our appearance for obvious reasons. Whose better half or youngsters don't enjoy boasting about the lovely lady of the house?

So friends, just another bit of useful information—if you are not a regular user of LUX, try it and see if you don't agree that what it has done for others, it also will do for you.

Guess what I got for Valentine's Day—a big box of my favorite chocolates! Know why?

Well, not long ago I began to give my husband's and son's shirts the WISK treatment. My son, a sophomore in college, is very active, and keeping his shirt collars and cuffs clean could be a chore if I did not know how to go about it. However, I learned some time ago to use "concentrated" WISK and eliminate these problems. It works miracles on heavily soiled areas—especially those trouser knees and seats.

My husband cares for the lawn and helps with various home chores and I have found that keeping his work clothes clean is an easy task when I let WISK do the work. This wonderful liquid detergent has taken over what I at one time considered a most difficult task. I used to think shirt collars couldn't be cleaned, but thanks to Lever Brothers, this is not at all true. So thankful were the men in my house that I was not forgotten on Valentine's Day. I didn't really need the candy, but it was fun receiving it!
