Robin cited by TJD

On Monday at 11:30 a.m. Baltimore's most popular disc jockey Rockin' Robin (Frederick Robinson) received a citation from Mayor D'Alesandro for his part in the city-wide teenage talent hunt which was conducted last year.

"In receiving the citation" Robin said: "I'm very pleased to have been chosen for this citation.

"I'm even more pleased that the Mayor felt it important enough to take time out in his business schedule to present it to me personally."

Robin has long been active in socially oriented programs for the youth of Baltimore, not the least of which has been proving to the-powers-that-be that kids can be entertained at the Civic Center without destroying the city.

Because of him the Rock 'n' Roll ban was lifted from BCC last year.

Ward to initiate decorator courses

Montgomery Ward announced it will offer professional home decorating courses for the benefit of its customers and homemakers through three stores in the Baltimore area.

In announcing Ward's entry into this major area of consumer education, Jack Adelson, Ward's manager of the Baltimore metropolitan district, said, "Based upon 10 years of good taste in fashions, we know that customers are eager for help in making their home environments more attractive and interesting. For this reason we are taking the lead in developing a series of audio-visual courses that will be taught by professional instructors in the three stores in our area, beginning Saturday, April 12."

"The Art of Interior Decorating" course is being introduced in stores in Baltimore, Chicago, Los Angeles, San Diego, Oakland, Kansas City, Dallas, Fort Worth, Houston, Minneapolis-St. Paul, Denver and Detroit.

The course consists of eight one and one-half hour sessions. Wards is using its national resources to offer homemakers 12 hours of instruction and counseling for a price of $15.00.

Students who enroll will be taught the elements of design, furniture styles, room arrangements, color and how to use it, fabrics, window treatments, floor coverings, lighting and accessories.

"Many people have the mistaken idea that decorating means throwing everything out and starting over," it Dr. Farrar, Ward's national home furnishings fashion coordinator, said. "This isn't so. We are offering homemakers the kind of expert knowledge that will enable them to brighten and enhance a home or apartment by making meaningful additions and Changes to present settings."

A slide film — one of three shown during the course — is used in the fifth lesson to emphasize the importance of window fashions. A problem-solving discuss lighting and ventilation and how to make windows attractive.

Floor coverings get special attention during class six. Students learn to turn floor areas into high-fashion areas by using coverings that blend with the remainder of the room's makeup.

They learn to add the finishing touches to their rooms at the seventh lession by discussing which accents and accessories fit a room setting and why. The importance of using the right light fixtures in the right place is explained.

The final session is devoted to a summation of all that has been taught.

Experienced instructors, knowledgeable in the art of interior decorating, have been employed by Wards for this new venture into a low-cost consumer education venture. Graduates of the eight-week series will be eligible for enrollment in Ward's Home Fashions Forum, advanced courses that are being planned for later in the year.

Each enrollee will receive a home furnishings manual, a project folder, floor plans, full-color room scenes, style charts, furniture templates, a color wheel, a chart for measuring draperies and carpet, fabric and flooring samples and additional instructional materials.

The various departments of stores where courses are taught will serve as laboratories. For example, in a home furnishings department, they will study examples of styles about which they have been studying.

Now Possible To Shrink Painful Hemorrhoids
And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N. Y. (Special): A scientific research institute has discovered a medication which has the ability in most cases — to actually shrink hemorrhoids. In case after case, the sufferer first notices prompt relief from the itching, burning and pain. Then this medication starts right in to gently reduce the swelling of inflamed, irritated hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was all accomplished without narcotics or stinging astringents of any kind.

The secret is *Preparation H* — an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In addition to actually shrinking piles and relieving the painful distress — Preparation H lubricates, makes bowel movements less painful and soothes the irritated tissues. It also helps prevent further infection.

Preparation H comes in ointment or suppository form. No prescription is needed.

ON THE EASTSIDE

Fashionable Mrs. Spicer named 'good neighbor'

By CHARLOTTE W. MASON

Our Good Neighbor of the Week is fashionable Mrs. Inez Spicer, the wife of Gaither Spicer, an employee of the Baltimore Gas and Electric Company.

Mrs. Spicer is a native of Charlotte, N.C. but has lived in Baltimore, on our eastside, for over 24 years. The family now resides in a lovely home on N. Bond Street.

She has been blessed with four charming daughters: Mrs. Dorothy Bagley, a community worker; Mrs. Ethel Williams, a teacher of Early Admissions; Mrs. Sara Hawkins, a nurse at South Baltimore General Hospital and Mrs. Beatrice Reid, a nurse.

Also included are her grandchildren: Mrs. Maxine Gilliam, Ronald Reid, David Michael Williams Jr., Timothy Williams, Kennard Hawkins and Jonathan Hawkins.

Our Good Neighbor attended school in North Carolina and Dunbar High School in our town. She is a graduate of a dressmaking course.

Mrs. Spicer attends Fountain Baptist Church, the Rev. Dennis Barrow pastor. Among her activities are membership in the Church-wide Sick committee, Gospel Chorus, secretary of Missionary Society, and vice president of the Pastor's Aid.

Our Neighbor is widely known as a civic worker. She is president of the Adjacent Neighborhood Association, a member of the Housing committee of Model Cities.

Other organizations include: Civic Democratic Club, Monumental Housing Corporation, United Baptist Missionary Convention, board member Eastside Committee; and she is presently working with the Spring Renewal membership campaign of the NAACP.

Her hobbies include: reading, traveling, keeping house, watching TV and horses. Also included are baseball games and working with neighborhood children.

She is now making plans along with other members of the Adjacent club members to map out a summer recreation program for the children (more about this later). Neighbors, she likes to eat a meal of stewed chicken, turnip sprouts, cornbread and butter.

For dessert she eats pints (at a time) of vanilla ice cream). Her favorite hymn is "I Surrender All" and she likes to recite the verse "In Thee Oh Lord Do I Put My Trust". Neighbors remember her birthday is April 26th and her wedding anniversary is August 10th.
