Reservoir renewal meeting set

Several proposals for urban renewal will be presented to the residents and commercial interests of the Reservoir Hill Urban Renewal Area in a community meeting to be held by the Department of Housing and Community Development.

The meeting will be at 7:30 p.m., Wednesday in the auditorium of the John Eager Howard Recreational Center of School 66, 2100 Brookfield Ave.

The proposals cover housing, and recreation, and specific emphasis on the Waltelock Street commercial area. The ideas contained in the proposals have been based on suggestions from the community obtained in several meetings already held in Reservoir Hill.

This process will continue in the mass meeting Wednesday and in smaller, follow-up block meetings to be held shortly, all for the purpose of receiving community comment and suggestions.

A final plan will then be drawn up and presented for community approval.

The Reservoir Hill Urban Renewal Area is bounded on the north by Druid Lake Drive, on the south by North Avenue and Lenox Street, on the east by Mt. Royal Terrace, and on the west by the alley between Madison and McCulloh Streets.

Dr. Lucius Leeper wins Social Security promotion

DR. LUCIUS W. LEEPER, new deputy medical director at Social Security.

The Social Security Administration announced today the appointment of Dr. Lucius W. Leeper as deputy medical director of its employee health service.

Dr. Leeper previously served for five years as a medical officer with the health service, which is responsible for the physical welfare of the agency's 50,000 employees throughout the country.

A native Baltimorean, Dr. Leeper attended Stanford University and graduated from Morgan State College in 1945. Three years later he received his M.D. degree from Howard University.

After serving three years in the U.S. Air Force, he began a private medical practice in Baltimore. His father, E. M. Leeper, also resides in Baltimore.

Dr. Leeper's community activities include membership in the Prince Hall Masons, the Shriners, the Council of Federal Medical Directors, and the Board of Directors of the TB and Cancer Research Foundation, which awards research grants. He pursues his hobby of trap shooting at the Falcon Rod and Gun Club.

The first black doctor to be admitted for practice at Lutheran Hospital, Dr. Leeper distinguished himself at Social Security by developing a system for storing and obtaining medical records which utilizes the latest in electronic data processing equipment.

* * *

By using the new system, medical authorities at Social Security Headquarters are now able to predict approximately how many employees will be sick during a given period.

Such predictions are made by reviewing recent employee medical data to identify trends and to determine how widespread a particular illness, such as the flu, has become.

Social Security's employee medical data system is believed to be the first of its type to be developed by a Federal agency.

Girl Scout field service director is announced

Mrs. James G. Gayhardt of Baltimore has been named Field Services Director of the Girl Scouts of Central Maryland.

In her new position, Mrs. Gayhardt will administer that department responsible for organizing and maintaining troops throughout the Central Maryland jurisdiction which included Baltimore City and Anne Arundel, Baltimore, Carroll, Frederick, Harford, and Howard Counties.

Her staff includes a field supervisor, 15 field directors, and a training director.

Through them, Mrs. Gayhardt will be responsible for the coordination and training of the thousands of volunteer field workers who help bring Girl Scouting to today's youth. She will also supervise the annual Cookie Sales and the management of four field stations.
