INDIVIDUALS REQUIRING
THE BEST INCORRUPTIBLE

WOULD DO WELL to call on Dr. WILCOCK, No. 39 FAYETTE STREET, near the Post Office, and examine his ingenious, unparalleled, and successful manner of inserting ARTIFICIAL TEETH, which is acknowledged by all who have tested the work as surpassing every thing of the kind they have ever seen. He has in process of manufacture many thousands of improved Mineral Incorruptible Teeth and can confidently assert that they are superior to any made in this city, whether for strength, durability, or their extremely natural appearance. These Teeth FOREVER retain their color and purity in the mouth, are fixed without pain or the injurious effects of wires or ligatures, thereby greatly improving mastication, utterance, and the general health. Be it also remembered, that Dr. W. proportions his charges to the circumstances of his patients, and when the excellence of his mechanism is taken into consideration, it will be seen that the public study their own interests when employing him in his professional capacity. The Plugging of decayed teeth, when PURE GOLD is used, will insure to the patient their preservation to the latest period of human existence. The various operations pertaining to dentistry will meet with the proper treatment each case may require.

1. Artificial Teeth out of repair, restored equal in durability to their former state at a very trifling charge.
2. By the skilful use of very improved instruments, assurance is given of the instantaneous and safe removal of any tooth or fang (however decayed) without injuring the jaw or leaving behind any portion of the roots.
3. In all cases where gold is required, none other than 20 carrat is ever used. Bear this in mind, as CHEAP WORK is often thrown out as a bait, and inferior materials used; sometimes even SILVER is recommended, a metal totally unfit for permanent use in the mouth.
4. Platina or Gold Plates fixed in the mouth, so as to completely restore defective utterance.
5. Those individuals who cannot afford to pay the fee of 50 cents for extraction, can have this important operation performed any morning WITHOUT CHARGE, by calling between the hours of 8 and 9 A. M.

Individuals requiring the assistance of a Dentist, may avail themselves of Dr. W's services at any hour of the day throughout the year, to suit their own convenience.

☞ Residence No. 19 Fayette street, near the Post Office, and opposite the First Presbyterian Church.

C. T. HINCKLEY, having established himself in the above business at the CLIPPER OFFICE, No. 7 N. GAY STREET, respectfully offers his services to the public, for the execution of any orders with which he may be favored.

☞ All commands performed with neatness and celerity. He invites those who may wish to be assured of his ability, to call as above and examine specimens. au3-tf

WEBB'S PATENT BURNERS,
AND CAMPHINE OIL.

FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained Those who are *sceptical* as to its *safety* or *economy*, would, I trust be perfectly satisfied by examining the opinion of Professor LOCK, of Ohio, on "WEBB'S CAMPHINE," or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All those desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphine consumed, as they register correctly and in plain English.

☞ ASTRAL LAMPS ALTERED.

N. B. We have appointed JOSHUA ATKINSON Agent, No. 92 Market street, F. P., where all orders will meet with immediate attention.
P. AUGUSTUS BAILEY, Agent
For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,
mh 0-tf Fifth Ward Hotel.
