Channel 11 carrying Apollo lunar events

Continuous round-the-clock television programing can be seen on WBAL-TV today (Friday) as TV 11 broadcasts live color coverage of the Apollo XIV lunar landing mission and two full-length film classics featuring stars Joseph Cotten, Bob Hope and Jan Russell.

The tense drama of the lunar landing mission which begins as the lunar module undocks from the command module and descends to the moon surface, will be seen 3:30-4:30 a.m.

At 1:05-2:50 a.m. prior to the coverage of the Apollo mission TV 11 will air the movie version of the famed Jules Verne science fiction classic" "From the Earth to the Moon," with stars Joseph Cotten and George Sanders.

Following the film, WBAL-TV will televise from 2:50-3:30 a.m. a "Hazel" episode starring Shirley Booth and several short NASA films on the U.S space program.

Immediately after the lunar landing is complete, WBAL-TV will televise the Bob Hope film classic "Paleface" with co-star Jane Russell. Hope portrays a hapless dentist who is forced to help Calamity Jane track down a band of vicious gun smugglers. The feature will begin at 4:30 a.m., and will be followed at 6 a.m. by a "Lucy" feature.

Later that day at 8:45 a.m. to 2 p.m., WBAL-TV will carry live color coverage of the astronauts' lunar walk.

Golf tourney Sunday on WBAL-TV

The final rounds in the sixth Hawaiian Open Invitational from Honolulu's Waialae Country Club will be seen on WBAL-TV Sunday, February 7, at 5-7 p.m. on TV 11.

In a live color telecast, pro golfers will compete for the $40,000 first prize. The Hawaiian Invitational is one of the six richest among more than 60 PGA tournaments this year. Total prize money awarded amounts to $200,000.

Cameras will be positioned at the closing holes of the par-72, 7,122-yard course, which is made difficult to play becuase of the high-speed trade winds that blow in from the Pacific, and the large number of palm trees crowding the fairways.

In case of a tie, a sudden death play-off will be held to determine the winner.
