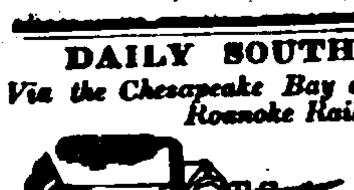
DAILY SOUTHERN MAIL,

Via the Chesapeake Bay and Portsmouth and Roanoke Rail Road,



THE BALTIMORE STEAM-PACKET CO. announce to the public that the boats of their line consisting of the ALABAMA, Captain Sutton; GEORGIA, Captain Coffey; and JEWESS, Captain Holmes, having undergone a thorough overhaul during the past winter, are now in complete order; therefore the daily line to the South via NORFOLK and PORTSMOUTH will be resumed on Monday the 15th of March, and run in accordance with the following schedule until changed by the Post Office Department.

Leaving Baltimore daily	at 4 o'clock,	P. M.	
Arrive at Portsmouth,	at 7	"	A. M.
Leaving Portsmouth,	at 8	"	A. M.
Arrive at Weldon,	at 4	"	P. M.

Wait there until 1 o'clock, A. M. for the Petersburg train.

Leave Weldon at 1 o'clock, A. M.

Arrive at Wilmington at 1 o'clock, P. M.

Leave Wilmington immediately and arrive in Charleston next morning to breakfast.

It will be seen by the above schedule that in order to render the connexion certain, it is only necessary for the Cars of the Portsmouth and Roanoke Rail Road to arrive at Weldon prior to 1 o'clock, A. M. whereas they uniformly arrive before dark—if therefore a detention should take place at any point between Baltimore and Weldon, not occupying more than NINE HOURS, the traveller can by no possibility lay over at any point north of Wilmington. RETURNING, one of the above boats will leave Norfolk every night at 10 o'clock, and cross over to Portsmouth where she will wait the arrival of the Cars from Weldon, and depart for Baltimore as soon as the passengers and baggage are on board, arriving here in about 14 hours after departue from Portsmouth. The passengers having enjoyed all the comforts of a good nights rest, and partaken of as good fare as could be provided in the very best Hotel in the Country.

Travellers bound to Richmond or Petersburg by leaving Baltimore on Monday, Wednesday or Friday, sleep on board the bay boat, are transferred to the James River boat next morning, and arrive at their place of destination the same day by 3 or 4 o'clock, P. M.

WEBB'S PATENT BURNERS, AND CAMPHINE OIL.

FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained. Those who are *sceptical* as to its *safety* or *economy*, would, I trust be perfectly satisfied by examining the opinion of Professor Lock, of Ohio, on "Webb's Camphine," or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All these desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphine consumed, as they register correctly and in plain English.

☞ASTRAL LAMPS ALTERED.

N. B. We have appointed Joshua Atkinson Agent, No. 22 Market street, F. P., where all orders will meet with immediate attention.

P. AUGUSTUS BAILEY, Agent
For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

Dear Sir—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,
Fifth Ward Hotel.
