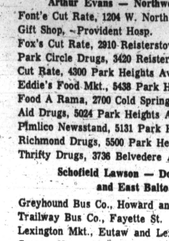
Civic Interest Group to pilot urban renewal

By WALTER W. E. HILL SR.

The Mt. Winans Civic Interest Group, Inc. which has been left out of the many articles written in the past, concerning the deplorable conditions which exist in the area has now won approval (MD R-48).



CHARLES L. BROWN, Jr. Mr. Brown is a special agent for Prudential Insurance Co. in the Chesapeake Bay region. He attended the company's business conference in Miami Beach, Fla. recently.

"Approval and execution requested of an agreement between the mayor and City Council of Baltimore, acting through the Department of Housing and Community Development, and the Mt. Winans Civic Interest Group, Inc.

The agreement provides for funding the Mt. Winans Civic Interest Group, Inc. to serve as the Project Area Committee (PAC) in the Mt. Winans Urban Renewal Project.

* * *

HUD requires that there be a Project Area Committee for each urban renewal project and has reviewed and approved the agreement and he Winans Civic Interest Group membership as the PAC in the Mt. Winans project.

The board reviewed and approved the application for the Mt. Winans Urban Renewal Project on November 5, 1969.

Federal approval of the project was received on September 8, 1970.

As an eligible project cost, Federal funds will provide ¾ of the cost, which is $1,368 for the one-year contract period; funds are available in the budget of HUD for the city's share.

The agreement has been approved by the Law Department as to form and legal sufficiency.

Because of the above transaction, it has opened a part-time position for secretary. Only interested persons in the immediate area need apply.

A mobile office will be set up in the area on Ridgeway Street within the next few weeks.

Planning and designing of the homes was also passed at a meeting held last week in which the Mt. Winans Civic Interest Group was represented by Mrs. Sadie Blocker, vice president; Mrs. Elizabeth Parker and Walter W. E. Hill, Sr.

Mr. Hill expects to have a project representative at the next regular meeting with some of the drawings and details.

There will be 30 homes for sale and plans for beginning the work are underway. It is hoped that our forgotten village will soon don a new look. This project which aims to bring the neighborhood up to the standards of the city in all its aspects, has been the dream of the CONCERNED members of the Mt. Winans C. I. G. who have struggled with us for the pas six years.

It is indeed gratifying to know that standing firm and true pays off.

Bethune gridder nixes $125G to play baseball

DAYTONA BEACH, Fla., —Described as "one of the best running backs in Bethune-Cookman College football history," Alfred Haywood has rejected professional football contracts totaling more than $125,000 for a chance to play professional baseball.

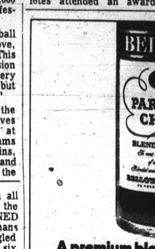
Haywood said "baseball was always my first love, even in high school. This was a very hard decision because football is very much a part of me, but baseball is in my heart."

Immediately after the draft, the representatives started coming in from at least nine football teams with The Miami Dolphins, New Orleans Saints and Dallas Cowboys making the biggest offers.

Haywood credits Donn Clendenon of the New York Mets baseball team, with helping him to make up his mind. The two athletes attended an awards banquet together in Atlanta, where they received individual plaques for outstanding performances.

Clendenon advised Haywood to "forget what people urge you to do and make up your own mind but be sure it is what you feel in your heart."

Clendenon had to decide between the two sports when he graduated from Morehouse College during the early fifties.



A premium blend priced around $5 a fifth.
That's beautiful.
