BALTIMORE CLIPPER.

THE ROBBERY OF THE FREDERICK COUNTY BANK. The Frederick Examiner of yesterday contains the following particulars in relation to this extensive and extraordinary robbery:

"The Bank was entered, it is thought, on Saturday night last. A key was found in the creek, near the City Mill, on Sunday morning. A dark lantern of rude construction was also found. The key was filed off and filled up till it was made to fit the lock of the exterior door of the bank quite as well as the key which belonged to it. The lamp does not seem as if it had been the production of a workman, and looks as if it had been in service before. We understand that two men were seen taking a box to the corner of the bank and seating themselves upon it for the purpose, doubtless, of keeping watch while the robbers were progressing with their work. A spar, with the strap broken, was found in the vault.

"The progress of the robbers was obstructed by seven locks, some of them of the most complex construction. The street door must have been entered some time since, and the villains have been at work, doubtless, in discovering the secret springs of the three locks in the outer door of the vault, and in taking impressions for the purpose of making suitable keys.

"All the contents of the iron chest, in the vault, were taken without any discrimination—including some of the issues of the Frederick corporation, notes that were laid aside as unfit for use in consequence of being worn out, &c. Of the silver, none of which was in the chest, they took but ten dollars.

"This is one of the boldest and largest robberies that we have ever heard of, and the excitement and commotion which it has caused in our quiet town is such as we have never seen here before.

"Persons and handbills have been despatched in various directions for the purpose of effecting the apprehension of the robbers.

"Many persons suspect, and there are circumstances which justify the suspicion, that the robbers have gone to the South West. It would be well that the police in that and in all directions should keep a careful look out.

"The doors of the bank were immediately closed upon the detection of the robbery. The capital paid in was $175,000, and the amount of funds of every description taken is a few thousand dollars more than the capital paid in."

TO THE PUBLIC.

To afford all the information in my power, in reference to the robbery committed on the Frederick county Bank, I have thought it proper to submit the following statement on oath, as to the manner in which I have kept the keys to the bank. HENRY DOYLE, Cashier.

I have been engaged in the Frederick County Bank as Teller and Cashier ever since its establishment, which was in the year 1818. I have always had charge of the keys of the Banking room, and the vaults of the Bank, since I have become Cashier, which was in 1833. It has been my invariable custom to conceal in private places in the Bank and vaults, all the keys except my key to the outer door of the house and two of the keys of the door of the outer vault, which commands the entrance to the vault, in which all the funds and valuable books, papers and deposits are kept, and on which outer vault door the greatest reliance for security is placed. These two keys to the outer vault I always took home, immediately after closing the Bank at the usual hour in the evening, and locked them up in a small drawer in the family sitting room of my residence. The key of that drawer I kept myself, and the room was always carefully secured at night. The key to the outer door of the Banking House, I at all times, kept about me in my pocket. On last Saturday evening after closing the Bank, the keys were disposed of by me as usual. On Monday morning I unlocked the drawer in which I had deposited the keys, and found them where, and as I had put them. I went up to the Bank according to custom, and when I entered everything, to outward appearance was as I left it, on closing the previous Saturday: the keys in the Bank were where I had put them and I was not made sensible that a robbery had been committed until I opened the iron chest in the inner vault, and found that its whole contents were gone. I would also mention that the Bookkeeper and the porter to the Bank, each keep a key to the outer or front door of the Banking House, as well as myself. I will further add that I have never missed out of my own possession, or from the places in which I have deposited them, any of the keys of the Bank under my charge. HENRY DOYLE, Cashier.

On this 25th day of May, 1841, Henry Doyle, the cashier of the Frederick County Bank, appeared before the subscriber, one of the Associate Judges of the Fifth Judicial District of the State of Maryland, and made oath on the Holy Evangels of Almighty God that the aforegoing statement is true. AB'M SHRIVER.

FROM HAVANA. A letter says:—I have seen letters from Havana to the 8th. They notice the arrival of four thousand troops from Spain, sent for the purpose of protecting the island from the movements of the abolitionists. They are doubtless intended as a safeguard against the rumored invasion of British troops, and black bands from Jamaica.

The Prince of Anglona, late Governor, has left the island. Gov. Valdez takes his place.

CAUTION TO MOTHERS. A little girl living at No. 20 Chambers street, New York, was thrown into severe convulsions, produced by fright, on being shut up in a dark room as punishment.—Doubts were entertained for some time of her recovery.

FANNY WRIGHT. This lady has arrived at New York from London, but whether on a special political mission, or for religious purposes we have not ascertained.

☞Green, the mate of the Mogul, has been held to bail in $3000, which he had given.—Capt. Snow had not yet been taken.

CITY MORTALITY. There were 122 interments in New York last week. In Philadelphia there were 111.

We are gratified in being able to state that the Hon. Caleb Cushing, has recovered from his late severe indisposition.

VALUABLE BUILDING LOTS,
On Fleet and Washington-sts., Fell's Point.

IN PURSUANCE of a decree of Baltimore county Court, sitting as a Court of Equity, and by virtue of a special order of said Court, the subscriber, as trustee, will offer at public sale, on the premises hereinafter described, and to the highest bidder, on WEDNESDAY the second day of June, if fair, if not the next fair day thereafter, at the hour of half past four o'clock, P. M., the following described Lot or parcel of Ground, situated on Fell's Point, in the City of Baltimore.

Beginning for the same at the corner formed by the intersection of the north side of Fleet st. and the east side of Washington street, and running thence northwardly bounding on the east side of Washington st. one hundred and twenty feet, thence eastwardly parallel with Fleet st. eighty four feet, thence southwardly parallel with Washington st. one hundred and twenty feet to Fleet st., and thence westwardly bounding on the north side of Fleet st. eighty four feet to the place of beginning: it being the same property which by deed bearing date the seventeenth day of July in the year of our Lord eighteen hundred and twenty-eight, and duly recorded among the land records of Baltimore County Court, in Liber W. G. No. 194, folio 152, &c. was conveyed by John Glenn, trustee, to the late John Lee. To meet the views of small purchasers who may be disposed to buy, it is proposed to divide the property into, say six 14 feet lots on Fleet-st., with a depth of say 60 feet to an alley, and four lots on Washington street of about fourteen feet each, with a depth of eighty four feet. The property is remarkably well located for improvement, being near several of the large ship yards, and the spacious wharf lately completed by the Canton Company. As the parties interested are anxious to sell, bargains may be expected. A plan of the property as proposed to be divided will be exhibited at the sale, and in the mean time may be examined at H. W. Bool's auction room, Baltimore street.

Terms of sale as prescribed by the order of the Court, are, one-third in cash, balance in six and nine months with interest, the cash payments to be secured by approved endorsed notes and bearing interest from the day of sale. ROBT. PURVIANCE, Jr. Trustee. m18 eo2w

TWO CHARMING PERIODICALS. 1st No. of a New Volume of the Ladies' Companion. Opinions of the Press, viz: New World.

The Knickerbocker for this month is out punctually on the first, and it is full to overflowing with good things. That capital story, the Country Doctor—far superior to the majority of the continuations in the English Magazines—goes on more amusingly than before. The number is embellished with a curious and appropriate engraving of "a Dutch Cottage in Beaver street, 1679"

The May number of the Ladies' Companion is embellished with a steel engraving that would do no discredit to Finden's Galleries. It is exceedingly beautiful, and is entitled "The Young Chief's First Ride." Such embellishments alone entitle this various and excellently edited magazine to the bountiful patronage with which it is favored. We notice certain typographical improvements in this number, which are indications of the good taste of the proprietor.

The literary merit of the Ladies' Companion seems to increase rather than diminish—and, with the editorial labors which are now bestowed upon it, it cannot fail to be pronounced highly creditable to the literature of the country.

TERMS—Knickerbocker, $5 per year, or $1.25 quarterly. Ladies' Companion, $3 per year, or 25 cts. each number. Single numbers for sale at

FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained. Those who are *sceptical* as to its *safety* or *economy*, would, I trust be perfectly satisfied by examining the opinion of Professor LOCK, of Ohio, on "WEBB'S CAMPHINE," or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All those desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphine consumed, as they register correctly and in plain English.

P. AUGUSTUS BAILEY, Agent
For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.
Yours respectfully, THOMAS RILBY,

BALTIMORE LOCK DISPENSARY,
No. 17 HARRISON ST.
"NO CURE NO PAY."

DR. HUNTER'S RED DROP. This long established and highly valuable medicine is now no novelty. It has been before the public for a long time, and by its merits alone, has it risen to a degree of estimation not enjoyed by any other medicine, for the certain cure of the Syphillitic disease. Prompt and effectual in action, yet harmless to the constitution, is its well established character, having never failed to give entire satisfaction in all the many thousand cases, where it has been used as directed.—These absolute and undeniable facts speak trumpet-tongued to the afflicted, and are the basis of a well founded hope of the philanthropist, that this unequalled medicine may circulate far and wide for the benefit of the human race.

This medicine gives the prodigal a chance to repent. Thousands have been saved and radically cured, after suffering under the hands of impostors, by this medicine, and who with grateful hearts are ready to attest to its value, and have allowed themselves to be referred to.

Persons residing at any distance, can have medicine sent to them, packed secure from observation.

It was out of pure motives of philanthropy, that this medicine was first made public; the price always to remain $1 per Bottle, to be within the reach of the most unfortunate.

☞Letters addressed, (post paid) describing the case, mode of living, &c. will be promptly attended to. Direct No. 17 Harrison street.

MOFFAT'S LIFE PILLS
AND VEGETABLE BITTERS.

THE perfectly safe, unerring and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants.—Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription; in Fever-and-ague, Inflammation, Fevers of every description, Sick headache, heartburn dizziness in the head, pains in the chest, flatulency, impaired appetite, in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's medical office in New York, 375 Broadway, and for sale by the Agents. JAS. BOOZ, No. 9 Fleet street.

[From Captain PARRISH, who commenced to use them when diseased in August, 1839.]

PHILADELPHIA, June 2, 1840.

☞To DR. DAVIES: Dear Sir—I have had experience in the virtue of your Pills, sufficient to recommend them as a superior cathartic and excellent carminative, and also as a family medicine that every one should be in possession of. CONSUMPTION AND BLEEDING OF THE LUNGS CURED. Mr. Wm. Sheppard, residing in Beaver county, Pa. near the state line, relates as follows: "In the month of May last my wife was taken with Bleeding from the Lungs, coughing, night sweats, hectic fever, &c. She had taken a violent cold; having previously given symptoms of the approach of Consumption, I felt much alarmed and made immediate application to a physician. Under his treatment she became worse, instead of better, until the first of June, when I heard from an intelligent man of DR. SWAYNE'S SYRUP OF WILD CHERRY, and from his earnestness in recommending it I was induced to try one bottle. The effect exceeded my utmost expectations—she felt immediate relief. I then mounted my horse and rode to the office, No. 41 St. Clair street, Pittsburg, where it is kept for sale, and procured six bottles more, which I am happy to say has effected a perfect cure. " Weldon	7 A.M.	"	Charleston on the next morning.	

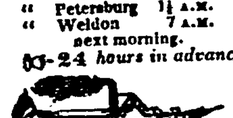
☞24 *hours in advance of any other Line.*



Passengers by this Line not only reach Charleston ONE DAY SOONER than by the Bay boats but they avoid being compelled to remain all night at Weldon, on the Roanoke, one of the most unhealthy places in the whole southern country, where, by the Bay Line, they are often delayed seventeen hours.

Passengers for Richmond and Petersburg will find this Line far the most expeditious, arriving at Richmond to lodge, (as will be seen from the above Schedule,) on the evening of the day on which they leave Baltimore, being from 16 to 18 hours in advance of those taking the Bay Steam Boats.

☞This is much the nearest, quickest, and cheapest route to the interior of Virginia, North and South Carolina—at Petersburg, Va. commences the route by way of Raleigh, N. C.—145 miles of Rail Road from Petersburg to that city. Stage Lines branch off from Raleigh Rail Road to the old Piedmont Line, to Milton Danville, &c., and to Knoxville, (Tenn.)

☞Passengers for the Raleigh and Gaston Rail Road pay through to Petersburg, Va. Fare lower than any other line. For further information and Through Tickets, apply at the office of
