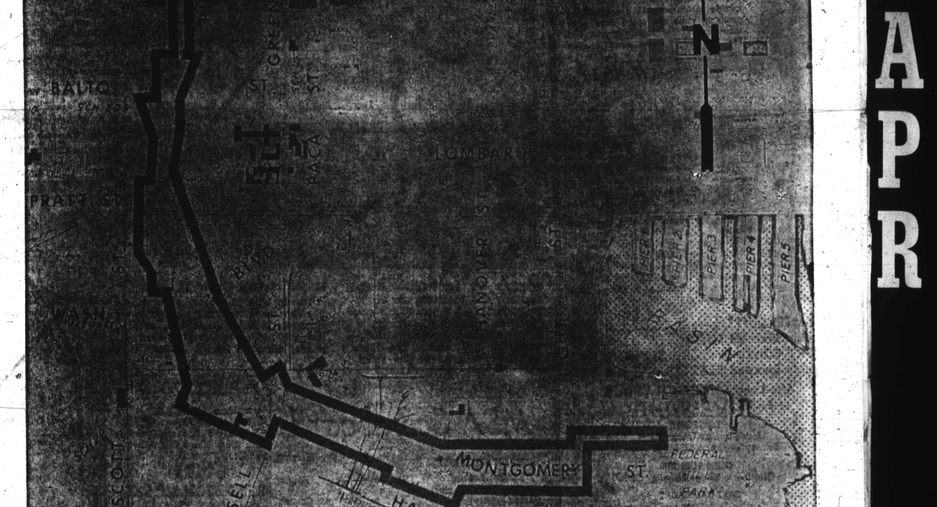
Public Notice

Alternate Routes for the City Boulevard From Battery Avenue to Saratoga Street State Roads Commission of Maryland Interstate Division for Baltimore City Corridor Public Hearing



Notice is hereby given that the State Roads Commission of Maryland in conformance with the policy and Procedure Memorandum 20-8 dated January 14, 1969 of the U.S. Department of Transportation, Federal Highway Administration, will hold a public hearing to afford interested parties an opportunity to present their views relative to the boulevard connecting I-170 and I-395 from Battery Avenue to Saratoga Street. All alternate route locations presently under consideration lie within the outlined corridor on the adjacent map. Please note that the solid black line on the adjacent map does not represent a highway alignment, but is an outline of the area that would be affected by one or more of the alternate routes under consideration.

Detail information on each alternate route location may be viewed at the Interstate Division for Baltimore City, 1001 Cathedral Street. Each alternate route location will be presented and discussed at the public hearing.

The public hearing will be held on Tuesday, April 13, 1971 from 7 P.M. to 11 P.M. at Public School No. 162 Auditorium, 503 West Barre Street, Baltimore, Maryland (approximately two blocks north of the Hamburg Street-Russell Street intersection).

Individuals and representation of organizations wishing to be heard are requested to register their names on the hearing speakers list at the time of the hearing.

Written statements and other exhibits in place of or in addition to oral statements at the hearing will be accepted at the Interstate Division for Baltimore City at 1001 Cathedral Street for a period of at least ten (10) days after the hearing for inclusion in the record.

There will be State and City personnel at School No. 162 from 7 P.M. to 10 P.M., on April 5 and 6, 1971. These personnel will answer individual questions and inquiries relative to the subject project and its effects on properties or facilities in the corridor. Sessions will be informal. Interested persons may stop in at School No. 162 anytime between 7 P.M. and 10 P.M. on the above listed evenings and receive personal attention to their specific questions. It is emphasized that these two evenings (April 5 and 6) are not for public testimony, but rather to allow individuals or representatives of organizations to obtain the necessary information in order that they may contribute meaningful testimony at the public hearing.

Maps, drawings, and other pertinent information regarding the alternate routes and limits will be available for viewing and copying at the Interstate Division for Baltimore City, 1001 Cathedral Street.

Relocation advisory assistance and moving costs reimbursements as provided by Maryland law will be discussed at the hearing. Detail information concerning relocation assistance and service may be obtained from the Department of Housing and Community Development, 727-3400 (Extension 300).

By Order of the State Roads Commission this 8th day of March, 1971.

A. W. SMITH, Secretary

DAVID H. FISHER, Chairman and Director of Highways
