BALTIMORE CLIPPER.

[Reported for the Baltimore Clipper.]

BALTIMORE CITY COURT.

FRIDAY, JUNE 18, 1841.

Present—Judges Brice, Nisbet and Worthington.

State vs. John Sewell, colored, indicted for an assault and battery upon an officer, while serving a writ of replevin for the recovery of a dog. One of the witnesses stated that when he saw the affray the officer and boy had hold of the dog; that the dog escaped from both—that the boy struck the officer and knocked off his hat—"that the officer ran after the hat—the boy ran after the gate—the dog ran after the boy—and the officer ran after the dog." The court declared the traverser not guilty.

State vs. A. Dean, indicted for an assault and battery upon Hetty Jones, a colored woman.—Found guilty, and sentenced to one day's imprisonment, having already been in jail.

In the cases of Samuel Bender, Jefferson Griffith, and George Forsyth, indicted for a riot some time since, the state acknowledged her inability to prove them guilty, and the cases were abandoned.

State vs. James Carey, indicted for felony, in stealing iron to the amount of six dollars, plead not guilty. A jury being sworn, the case proceeded to trial; but as the identity of the articles stolen was not clearly established, the indictment was handed to the jury, who found him not guilty.

State vs. James Tilghman, colored, indicted for stealing a pocket book containing two hundred and thirty-two dollars, the property of W. P. Maulsby, Esq. The case was tried before the court. After the statement of the case to the court, their honors, not conceiving that the evidence was sufficient to convict him, there being no positive proof of his guilt, acquitted him.

State vs. Hezekiah Caldwell, colored, indicted for being the father of an illegitimate child, Margaret Gilliard, also colored, being the mother. The testimony on the part of the state, of the girl and her father, was given very clearly, that of the latter particularly. Some evidence was produced on the part of the defence to shew that the girl was common in her behaviour, but it resulted in proving directly the reverse, and establishing more clearly her previous and subsequent good behaviour. Some points of law were argued by the counsel for the defence, but the court did not consider them as applying to the case, *if at all*, until after the decision of the jury. The case was then given to the jury, who instantly returned a verdict of guilty.

State vs. George Johnson, colored, indicted for an assault and battery with intent to kill, and for a simple assault upon George Watkins, also colored. Before the jury. Various witnesses were summoned on both sides, all of the same color. The jury acquitted the traverser on the first count, but found him guilty on the second. Fined him $20 and costs.

REMEDY FOR A LIGHTNING SHOCK. As this is the season when all are more or less liable to experience a shock from nature's battery, the Buffalo Commercial Advertiser suggests that any person struck down by lightning, no matter if apparently dead, ought to be laid immediately extended on the damp ground; and if it do not rain upon him, water should be thrown on freely which in most cases will conduct off the electric fluid without serious injury. Many a one has lost his life when a knowledge of these facts on the part of friends or bystanders, would have preserved it.

DAVIES' FAMILY PILLS.

[From Captain PARRISH, who commenced to use them when diseased in August, 1839.]

PHILADELPHIA, June 2, 1840.

☞ To Dr. DAVIES: Dear Sir—I have had experience in the virtue of your Pills, sufficient to recommend them as a superior cathartic and excellent carminative, and also as a family medicine that every one should be in possession of. There is no doubt that if persons and families generally were acquainted with their efficacy, they might save many a dollar now paid for doctor's bills. Yours respectfully,

E. PARRISH.

HARPER'S FERRY, August 11, 1840.

Dr. WM. DAVIES: Dear Sir—I am happy to inform you and the public, that I have been cured of that dreadful disease the Rheumatism, by taking your Family Pills. I had been laboring under that disease for more than a year, during which time I tried the skill of our best physicians without effect; at length I was induced to try your medicine—I found relief after taking half a box, I continued to take them until I had taken five boxes; my age is 71 years, and I consider that none but the old and rheumatic persons know how grateful I feel to the medicine that has restored me to health. Yours, respectfully, JOHN DYE.

We, the undersigned, are agents at Harper's Ferry for the sale of Dr. Davies' Family Pills, know our neighbour, Mr. Dye, sold him the pills of which he speaks so highly, and believe his statement to be substantially true. Respectfully,

MOFFAT'S LIFE PILLS

AND VEGETABLE BITTERS.

THE perfectly safe, unerring and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants.—Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription; in Fever-and-ague, Inflammation, Fevers of every description, Sick headache, heartburn, dizziness in the head, pains in the chest, flatulency, impaired appetite, in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's medical office in New York, 175 Broadway, and for sale by the Agents. JAS. FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained. Those who are *sceptical* as to its *safety* or *economy*, would, I trust be perfectly satisfied by examining the opinion of Professor LOCK, of Ohio, on "WEBB'S CAMPHINE," or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All those desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphine consumed, as they register correctly and in plain English.

☞ ASTRAL LAMPS ALTERED.

N. B. We have appointed JOSHUA ATKINSON Agent, No. 22 Market street, F. P., where all orders will meet with immediate attention.

P. AUGUSTUS BAILEY, Agent

For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,

mh10-tf Fifth Ward Hotel.

"NO CURE NO PAY."

DR. HUNTER'S RED DROP. This long established and highly valuable medicine is now no novelty. It has been before the public for a long time, and by its merits alone, has it risen to a degree of estimation not enjoyed by any other medicine, for the certain cure of the Syphillitic disease. Prompt and effectual in action, yet harmless to the constitution, is its well established character, having never failed to give entire satisfaction in all the many thousand cases, where it has been used as directed.—These absolute and undeniable facts speak trumpet-tongued to the afflicted, and are the basis of a well founded hope of the philanthropist, that this unequalled medicine may circulate far and wide for the benefit of the human race.

This medicine gives the prodigal a chance to repent. Thousands have been saved and radically cured, after suffering under the hands of impostors, by this medicine, and who with grateful hearts are ready to attest to its value, and have allowed themselves to be referred to.

Persons residing at any distance, can have medicine sent to them, packed secure from observation.

It was out of pure motives of philanthropy, that this medicine was first made public; the price always to remain $1 per Bottle, to be within the reach of the most unfortunate.

☞ Letters addressed, (post paid) describing the case, mode of living, &c. will be promptly attended to. Direct No. 17 Harrison street.

☞ Bear in mind, that Passengers who go by the Chesapeake Bay and Portsmouth and Roanoke Rail Road, have 40 miles of Rail Road travelling through the DISMAL SWAMP at midnight, over one of the worst Rail Roads in America, and then are often compelled to lay over 17 hours at Weldon, one of the most unhealthy places in the whole Southern country.

TRAVELLERS FOR THE SOUTH, are informed that, by taking the Cars at Baltimore for Washington at 9 A. M., they proceed, without one moment's delay, via Washington, Fredericksburg, Richmond, Petersburg, Weldon, and Wilmington, N. C. to CHARLESTON, S. Via the Chesapeake Bay and Portsmouth and Roanoke Rail Road,

THE BALTIMORE STEAM-PACKET CO. announce to the public that in accordance with the New Mail Arrangement, the Boats composing their line, viz: ALABAMA, Captain Sutton; GEORGIA, Captain Coffey; and JEWESS, Captain Holmes, will, on and after WEDNESDAY, the 26th of May, leave the lower end of Spear's wharf daily, (Sunday's excepted,) at nine o'clock, A.M. for Norfolk and Portsmouth, Va.

Passengers for Charleston will find the cars of the Portsmouth and Roanoke Rail Road Company, on the wharf, on their arrival at Portsmouth, ready to convey them to Weldon, N. C., where they will always arrive in time to take the cars for Wilmington, from which point to Charleston is by the Steamboat, which leaves Wilmington immediately after the Passengers are delivered from the cars.

Passengers for Richmond, Petersburg, or intermediate points on James River, by leaving Baltimore on Monday, Wednesday, or Friday, will sleep on board the Bay Boat and be transferred to the James River Boat next morning.

The Steamboat Fox leaves the Black Water station on the Portsmouth and Roanoke Rail Road, every Monday, Wednesday, and Friday, on the arrival of the cars from Portsmouth, for Edenton and Plymouth, N. C., and returns every Tuesday, Thursday, and Saturday, delivering her passengers to the cars as they pass down from Weldon, enabling them to arrive in Baltimore next day, (Sundays excepted.)

RETURNING, one of the above Boats will leave Norfolk every night (Saturday being excepted) at 4 o'clock, and cross over to Portsmouth where she will wait the arrival of the Cars from Weldon, and depart for Baltimore as soon as the passengers and baggage are on board, arriving here in about 14 hours after departing from Portsmouth.

Should the Boat get an early start from Portsmouth Passengers for Philadelphia and New York will have the opportunity of being placed on board the Philadelphia Steamboat in the Patapsco River, and will arrive in Philadelphia the same night by 11 o'clock, after having travelled 360 miles in 20 hours, without as much fatigue as would be incurred in walking from the Hotel to the wharf.

☞ No freight will be forwarded on the day it is left, unless it is alongside, prior to 8 o'clock, A. M.
