BANKING.

U. S. 7:30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars, or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

SPECIAL ADVANTAGES OF THIS LOAN

It is a National Savings Bank, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

Had aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation*. On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States. Up to the 20th of September, the subscriptions to this loan amounted to over

$40,000,000.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

Blank forms for proposals can be had on application at this office, either in person, by mail, or telegraph.

The Government will claim the right of weighing any one animal separate, if its appearance indicates less weight than the minimum mentioned above; the expense of weighing will be paid by the party erring in judgment.

We ——, of the county of ——, State of ——, do hereby guarantee that —— is (or are) able to fulfil a contract in accordance with the terms of his (or their) proposition, and should his (or their) proposition be accepted, he (or they) will at once enter into a contract in accordance therewith, and we are prepared to become his securities, giving good and sufficient bonds for its fulfilment.

The responsibility of the guarantors must be shown by the official certificate of the Clerk of the nearest District Court, or of the United States District Attorney, to be enclosed with the bid.

WATCHES.

CAUTION FROM

The American Watch Company.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great numbers, calculated, by their utter worthlessness, to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches—

The first has the name "AMERICAN WATCH CO., Waltham, Mass." engraved on the inside plate.

The second has the name "APPLETON, TRACY & CO., Waltham, Mass., engraved on the inside plate.

The third has the name "P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The fourth has the name "WM. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.

All the above described Watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass."—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch;" others are named the "Appleton Watch Co;" others the "P. S. Bartley," instead of our P. S. Bartlett, besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

A little attention on the part of the buyers will protect them from gross imposition.

The papers in class 6 are to be white or blue, laid flat, and of such weights (except as specified in the schedule) as may be required by this office. Those in classes 3, 4, 5 and 7, are to be white, and of the sizes and weights specified in the schedule.

The right is reserved of ordering a greater or less quantity of each and every kind contracted for in all the classes, to be furnished at such times and in such quantities as the public service may require.

Each class will be considered separately, and be subject to a separate contract; but bidders may offer for one or more of the classes in the same proposal.

No proposals will be considered unless accompanied by the guarantee that the bidder or bidders, if his or their proposal shall be accepted, will enter into an obligation, with good and sufficient sureties, to furnish the articles proposed. Blank forms for proposals will be furnished at this office, and none will be taken into consideration unless substantially agreeing therewith.

All the paper in the several classes must be delivered at such place as may be designated in Washington city, (except that in class 7, which must be delivered at Buffalo, in the State of New York,) in good order, free of all and every extra charge or expense, and subject to the inspection, count, weight and measurement of the Superintendent, and be in all respects satisfactory.

Bidders are required to furnish, with their proposals, samples of not less than one quire of each of the kinds of paper bid for, and upon which their proposals may be based, except in classes 1 and 2. The successful bidders will be required rigidly to conform to their samples.

The Superintendent reserves the right to reject all the bids, if they shall be considered exorbitant.

Proposals will be addressed to "JOHN D. DEFREES, Superintendent of the Public Printing, Washington," and endorsed "Proposals for Supplying Paper." oct-1aw4w
