DR. A. HUET, Graduate of the Medical Faculty of Paris, (France,) Member of the Medical and Chirurgical Faculty of Baltimore, Md., may be confidentially consulted, and solicits the worst cases that have been abandoned by other physicians—such as Constitutional Debility, great Nervousness, Palpitation of the Heart, Pains in the Loins, nocturnally troubled with dreadful dreams and other derangements in youth or adult; all those alarming affections showing themselves in attenuation of the body, insanition, dependency, loss of power and memory, relaxation of the Nerves, Dyspepsy, Liver Complaint, Affections of the Lungs, Diseases of Sight, Diseases of the Heart, Weakness of the Digestive Organs, &c. No further commentary need be added. An extensive practice of over 40 years gives Dr. H. the advantage over all others, and renders him able to cure diseases in a few days, which generally required weeks or months. Office 8 E. corner of Fayette and Frederick streets, Baltimore. Soldiers cured for half price. All diseases arising from exposure cured immediately. de6-1m*

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of the mind, were cured immediately.

These are some of the sad melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Denial, Love of Solitude, Timidity, &c., are some of the evils produced.

ASTHMA.

MR. WM. H. MEAD:

Dear Sir—I wish to inform you by this writing that I have been suffering with asthma in its worst form for 20 years, spending within that time hundreds of sleepless nights in the most suffering manner. Everything failed to give relief until I HASHEKESH CANDY. Yesterday I tried your Candy in January, 1864, ever since which time I have slept without the least trouble by using some when ever threatened by an attack, and I am thankful that such a remedy is to be found. I recommend it to all afflicted by Asthma, Nose Cold, Hay Fever, or diseases of that class.

None, we conscientiously affirm.

Rx AYER'S CHERRY PECTORAL, for the rapid cure of COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate which remedy to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named, furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the complaints they cure.

Those who require an *alterative medicine* to purify the blood, will find AYER'S COMPEXT SARSAPARILLA the remedy to use.—Try it once, and you will know its value.

THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.

The undersigned would call the attention of all desirous of having a good Weekly Journal to the

BALTIMORE WEEKLY CLIPPER,

one of the largest and cheapest Papers published in this or any other State.

At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every mail brings from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so

CHEAPNESS,

when everything else almost has advanced in price more than one hundred per cent, is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the

WEEKLY CLIPPER

at the low price of

$1.50 PER YEAR.

Let those who need such a paper, remember that for this comparatively small amount, they are furnished

THIRTY-TWO COLUMNS

of closely printed matter per week that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all giving a clear impression and good paper, not excelled by any issue of the same class in the whole country.

To complish the enterprize, however, and to do the undersigned and his subscribers full justice, he must have

PROMPT PAY,

and therefore no paper will be sent from the Office but what is

PAID FOR IN ADVANCE

and this without respect to persons. All papers not thus paid for will be stopped, promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprize and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the state.

Let the friends of the paper in the country, recollect also that a

WEEKLY PRICE CURRENT,

accurate and reliable, will be amongst the matters furnished, something which alone would justify them in latronizing the small amount required for one year.

The aim of the new proprietor is to furnish a

First rate
FAMILY AND BUSINESS PAPER,

embracing whatever may be interesting, amusing and instructive and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.

Subscriptions must be remitted in
UNITED STATES NOTES.

Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK
AND AS A TRUSTY BY
SOURCE IN DISEASE IS
UNEQUALLED

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of those diseases fatal disease of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience at Barrow on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, when the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIBONI'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,

(either recent or chronic). Cholera, Cholera Morbus or Cholera Infantum, Summer Complaint of Children, and Bilious Cholic. Put up in small air tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC!

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 400 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on board of ships, has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, as well as many parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the Mexican war of 1846-7-8.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined to any stages to any part of our globe, but ranges at large remorselessly, cutting down, in *spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Druggist of Army in Mexico, who rarely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, devoted his life to the study of the disease, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

With these few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civil-ranks, who from their position in social influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as it is hearing the defendants, arrived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under circumstances of danger, to him.

Throwing aside all *"old wives' whims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in confidence would charge the public, who would save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician supplied in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found a valuable ally. No Ship-master should fail to take it on leaving port, as it was on the sea more especially, "mid storm and strife" of the elements, its virtues were first proved, a thorough trial has been abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The mention of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the crew well known efforts to relieve the patient, in the above diseases.

Travellers will find, from the compact form in which the powders are put up, that it can be kept in the pocket or with lady. When required, are taken in cold water. No harsh purgative, or nauseous nostrum, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to be from persons in Africa, Timbuctoo, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

DEAR—Your remedy I do not hesitate to say, from my hard and earnest trial of it in my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to my knowledge, that you not had earlier access and more acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 14 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse, but who was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all medicines used by our physician, for six or eight weeks. There seemed no hope of recovery until your remedy was received and administered, when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD P. TALCOTT.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose in two of your Remedy. The relief was immediate. I advise all my friends not to be without it, for so long as while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.

Respectfully yours,
JAMES ROBERTSON,
133 Court street, Brooklyn.

BROOKLYN, July 1863.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief, relied on it on the island, and through my own imprudence in diet, brought the disease on a relapse, which was again relieved by the medicine; and I am happy to add, was permanently cured.

EAST BROOKLYN, L. I., June 1862.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours; and I am happy to acknowledge, that in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal on the hands of many skillful physicians. It is equally safe and as promptly relieves the infant, as well as adult. We would not be without it.

Respectfully yours,
JOHN JAY WOOD

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to your sailing for Australia, has lately performed wonders; curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.

Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1863.

SIR—The medicine called the "Tropical Dysentery Remedy," as used by the discoverer, who was for six months Physician to Tammany Hotel, I know to be all that is above represented, which was numerously our house in 1859, from the number of Californians stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives. BILL IN THE CIRCUIT COURT FOR BALTIMORE CITY, NOVEMBER TERM, 1864.

George Neilson, George O. Penniman and Harriet Penniman his wife, vs Harriet W. Ogston, Frank F. Ogston, Emily Mills Ogston and Alice Ogston. The object of this suit is to procure a decree for the sale of certain property lying in the city of Baltimore, which was on the 2d day of April, 1862, conveyed to the complainant George O. Penniman, trustee, to indemnify the complainants George, C. Penniman and Harriet Penniman his wife, in a loss or damage to them by reason of a mortgage of their property to secure a loan made by George W. Ogston from the savings Bank of Baltimore. The bill states that by an antenuptial contract executed by George C. Penniman and Harriet his wife, dated the 15th day of July, 1841, the said George Neilson was constituted a trustee to hold the legal interests provided for by said deed, and to carry out the purposes thereof, that the complainants at the request of the said George W. Ogston and for the purpose of enabling him to effect a loan at the said Savings Bank, on the day aforesaid, executed two separate mortgages to secure the payment by the said Ogston of eight thousand dollars, with the interest thereon accruing, payable half yearly. That it was a condition precedent to the said execution of the said mortgages that the said George W. Ogston should execute to the said George Neilson a deed for his interest in certain other property in the city of Baltimore to indemnify the complainants against all loss, damage or damage which might happen to them in consequence of the execution of the said mortgages. And accordingly on the 2d day of April, 1862, the said Ogston did convey to the said George Neilson, Trustee, as aforesaid, all his right and interest in and to the following lots and parcels of land in the city of Baltimore, viz: 1 lot on Salisbury alley and Lexington street, 2 lots at the southwest corner of Market and Second streets, 1 lot at the northeast corner of Mulberry and Park streets; 1 lot conveyed by Jas. B. Smith to John Ogston, by deed dated Dec. 5th, 1825; 2 lots on the east side of Jones' Falls, leased by John Ogston to John B. Jaanet; 1 lot on Baltimore street, east of St. Paul street; 1 lot on Pitt street to have been built upon, which was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

With these few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civil-ranks, who from their position in social influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as it is hearing the defendants, arrived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under circumstances of danger, to him.

Throwing aside all *"old wives' whims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in confidence would charge the public, who would save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician supplied in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found a valuable ally. No Ship-master should fail to take it on leaving port, as it was on the sea more especially, "mid storm and strife" of the elements, its virtues were first proved, a thorough trial has been abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The mention of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the crew well known efforts to relieve the patient, in the above diseases.

Travellers will find, from the compact form in which the powders are put up, that it can be kept in the pocket or with lady. When required, are taken in cold water. No harsh purgative, or nauseous nostrum, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to be from persons in Africa, Timbuctoo, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

DEAR—Your remedy I do not hesitate to say, from my hard and earnest
