AMONG 5,000 STUDENTS in Boston, Mass. for the world Christian Science conference were Baltimore's Misses Maria Harris, Diane Harris and Gwendolyn Harris.

Baltimoreans among 5,000 at Christian Science confab

Many students from Maryland were among the 5,000 Christian Science College Organization students from some 31 countries attending a meeting in Boston recently, according to Harry L. Tyson, the Christian Science Committee on Publication for Maryand.

In the group were Misses Maria, Diane and Gwendolyn Harris of Fairview Ave. lyn Harris of Fairview Ave

Both student speaker and guest speakers emphasized the need for commitment to the "truth of God and man" in helping to heal pollution, drug addiction, racism, and other problems

The program included maximum participation by the students, who selected the theme for their meeting from these words by Mary Baker Eddy who discovered and founded Christian Science "But what of ourselves, and our times and obligations? Are we prepared to meet and improve them, to act up to the acme of divine energy wherewith we are armored?"

Carl J. Welz, the well-known Editor of the Christian Science periodicals, the keynote speaker, told the gathering: "The truth we know is the truth of God and man. . . It is the obligation of anyone who knows the truth to do all in his power to awaken mankind to their capacities as ideas of God to solve their problems intelligently."

"Ecology and Population Control,' was the subject of a symposium. Robert Cahn, a member of President's Nixon's Council on Environmental Quality, was one of the speakers.

Other topics explored at the three-day meeting included racism, international hostility, identity, sex morality, home and family, women's liberation, and the drug culture and occultism.

Free booklet out on new court system

The League of Women Voters of Maryland has available free of charge the publication "District Court of Maryland."

The District Courts of Maryland became operative Monday, July 5, 1971, in Baltimore and in the 23 counties. This statewide system replaces the hodgepodge lower court of limited jurisdiction in Maryland.

The LWV of Maryland hopes to provide the necessary pertinent information by offering the district court brochure. It covers how the system was; how it is now; financing and many other topics. A Statement to the Citizens of Baltimore By–

THE M. GOLDSEKER COMPANY

We are offering our qualified tenants first preference to take advantage of a wonderful opportunity now available through the FHA to buy their home.

This program makes available the opportunity for people who have little or no savings to become home owners without the usual necessity of a large down payment and large settlement expenses.

★ For those of our tenants who wish to buy, we are allowing them a portion of the rent we receive in order for them to accumulate the minimal money necessary to qualify for the FHA program. In addition – before submitting the house to the FHA, each home is examined by the M. Goldseker property inspectors and repairs and improvements are made.

The undeniable trend towards home ownership in this country is becoming a way of life for millions of Americans now, and will continue in the coming decades. The basic precept of home ownership has made a nation that today can boast nearly 70% of its families are living in their own homes.

In light of the current atmosphere promoting home ownership for the citizens of Baltimore and in light of the wonderful opportunity now afforded by the FHA for qualified people with little or no savings—and especially because of the favorable response to this plan–

We shall endeavor – as we have in the past – to provide decent housing to those persons desiring to upgrade themselves; and specifically, to offer renters with little or no savings the opportunity to become home owners, so they too may have their stake in the community!
