THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise, and therefore, all will see the necessity of complying with the terms set forth, who desire to see a good Union paper freely circulate in the state.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be among the matters furnished, something which alone would justify them in investing the small amount required for one year.
The size of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
containing whatever may be *interesting*, amusing and *instructive*, and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending ten subscriptions, will be furnished one gratis.
WM. WALPE,
Editor and Proprietor.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RE SOURCE IN DISEASE IS UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air tight metallic coverings, occupy little space, and can be taken in a knapsack or haversack. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions are adhered to, and are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air tight Packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which in one case of the great fatality attending these diseases on a number of vessels, also been used more particularly in the mines of Australia as well as California, and in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army. Wrapper.
It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at pleasure, relently, cutting down, in *spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in Army in Mexico, who rarely survived from the effects of the Camp Dysentery or Army Diarrhœa, and who had previously, as well as since, unequalled experience in this disease, was called to the above complaint, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after over a trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.
With the few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as the many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully accounting its effects under its administration by him.
Throwing aside all "*cold water salves and folders*," and the ARRAGANTS TEMPERING which has always prevailed in regard to the actual diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple direct way* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.
To MASTERS OF SHIPS.—To those who "do business on the Ocean blue," it will especially be found invaluable, and no Shipmaster should fail to take it on leaving port, as it was on the scamper especially, "amid storm and strife" of Mexico, that its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually uncertain and capricious, more than in more temperate climes, in the action of the ship also, from his observation, always accompanying the symptoms, as therein set forth, and the prices of the trade are kept down, that it may be placed in the hands of every ship's master. Price per package, as may be seen, $1 and $1 50.
☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest inconvenience. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many requisitions will be made upon them in the course of the summer where speedy and certain relief is required by their patrons.
TESTIMONIALS.
An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.
SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints (especially of children,) I have ever known, and the success which has attended its exhibition in private practice I cheerfully testify to, from my own personal experience, and regret as many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.
Respectfully yours,
HOPE SLAGHT,
Attorney and Counsellor at Law,
No. 11 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.
ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the most well known remedies were promptly administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint during the hot months, which for its cruser was hurried, despite all medicines used by our physician, for six or eight weeks. There seemed no hope of recovery until your remedy was received and administered when an improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.
While confined to my bed in consequence of a very severe attack of Dysentery, I received from a friend a dose of your Remedy. The relief was immediate. I advise all my friends not to be without it; and I know while I have it, with the directions which accompany it, I never be called in that usually troublesome and often fatal disease.
Respectfully yours,
JAMES ROBINSON,
153 Gates street, Brooklyn.

BROOKLYN, July 1-63.
DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; recommended it to the friend, and through my influence it was introduced into the hospital, where it was used with the same effect. I am happy to add, I was permanently cured.
JOHN NIXSON,
Stillman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1-63.
DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed in my own family, and a relapse in my own family. The chief was promptly relieved, and the child was saved by your Tropical Dysentery Remedy, in my humble opinion, if your medicine is administered, and the directions followed, that a cure would be effected in every instance, as I have seen it in my own family in the hands of many able physicians. It is safe and is promptly relieves the infant as well as adult. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your Tropical Dysentery Remedy I received from you in the hospital in Island, I put the powders in a wrapper, and gave to a lately performed wonderful cures, many of your friends will testify to the effect they firmly believe were attended at different times in the course of the summer with Dysentery, Diarrhœa, etc. I recommend the careful study of your hospital friends who may be servants, selected, should any one in its curative effects, as we have I have never known power be by medical men.
Truly,

SIR—The medicine called the Tropical Dysentery Remedy, carried by Mr. Hoover, who was for six months Clerk in the Tremont Hotel, I know to be all that the above commendation, which were made to us on his house in 1859, from the number of Californians stopping with us, it in every instance at once relieved to the satisfaction of consulters and those afflicted, saving many lives.
