ceeded the 17,740 received by Pierpont at the top of he ticket.

Pressman racked up 114,324 votes.

City Council president-elect Walter S. Orlinsky polled 105,588 votes to just 24,052 for Robert Morrow.

The Democratic slegan sweep included all 18 City Council seats.

Blacks gained one additional member in the council, Clarence (Du) Burns, of the Second District, for a total of five. In the Fourth, Mrs. Mary B. Adams replaced Robert Marshall.

In the 5th councilmanic district, Carl Adair ran a poor fourth with 8,679 votes against 15,142 for third place Reuben Caplan. Adair, however, in AFRO precinct ran better than 2 to 1 ahead of Caplan, and 30 per cent ahead of Alexander Stark who led the ticket.

The recent gerrymandering of the 5th councilmanic district reduced the possibility of the election of a Democratic candidate in that district. It is hoped that this could change in next election.

Judge Watts quits post State Board

Supreme Bench Judge Robert B. Watts has resigned his seat on the Board of Trustees of the State Colleges.

This now leaves only one black member, Dr. Elaine C. Davis, vice chairman of the Board, on the eight-member panel.

Naming of a new trustee will be up to Gov. Marvin Mandel who appoints all positions to the body which governs the six state colleges.

Judge Watts resigned because of a new interpretation under the Declaration of Rights of the Maryland Constitution which forbids jurists the occupying of more than one position of public responsibility under the state of Maryland.

The AFRO was told similar resignations have been made by other jurists in conjunction with the new interpretation as defined by Francis B. Burch, attorney general of Maryland.

—Doctors condemn United Fund policies

but, according to Dr. Byrd the commission's "apparent intention is to continually act in collusion with United Fund to white wash the issue."

United Fund, in July, released a statement in regards to "the participation of and services to minorities in the Central Maryland area"; but Dr. Byrd responded that the black community is too familiar with "rampant discrimination" continuing "to exist side by side with high sounding rhetoric of humanitarian intent and accolades on the equality of man."

Dr. Byrd reports that the United Fund claimed to have increased the number of blacks on its 46 man policy-making board from 1 to 7 within the last 14 months.

* * *

"This statement is misleading if not completely false," said Dr. Byrd, who adds that, according to figures released by the Human Relation Commission, there were only 2 black board members as of May, 1971.

United Fund's statement on black board members was presented publically one day before the Health Council met with United Fund, C.I.C.H.A. and a Human Relations Commissioner.

"We consider this an underhanded deliberate strategy," remarked Dr. Byrd, "designed to mislead the public and to neutralize the Council's and the Commission's effort to acquaint the public with the exclusionary practices of these agencies."

Dr Byrd noted that the Commission said the data on the distribution of services is the least accurate of the information collected.

Of the over 2 million people served by United Fund agencies around 600,000 were black.

Over two-thirds of the blacks assisted by United Fund were serviced by the Red Cross (260,000) and the Salvation Army (171,000).

C.I.C.H.A reported that it helped 13,505 persons of which 6,701 were black.

One C.I.C.H.A agency handled about 70 per cent (5,460) of all blacks served. That was Planned Parenthood, which also helped 2,340 whites.

The other 12 C.I.C.H.A. agencies served about four times as many whites as blacks.
