COUGH SYRUP.

COUGH SYRUP.
COUGH SYRUP.
W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of CORONS COLDS, CROUPS, ASTHMA, HOARSENESS, BRONCHITIS and INCIPIENT CONSUMPTION.

THIS SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering; and many a Cold that has been permitted to *run its course*, has hurried its victim into the premature grave of the Consumptive. Every one knows that we be utter the truth when we say that a very little care and attention *at first* would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering beneath its tortures. Be careful then how you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable Remedy:

From REV. JAS. H. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and public speakers. ANDREW MANSHIP.

From REV. WM W. HICKS, late Missionary from India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a certain cure.

The Compound Syrup of Liverwort may truly be called the sufferers friend.
WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends. Among them may be found

MEDICAL.

CLEANSE THE BLOOD.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Boils, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure—AYER'S SARSAPARILLA purges out these impurities, and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases. Try Ayer's Sarsaparilla and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and a humbug. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL, is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water.—The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship, and he has used it in the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, if the simple directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S TROPICAL DYSENTERY REMEDY,

for the prompt and decided cure of

DYSENTERY AND DIARRHŒA,

(either recent or chronic), Cholera, Cholera Morbus, or looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical aid called to relieve it,* the young infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Diarrhœa or Army Diarrhœa, and who had previously, as well as since, unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

With these few remarks, it is now confidently offered to the public, who can rely that at one-half its merits, this far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under its administration by him.

Throwing aside all *"old wives' whims and fables,"* and the antiquated nonsense which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not have their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions;* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable, and no Shipmaster should fail to take it on a leaving port, as it was on the seas more especially, "mid storm and strife" of the elements, its virtues were first more thoroughly made known, and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The mention of the ship also, from his observation, always aggravating these symptoms, and heretofore baffling the best well known efforts to relieve the patient, in the above diseases.

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the least injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some other out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, especially of children, I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to from my own experience, and regret as many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with summer Complaint during the hot months, which ran its course unabated, despite all medicine used by our physicians, for six or eight weeks. There seems no hope of recovery until your remedy was received and administered, when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate, and I told my friends not to be without it; and I know while I have it, with the directions, a Physician need never be called in that usually troublesome and offensive disease.

Respectfully yours,
JAMES ROBERTSON,

BROOKLYN, July 1-63.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until I got your medicine; the first dose I took it and obtained immediate relief; rode out on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine; and I am happy to add, was permanently cured.

EAST BROOKLYN, L. I., June 1-62.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours, and I am happy to acknowledge, that in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the infant, as well as adult. We would not be without it.

Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to your sailing for Australia, absolutely performed wonders; curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.

Yours truly,
CLARKSON UNDERHILL,

NEW YORK, May 17, 1863.
