Craft Fair at museum

The pre-Christmas Crafts Fair co-sponsored by The Baltimore Museum of Art and the Maryland Craft Council opens at the Baltimore Museum of Art on Tuesday, Nov. 16.

The week-long sale will feature pottery, weaving, jewelry, macrame, spinning and dying, enamels, musical instruments, and stuffed fabrics produced by contemporary Maryland craftsmen.

"We had more than 120 applicants, and the 30 chosen represent really superior work," said Brad McCormick, manager of the Museum Shop. McCormick and Tom Supensky, president of the Maryland Craft Council, are coordinating the event.

While no theme except that of authentic, handmade workmanship and original design has been established, McCormick said the Fair is geared to the pre-Christmas, gift-buying season.

"We hope lots of Marylanders will take this opportunity to support the work of local people who make their living by producing high quality craft objects." He said it was the first time the Museum had sponsored such an event.

how many ribs in a pork loin rib portion?

We think there should be seven.
Not five or six.
With A&P's seven-rib portion, you get more of the select meat.

How can you tell how many ribs you're getting?

With your fingers, you can feel and count the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it. If you can't count one, two, three, four, five, six, seven ribs, you're missing select meat. You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example of the full value A&P meats offer.

We think that caring like this about fair portions has helped make A&P America's largest meat retailer.
