1971
A Year Of Record Growth

Exceptional growth and progress were experienced by savings and loan associations, both locally and nationally, during 1971. As a result, the savings and loan business is making a valuable contribution towards the economic recovery of the nation through financing a greatly increased number of new housing starts. Loyola has achieved leadership in this field by funding approximately $125,000,000 in mortgage loans during the year.

Another milestone in our 92nd year is the attainment of Assets in excess of ½ Billion Dollars, as indicated by the financial statement below.

	December 31, 1970	Preliminary December 31, 1971	Increase
Assets	$466,200,000	$553,000,000	$86,800,000
Mortgage Loans	391,800,000	461,300,000	69,500,000
Savings Accounts	374,200,000	449,200,000	75,000,000
Reserves and Surplus (Include Specific Reserves)	32,800,000	37,400,000	4,600,000
Interest Paid to Savers for the Year Ending	18,200,000	21,800,000	3,600,000

Climaxing this unusually successful year, Loyola received official notification from the Federal Home Loan Bank Board of the approval of a branch office to be located at the corner of Charles and Redwood Streets. The new office is expected to be in operation by early summer of 1972, providing a convenient location to Loyola customers from all over the city and state to transact business when visiting the impressive Charles Center area of downtown Baltimore.

Loyola currently pays 5% a year on regular savings accounts; and most important, interest is computed from day of deposit to day of withdrawal, compounded and credited quarterly.

Loyola Federal also offers Savings Certificate plans which pay from 5¼% to 6% a year, depending on amount of deposit and length of maturity.
