Nixon Limits Secret Stampers

President Nixon has ordered new restrictions on use of the "top secret" stamp in classifying government documents. He said the result will be to increase the amount of information available to the public.

The new rules will affect documents issued after June 1, but Nixon also ordered a review and possible declassification of 460 million pages of classified documents that have accumulated since the outset of World War II.

Floridians Want Canaveral Back

Floridians told the Senate Interior Committee Wednesday, that most people in their state want the geographic name "Cape Kennedy" changed back to Cape Canaveral.

Chairman Henry M. Jackson, D-Wash., called a one-day hearing on the proposal in 1970 but it died in his committee. Jackson, now a candidate for president, called for new testimony six days before the Florida primary. The shift would not affect NASA's John F. Kennedy Space Center.

JOBS to place 8 new workers at Tri-State

Tri-State Vehicle leasing Inc., 200 N. Warwick Ave., Baltimore, will hire and train eight disadvantaged jobless workers as auto mechanics under the JOBS program, the U.S. Department of Labor announced.

Regional Manpower Administrator J. Terrell Waitskit said the department had approved a $27,738 contract with the leasing company to hire the eight new workers at starting wages of $2.75. The workers will undergo 42 weeks of intensive on-the-job training and then will be earning $3.50 an hour.

The JOBS (Job Opportunities in the Business Sector) program is a joint effort of the Labor Department and the National Alliance of Businessmen to hire and train disadvantaged jobless workers for permanent employment.

Federal funds are used to help offset the extra costs to the employer in on-the-job training and other intensive supportive assistance such as job coaching today.
