Economy meals for good eating

A seasonal upsurge! That's what happening now to milk and dairy products.

Production is on the rise — in fact, it's near the seasonal peak — ready to satisfy our increasing desire for cooling milk, ice cream, and other dairy products now that the weather is warming up.

Milk is not only a delicious beverage and an indispensable kitchen ingredient, but it's a basic food that everyone in the family needs every day.

• • •

The U.S. Department of Agriculture's Agricultural Marketing Service says that milk is an excellent source of calcium, a mineral that helps form bones and teeth and keeps them strong. The protein in milk builds and repairs body tissues, helps the body fight infection, and supplies energy. Milk is rich in riboflavin, a B vitamin that helps keep skin healthy and vision clear. There are other nutrients in milk, too — additional vitamins and minerals, fat, and sugar.

With all this, milk is moderately low in calories. One cup (8 fluid ounces) of fresh whole milk contains about 160 calories. A cup of skim milk contains about 90 calories.

• • •

You have a wide choice of milk products to suit the tastes of your family — fresh whole milk, fresh skimmed milk, butter milk, chocolate or flavored milk, reconstituted dry milk, or canned milk products. Whatever the kind, chill the milk thoroughly to enhance the flavor.

Another way to get the benefits of milk is to include products made with milk — such as ice cream and cheese — in meals. Or use milk in preparing main dishes, cream soups, sauces, puddings, and other foods.

This menu provides three tasty and nutritious meals using dairy products and other plentiful, reasonably priced foods:

BREAKFAST
Prune Juice
Fried Eggs
Toast and Margarine
Milk
Coffee or Tea

LUNCH
Chicken Noodle Soup
Bacon, Lettuce, and Tomato Sandwich
Fresh Apple
Milk
Coffee or Tea

DINNER
Broiled Chopped Steak
Mashed Potatoes
Broccoli
Dairyman's Delight
Milk
Coffee or Tea

Dairyman's Delight temptingly blends five dairy products into one luscious pie and it is made with:

Two cups graham cracker crumbs, one-half cup butter, melted, one cup whipping cream, one-half cup fresh lemon juice, one eight-ounce package cream cheese, one can condensed milk, one envelope unflavored gelatin, one-fourth cup cold water, one teaspoon vanilla extract, one cup dairy sour cream, and one cup sweetened fruit, optional.

TO PREPARE: Combine graham cracker crumbs and butter. Line 9-inch deep dish pie plate with ¾ of the crumb mixture. Stir lemon juice into cream; let stand 10 minutes. Mash cream cheese thoroughly; gradually beat in condensed milk, until mixture is smooth.

Add gelatin to water; let stand 5 minutes; then dissolve over hot water. Whip lemon-cream mixture and continue beating until well blended. Stir in gelatin and vanilla. Pour into pie crust; chill until firm, 1½ to 2 hours. Top with dairy sour cream and remaining graham crackers. Serve with fruit, if desired. Makes 8-10 servings.

School food service class given at CCB

Sponsored by the Community College of Baltimore and the Association of School Business Officials, "School Food Service Course No. 1," a three-week program for food service supervisors, managers, and potential employees, will be offered at the CCB Liberty campus, beginning July 5 and ending July 26.

Classes will be held daily, Monday through Friday, 9:00 a.m. to 12:00 noon.

The three-week offering will include such topics as nutrition, sanitation, menu planning, purchasing and storage, job specifications, work schedules, and menu preparation.

Mrs. Genivieve Barnes, Instructor in Dietetics and Nutrition at the college, will teach the course, using the facilities and equipment of the school's food education division.

The initial offering in school food service education is open to high school graduates or holders of a state high school diploma. Tuition for the course has been set at $36.00 for city residents and $57.00 for county dwellers. A one-time registration fee of $5.00 and an activity fee of $1.00 are also required.

Rh disease Dial Doctor June message

The National Foundation-March of Dimes has announced that the message for June on "Dial The Doctor," a medical information line, deals with Rh disease or incompatability.

The guest doctor for the month is Priscilla A. Gilman, M.D., director of pediatric hematology, University of Maryland Hospital.

Anyone in Maryland can take advantage of this service by phoning 1-800-492-9602, toll free.

TB testing offered city office workers

Employees in some city office buildings have been invited to take part in a tuberculin-testing program, initiated on June 6 following cases of tuberculosis in several offices, according to Robert E. Farber, commissioner of Health.

The testing is being carried out by the staff of the Industrial Tuberculosis Prevention Program of the City Health Department in cooperation with the Maryland Tuberculosis and Respiratory Diseases Association, Farber said.

An operational schedule has been circulated in offices in the following buildings: City Hall, the Municipal Building, and the Department of Housing an Community Development in the Saratoga Street Municipal Building.
