given to removing Warden Schoonfield from his post.

"While serving under the administration of then Mayor D'Alesandro, as a result of another crisis situation at City Jail, I made the same recommendation to an aide to the administration, that Warden Schoonfield be relieved from his position.

"I am now formally making the same recommendation to you.

"I believe that much has been done to eliminate or reduce the areas of potential crises for our community.

"However, I also believe that if Warden Schoonfield is retained in his present position, the community will experience similar situation which has crises potential.

"I sincerely request you give prompt, favorable consideration to this recommendation. If you care to discuss the matter further, I will be delighted to meet with you at a mutually convenient time."

paper which stated that a little boy had been abandoned since June 3.

When Mrs. Jackson and her daughter arrived, they were told by the D.C. police the boy had been claimed by his aunt. Mrs. Jackson stated that the picture of the abandoned child favored her grandchild and still wonders about it since police refused to let her see the child.

• • •

She also explained that they had received word that a little boy's body had been found in a creek in Fairfax, Va., and the family went to Virginia on Thursday to look at the picture of the child. However, this was not their child.

Another $100 has been added to the reward which now makes a total of $2,000. The latest contribution came from Mrs. Sylvia Means, godmother of Solomon.

Notify Mrs. Daisy Jackson, 462-3076 or Missing Persons, Police Department MU. 5-1600 if information is found leading to Solomon's whereabouts.

gram's approximate $200,000 contract for the year beginning July 1.

She said CEBO under the direction of Samuel Daniels is currently operating another Model Cities program, Minority Contractors, and doing so quite satisfactorily.

As to CEBO getting the new contract, Mr. Wilson asserted it is widely known, "Sam Daniels had put in an early bid for the program and it is not unreasonable to believe he never ceased trying to get it."

He stated he did not know if politics played much a part in Model Cities' decision to give CEBO the Lesgus's contract as some people say.

Mr. Daniels told the AFRO Model Cities has not given him any assurances CEBO will get the contract.

He did note Model Cities may choose CEBO because CEBO is currently operating another Model Cities program, Minority Contractors, and doing so quite satisfactorily.

He did note Model Cities may choose CEBO because CEBO has a good "track record" for its 5½ years existence and 2 years handling of Minority Contractors.

He added CEBO has had several conferences with the Metropolitan Transit Administration and he has "every reason to believe CEBO will accomplish its goal of full minority citizen participation in building of the Rapid Transit system."

"used and appropriated public property for private use" and having "made or aided in the making of false statements in official communications."

The hearing is scheduled for 10 a.m. Tuesday, at the department headquarters at Lexington and Gay Sts.

Also at the meeting, Mr. Owen stated the board's selection of the next fire chief will not occur until the middle of July.

He said the choice will be made after the board on July 6 and 7 conducts in-depth interviews with the four candidates.

Civil Service Commission has already held written tests and interviews with the candidates and rated them from top to bottom thusly:

Three city residents; deputy chiefs Thomas Burke, Herbert Catterton and Francis Ticha; and county resident and Acting Fire Chief Edward Schneider.

The Fire Board can choose any of the four, regradless of the order of finish on this Civil Service tests.

• • •

President Owens also announced seven fire boxes, that have high rates of false alarms and protect very few people, will have been removed by AFRO press time.

The boxes were 2124 on Madison and Bond, 2522 on Federal and Holbrook, 3154 on Lanvale and Stricker, 397 on Pine and George, 6748 on Patapsco and Pennington, and 7822 on Mulberry and Payson.

Box 2131 on Hollins Ferry and Severn has been moved several hundred feet away from its present location near a bar.

with the FHA. The letter was received in June 1971, and even then further complications arose principally because of the inclusion of classrooms in the design. Federal policy on this addition of classrooms changed while the lot 12 project was under this addition of classrooms changed while the lot 12 project was under consideration. Approval was also complicated by the Mixture of residential and commercial space in the same project.

Because it had been vacant for so long, the lot became an example. It was shown on different occasions to HUD Secretary George Romney and to group of big-city mayors visiting Baltimore.

While expressing dissatisfaction over the time needed to process this development in particular and all federally-assisted projects in general, Mayor Schaefer expressed his pleasure at the quality of the lot 12 development, which he termed superior in design.

A shopping plaza will be the focal point at the center of the lot, approximately on the former bed of Bolton Street. The second level of a portion of the shopping place will be used for classrooms supplementing the John Eager Howard Elementary School.

Three types of housing will be provided: 48-two-bedroom back-up apartments in three-story buildings at the west and east ends of the site.

selected for the available 7,700 job slots will receive their work assignment ticket through the U.S. Mail.

The Assignment Ticket is the only official evidence that the enrollee is a bona fide employee of the Neighborhood Youth Corps.

NYC policy recommends that priority be given to youths who are disadvantaged in addition to economic deprivation. Therefore, strong consideration is given to youths with cultural deprivation, social and emotional adjustment problems.

Students will perform a variety of duties on their jobs after an initial period of orientation and training.

They will serve as aides in the following fields. Clerical Hospital, Custodial, Teachers' Aides, Maintenance, Community Workers, Recreational and Science Lab Assistants.

• • •

Among some special projects planned for career training this summer are the following:

40 students will receive training at Baltimore City Hospitals and gain insight into a variety of medical career opportunities.

The group will be trained by members of the Department of Vocational Education in cooperation with Mr. Charlie Spinner, Director of Personnel at Baltimore City Hospitals.

• • •

At Johns Hopkins Hospital, Lutheran Hospital and University Hospital several hundred students will continue to serve as hospital aides and receive valuable experience which may lead to commitment to careers in this field.

Over 600 enrollees will assist in the Department of Recreation Centers throughout the city; and a large group will assist with the program of Camp Concern at Bainbridge, operated by the Department of Recreation for under-privileged city children.

part-time doctor to fill in four months while the regular doctors are on vacation and has announced they want a black doctor to fill this new post.

Questions were raised as to what arrangements the Fire Department had made with Civil Service concerning seeking black doctors for the part-time post, so the AFRO contacted Thomas Murphy, director of Civil Service.

• • •

Mr. Murphy remarked he had not heard about any such request and would take applicants' names until the Board of Estimates had approved the position.

On hearing the nature of the new post, he declared, "The Fire Department should not make any formal request based on race."

Mr. Murphy, however, stated the Fire commissioners can make known their preference to hire a black doctor but Civil Service was not going to make race a criterion for selection.

Firefighter Charles Thomas of the Vulcan Blazers told the Fire Board he appreciated the Board's positive response to seek a black doctor. Similar requests to previous boards, Mr. Thomas said, met with no success.

• • •

Mr. Murphy added that Fire Department doctors, unlike police doctors, do not give physicals to job applicants.

Fire Department applicants, Mr. Murphy explained, like seekers of other city jobs except for City Hospitals receive their pre-hiring physicals from Civil Service doctors.

The Civil Service medical staff, said the director, is all white: one full-time doctor and three part-time doctors.

Director Murphy remarked the doctors he has are generally young and are just beginning a private practice while there are so few black doctors that demand for their services are too great for them to be interested in these positions.

Before you closed your eyes,
For all of us did your best.
Oh, God, grant you eternal rest.
