you never will."

They are at the head of "The Association" and include the Source People and The Supplier who is known only to The Contact men who may be in California one day, Chicago the next and Washington the day after.

They (Contact Men) stand between the law, the citizens and The Supplier and The Source People.

Let's start at the beginning of this Death Trap, narcotics traffic, which has Baltimore's adult citizens and young people caught in a net to the tune of over $100,000 a day. Some 20,000 known addicts (not counting Pill Poppers) are on a $20-day or more habit.

To get the money for heroin and cocaine each must steal at least $75 to $100 worth of goods per day since they get only about 1/3rd of the value of the item. That's in Baltimore alone, narcotics authorities state.

THE STREET MARKET

Worst areas police records show, are: 15-1600 blocks Pennsylvania Ave.; Baker and McKean; 1700 block Baker; the whole block from Mount to Bruce St.; North and Poplar Grove; Brookfield and Whitelock; Park Heights and Cold Spring Lane; Walbrook Junction; Gwynn Oak Junction; Liberty Heights and Garrison; Ashland, 14-1500 blocks; 800 block Gay; Greenmount and 21st; Leadenhall and Hamburg; Edmondson Ave. and Hilton section; 25-2600 block Baltimore; Brooklyn; Carroll Park; Park and Mulberry; Washington Monument area; Eastern Ave. and Ellwood and Lindwood; The Block around Frederick St. and Baltimore.

SUPPLY EXCEEDS DEMAND

Police say the supply exceeds the demand. Dealers are willing to sell to anyone who can pay the price. Addicts are willing to do anything to get the money to pay the price.
