The additions at School No. 2 consists of five classrooms, a cafeteria, a kitchen and a gymnasium, at a contract cost of $1,173,000.

The contract cost at School No. 139 was $2,675,000, and this figure includes both the new school and the renovation of an older building, all of which mean 24 classrooms and two kindergarten rooms.

Another, Elementary School No. 129, 915 Ridgely, built before 1888, will also close, with its children being sent to No. 162, Diggs-Johnson Elementary and Junior High School, 501 W. Barre, built in 1852.

No. 104, Robert B. Ellicott Elementary, 1431 N. Carey, is still another old school, built, say officials, "in the decade 1890-1899."

Although it will remain open all this year the school has no fire escape and must rely on some stairwells for this purpose, a school spokesman said.

The building has not yet been condemned, but is scheduled for replacement next year by School No. 157, George C. Kelson Elementary.
