Morgan elevates Bowie to associate professor

Embra C. Bowie, director of athletics and assistant professor of health and physical education at Morgan State College, has been promoted to associate professor and acting departmental chairman in an announcement by Dr. Roger K. Williams, vice president for Academic Affairs. He served as acting chairman once before, from 1966 until September, 1967.

Bowie succeeds Dr. Frank E. Enty, former department chairman, who resigned. His appointment is immediately effective and the promotion is effective September 1.

Bowie, who has been at Morgan State since 1962, succeeded Dr. Edward P Hurt as director of athletics in 1970. He continued as assistant professor of health and physical education and director of intramural sports, bringing all extra-curricular athletic activities under one office.

* * *

A native of West Point, Va., Bowie received all of his formal education in the Baltimore Public Schools, graduating from Douglass High School in 1937. He was graduated from Morgan State in 1941 and earned the Master's Degree at the University of Michigan where he has done further graduate study.

While at Morgan, he was active in varsity football and track. He was a member of the CIAA Championship Football Teams of 1937 and 1940 and also the captain of the 1941 CIAA Championship Track Team.

For 15 years he has been treasurer of the National Intramural Association which cited him in 1967 as an honor recipient.

He came to Morgan after serving as football coach and track coach at Lincoln University from 1947-50 and Shaw University room 1950-52.

Soccer Bays to tackle 10-time Soviet champs

With Baltimore Bays president Jim Karvellas reporting an estimated 34,000 tickets already sold, indications are that the Aug. 25th game between the Bays and Dynamo of Moscow may have the unique experience of being a soccer sellout.

Dynamo is one of the biggest gate attractions in international football, and it is with good reason.

* * *

No other club in the Soviet Union beats Dynamo's record of winning the championship ten times. The first victory was in 1936. The following year Dynamo repeated the victory and made "the double" by also winning the Soviet Cup.

In 1940 Dynamo won the championship again. The team made a great 1945 comeback after the war by winning the league and in the same year Dynamo went to England for a historic tour, making its "break" in international soccer by tremendous playing and good results.

The club won the title for the tenth time in 1963 and in 1970 Dynamo was the Cup winner.

* * *

Most of the famous Russian players come from Dynamo. The most famous of them all was the goal keeper Lev Jashin, who is considered one of the greatest sports men during all times.

For Soviet football he is what Pele is for the Brazilian. Now he is manager of Dynamo, after having given up playing in 1971 at the age of 41.

Today Dynamo has a young team and several European experts consider this team as good as any of the former ones. In the last European Cup for Cup Winners, Dynamo was very successful and reached the final after impressing results against the top clubs in Europe.

Black fencers tapped for U.S. Munich squad

Two black fencers — Ruth White of Baltimore, and Bert Freeman of Philadelphia — were officially named early this week to represent the United States in the Munich Olympic Games.

Miss White, a graduate of Baltimore's Western High School and now a senior at NYU, was designated to the No. 1 position on the women's foils team.

Freeman is a Marine lieutenant who learned to fence as a midshipman at the Naval Academy. He is No. 2 on the men's foils unit.

Here is the complete American squad okayed by the U.S. Olympic Committee on Monday:

In men's saber, the three selected are Al Morales, Los Angeles; Alex Orban, Yonkers, N.Y. and Paul Apostol, New York City.

In men's foil, the three are John Nonna, Bronx, N.Y., Freeman, and Carl Borack, Beverly Hills, Calif.

In men's epee, the three named are James Melcher and George Masin both of New York City, and Stephen Netburn of Brooklyn, N.Y.

The three women chosen for the foil event are Miss White, Harriet King, San Francisco and Ann O'Donnell, Bayonne, N.J.

* * *

The squad consists of 20 fencers, with the team captains to be named after the fencers arrive in Germany.

The selections were made by team captain Alan Ruben, in conjunction with the two coaches, Michel Alloux and Scaba Elthes.

Open golf meet at Eisenhower

ANNAPOLIS — The 4th annual Five-Star Open golf tournament gets underway here tomorrow (Saturday) at the Eisenhower course, located on Generals Highway (Route 178) near Crownsville.

Professionals begin play at 10 a.m., Saturday and complete the 36-hole quest for a $400 first prize on Sunday.

The amateur and women's fields begin competition at 2 p.m., Saturday.

Men's amateur entries will compete in four flights, with senior players bracketed in two.

Colts-Chiefs on TV for Monday meeting

Chesapeake Broadcasting will televise Monday night's football game between the Colts and Kansas City Chiefs over Channel 45, beginning at 9 p.m.

Former Colt Alex Hawkins will be the analyst and program director Bill Le Fevre will provide the color.

Irish Pat Murphy next Boggs foe

Baltimore's popular puncher, Buddy Boggs, will return to action in his quest for a return bout with hard-hitting Jack Tillman. Boggs had won 13 in a row before being stopped by Tillman.

As a result of their last fight, Boggs retained his No. 10 rating, while Tilman was lifted to No. 7.

But Boggs' next opponent will be Pat Murphy, the fighting Irishman, who is as popular in the ring of New Jersey and New York as Boggs, the fighting ironworker, is here. They meet Wednesday night at Steelworkers Hall.

Recreation to conduct safe-boating course

Al Julian, director of Armistead Gardens Recreation Center, has announced a safe-boating course will begin at the center located at 5001 East Eager Street.

The 12-week course will be held on Tuesdays at 7:30 p.m., commencing September 19.

The course includes: Rules of the Road, Equipment, Compass, Reading Charts and Plotting Courses and Small Boat Handling.
