BIDS AND PROPOSALS

HOUSING AUTHORITY SEEKS PROPOSALS FOR TWO (2) PROPOSALS

The Housing Authority of St. Mary's County, Maryland seeks proposals from private developers and builders for 40 units of new construction, long term Section 23 leased houses. These houses will be available to eligible low income applicants for low rent housing. Proposals will be considered mainly on locations and sites throughout the County. Ideally, the houses are to be single family detached homes with a minimum lot size of ½ acre, but other possibilities will be considered.

Design and construction of all houses must conform to applicable Department of Housing and Urban Development minimum property standards. Proposals will be accepted on all or any part of the unit program, with the following mix:

Twenty-Two (22)—4-bedroom houses
Eighteen (18)—5-bedroom houses

Proposal should consist of the following items:

1) Description of site with location map
2) Description of houses proposed:
3) Statement of monthly proposed rent for year lease with basically a 20 year lease with escalation clauses for taxes and maintenance costs;
4) Statement of current zoning;
5) Statement of availability of water and sewer
6) Statement of developer's qualification;
7) Statement of whether subject site (s) located in incorporated area.

Proposals are due at 1:30 P.M. E.S.T.-Tuesday, October 10, 1972. Proposals will be opened and recorded at that time. A developer will be chosen as quickly as possible thereafter.

Proposals should be addressed to: Dr. James Patrick Jarboe, Chairman, Housing Authority of St. Mary's County, Maryland, Box 431, Leonardtown, Maryland 20650.

PUBLIC NOTICE

PUBLIC NOTICE
Notice is hereby given that the Highway Administration of Maryland in accordance with U.S. Department of Transportation, Federal Highway Administration Policy and Procedure Memorandum 90-4 dated January 14, 1970, has requested from the Federal Highway Administration by letter dated September 1, 1972 Design Approval for I-170 from Pulaski Street to Pearl Street in Baltimore City, Maryland.

Design Approval has been requested for the Design Hour Alternate No. 3" at the Design Public Hearing of July 25, 1972. The design as proposed and contained in a study report developed subsequent to the public hearing provides for I-170 to be depressed from Pulaski Street to Pearl Street, the blocks between Franklin Street and Mulberry Street. The design provides for I-170 to be depressed for the majority of route. The depressed highway will cross under major cross street ramps at Lafayette Street, Fulton Avenue, Gilmor Street, Calhoun Street, Druid Street and Arlington Avenue. It will occupy a 300' right of way which extends from Franklin and Mulberry Streets approximately forty feet north of Mulberry Street.

Maps, drawings, and other pertinent information submitted to support the request for design approval are available for public viewing during normal working hours at the Maryland Highway Building, Baltimore City, 100 Cathedral Street, Baltimore, Maryland 21201.
