MRS. GREEN

By MARJORIE R. GREEN

MARJORIE R. GREEN

This seems to be the year for good things to happen to Miss Etta Musgrove.

A couple of weeks ago she received a high quality increase in pay because of her outstanding work performances over an extended period of time.

This week, she was notified that she has been promoted to a Correspondence Expediting clerk job in the Office of Public Affairs. The promotion will be effective as soon as the job freeze is lifted.

Her co-workers and friends are now wondering if that beautiful new ring she is wearing means that there is more good news to come.

• • •

In an effort to eliminate some of the trouble areas in the Correspondence Association Section, a committee of employee representatives from each unit has been formed.

These employees expect to meet periodically with management and discuss ways and means of implementing procedures that will help make CAS one of the best operating sections in the Bureau of Disability Insurance.

Serving on the committee are Mesdames Doris Street Shirley Laurence, Mary Meinecke and Kenneth Coleman.

• • •

Mrs. Grace Wallace, employee in the Bureau of Health Insurance is recovering nicely froom surgery in Sinai Hospital. She expects to be discharged this week end.

• • •

Sunday evening was the time Mrs. Helen Tucker chose to entertain her club members and friends at the Forest Manor. She looked simply lovely in a floor length yellow gown as she moved about extending a special greeting to each person. All of her guests agreed that Helen was truly the "hostess with the mostess."

Her fantastic dinner party will long be remembered by all of the beautiful people who attended.

Music for dinner and dancing was furnished by the Social Security Administrations own Eddie Gough and his organ quintet.

• • •

Veteran Performers Harvey Denmark and Verna Day are not the only Social Security employees who are members of the Arena Players and also doing exciting things on stage.

Mrs. Saundra Washington, has several successful acting performances to her credit both with the Arena Players acting group and Center Stage.

She has just completed a successful run of "To Be Young, Gifted and Black" On February 26, she hopes to appear in the Center Stage production of "The Clinic." In addition to her outside activities and claims authorizing job at SSA, she is a mother to three girls ages 14, 1 and 8.

• • •

Mrs. Audrey Simmons is a woman who seems to be on the move. All the time she is currently assigned to the Bureau of District Office Operations under the Staff Development Program.

This is a two-year program in which she will receive extensive training and experience in various bureaus of the Social Security Administration.

Her first assignment was to set up a Housing program at the Health, Education and Welfare building in Washington.

In March, she will go into SSA's new Bureau of Supplemental Security Income for a six-month period.

June will find her heading for sunny California where she will spend six months in the San Francisco Regional office. Audrey hopes to be permanently assigned in the area of Housing or personnel counseling.

By WALTER W. E. HILL

Many who have been attracted by this column to the art of roller skating have joined the "Civic Wheelers" of the Mt. Winans Civic Interest Group at the Rollarena Skating Rink on North Point Blvd. and Old Battle Grove Rd.

The activity is under the guidance of Elder James Dailey and consists of church members.

Only those of good repute are invited.

• • •

Our ideas have been exhausted in trying to sponsor a program that will suit the residents of this area.

We therefore ask your help in this endeavor and your attendance to the meeting of the Mt. Winans Civic Interest Group Wednesday, February, 1973.

Remember, we shall complete our task of having a shopping center and our new homes even if we have to MARCH to Washington.

Can we count on you?

• • •

We are happy to see Robert Shorts of Hollins Ferry Rd. out of the hospital and on the road to recovery.

This column is being written for you to enjoy.

Your contributions are cheerfully welcomed.

February declared heart month

As in past years, February has been declared "Heart Month." Heart disease is the leading cause of death and disability, not only in Baltimore City, but in the nation as well, claiming more lives than all other causes of death combined.

Commissioner of Health, Dr. Robert E. Farber, said: "The Central Maryland Heart Association, the local chapter of the Maryland and the American Heart Association, is intensifying its effort's this year to make every one aware of the recent progress in diagnosis, treatment, and rehabilitation of the many forms of cardiovascular disease.

• • •

The most crucial period after the onset of heart attack symptoms is the first hour. Therefore, every effort is being made to make potential victims and those close to them acknowledge the symptoms and get to treatment quickly.

Other factors known to be an influence in heart disease are smoking, obesity, lack of exercise, and hypertension, more commonly known as high blood pressure, a silent killer, because there are no unique symptoms that call attention to its presence.

Once identified through a simple test it can, however, be controlled in most cases thus preventing the resultant disabling or fatal strokes and heart attacks.

• • •

Our local Heart Association with the cooperation of local medical societies and hospitals has begun a series this year of Blood Pressure Screening Programs to detect those individual who unknowingly have high blood pressure and would not otherwise seek treatment.

The first of these programs which began Feb. 6 and ends Saturday offers a free blood pressure screening at a booth open daily at the Mondawmin Mall from noon to 9 p.m.
