# People Gypped By 'Get Rich' Schemes Asked To Testify

FALSE ALARM STOPPERS—The Board of Fire Commissioners Tuesday awarded certificates of appreciation and cash to four citizens who helped catch persons who pulled a false alarm. Young Maurice Snowden (left) and Derrick Cottman (not shown) accepted awards from Board president Howard Owen and Fire Chief Thomas Burke. Arthur Booth (center) was congratulated by Commissioner Bishop Winfield Showell and the Chief. He donated his $50 prize to charity. The fourth outstanding citizen of the day was Wayne Taple.

## Consumer unit hearing set for May 31

By SCOTT PONEMONE

Have you recently been approached by persons selling fire alarms, sewing machines and vacuum cleaners?

Have these people told you, you can get rich quick by sellings these appliances and by convincing others to become salesmen?

Have these people encouraged you to attend meetings that are loud and high-pressured like revival meetings? Do the people in the meetings want to sell you tape-recorded lessons on how you can become a great salesperson?

If any of this has happened to you, the Consumer Protection Division of the Attorney General's Office urges you to testify at hearings at 9 a.m. on May 31, in Room 603, 1 S. Calvert St.

John N. Ruth Jr., chief of Consumer Protection, explained to the AFRO why his office wants to track down the firms making these offers.

He said in Jan. 1972 a Florida-based firm, Glenn W. Turner Enterprises, signed a consent order with the Maryland Securities Commission not to promote Dare To Be Great motivational courses in the state.

* * *

The hearing, he said, is to help find out if the new selling schemes are affiliated with Turner Enterprises and, therefore, whether Turner Enterprises is in violation of the consent order.

Mr. Ruth also reported a consent order has just been signed by Visionary Leadership, Incorporated by its officers Joseph Briscoe Sr., Joseph Davis, Dana Ridgeway and John Applewhite.

This firm, he commented, operated from 4134 Edmondson Ave. and encouraged

## Allen says missing heroin case not solved

State's Attorney Milton B. Allen, told the AFRO on Thursday "What indictments will result from the missing heroin, I don't know. We can't tell how many people are involved.

"The daily news reporters are jumping the gun. I have not talked to these papers. You (the AFRO) are the first I have talked to, they are speculating hoping to guess right.

"If they guess wrong, that's their affair. We are presenting our summary of prior testimony. On Wednesday we offered the new, uncovered evidence offered by homicide.

"I have not named anybody. I am satisified nothing is going to happen today (Friday). The Grand Jury only meets on Wednesday and Thursday."

* * *

A daily newspaper had reported that Mr. Allen's office had "solved" the missing heroin case was expected to gain indictments. However, in a release issued from the state's attorney's office, he called the article "premature and erroneous."

Two tactical section patrolmen, Jerome Holloway and Charles Babb were suspended without pay Jan. 17, for failing to cooperate and truthfully answer about the 1,250 bags of heroin seized in a 1972 raid.

The drugs were discovered missing from the police property room on Jan. 11, the same day an alleged drug dealer, Joseph Perry, 31, 1400 block Mount St., died of gunshot wounds

he received outside a bar on Lorman St.

It was reported that Joe Perry's death was linked to the missing drug case.

## Dr. Cooke helped 25,000 Eastside kids

Some 25,000 ill and handicapped children in East Baltimore have been benefitted by the John F. Kennedy Institute for the Habilitation of the Mentally and Physically Handicapped Child, established in 1967.

Honored for his contribution of 17 years to the cause at a testimonial dinner at Martin's West May 8 was Dr. Robert Edmond Cooke, Given Professor of Pediatrics at the Johns Hopkins Hospital and founder of the JFK Institute.

Dr. Cooke resigned earlier this spring to accept the post of vice-chancellor of health sciences at the University of Wisconsin-Madison.

Present for the auspicious occasion was Sen. Edward M. Kennedy (D., Mass.) who termed Dr. Cooke "A compassionate human being, one whose life is marked by a combination of excellence and brilliance."

* * *

In his moving farewell speech, which inspired nearly 1,000 dinner guests to give him a standing ovation, Dr. Cooke referred to the heritage he left behind at the hospital: "The gorks are gone."

The term 'gorks," he explained, was the derisive name applied to all handicapped and retarded children when he arrived at the hospital years ago.

"But now the gorks are gone, as they're treated as patients and human beings."

He also stated "The retarded and the blacks are people, deserving of as much love and consideration as the norm.

"We owe the retarded and the blacks of East Baltimore and everywhere a good deal, to make up for the years of neglect in years past."

* * *

The famed, internationally-known doctor was lauded by Sen. Kennedy as "The prime mover behind the creation of the John F. Kennedy Institute.

"As Bob Cooke moved the nation through his legislative efforts, so too has he moved the Johns Hopkins Hospital.

"He is an unusual man." world-atlas from the institute's staff and the city's highest award from Mayor Schaefer and presented by the mayor's aide, Quentin Lawson.

## School Board hears middle school plea

By BLAINE TAYLOR

The Baltimore City Board of School Commissioners last night (Thursday) heard arguments from a citizens' feminist group that textbooks used in city public schools are both racist and sexist and listened to testimony given by concerned parents in the continuing controversy swirling about the proposed Fallstaff middle school project.

A motion by Commissioner James M. Griffin to designate Greenspring and Pimlico Junior High Schools as middle schools was tabled until the next meeting, May 24. The board met at Coldstream Park Elementary School, 1400 Exeter Hall Ave., before a sparse crowd of about 75 persons.

* * *

Board President Dr. John Walton announced at the outset that Commissioner Mrs. Elizabeth Murphy Moss would be absent due to illness.

* * *

Commissioner Griffin's motion came after several parents, representing at least four schools in the northwest Baltimore area, testified on the Fallstaff proposal.

The motion attempted to have Arlington Elementary School included as a "feeder school" to the Fallstaff plan by this September, and to have Greenspring and Pimlico become middle schools by September, 1974.

Under the normal school structure, grades kindergarten- 6 constitute elementary school; 7-9 make up junior high; and 10-12 comprise senior high.

In the middle school concept, which attempts to place adolescent children in a better-defined peer group situation, the breakdown is as follows: elementary, K-6; middle, 7-8; senior high, 10-12.

The board approved a plan March 22 whereby Fallstaff Elementary will become a middle school this September, with Mt. Washington and Cross Country elementaries as "feeder schools" from which the

## BBB luncheon Monday noon

BOARD OF ESTIMATES

More than 400 city officials, local businessmen and representatives of professional and civic groups will be asked to fill-out a Consumer Referendum questionnaire at BBB's 1973 annual luncheon meeting, May 14 at 12:15 p.m. at the Lord Baltimore Hotel.

The questionnaire, a highlight of this year's Consumer Information Week, seeks answers to questions on habits and needs when shopping for credit, service, warranty, groceries and other items.

William H. Tankersley, executive vice-president for the Council of Better Business Bureaus, Inc., is guest speaker at the annual luncheon.

## Delays $¼ million project to computerize school data

The Board of Estimates on Wednesday deferred action on a $235,000 consultant's contract to create a computerized inventory of the physical condition of Baltimores school buildings.

Mayor Schaefer ordered the measure postponed for two weeks because he said he was not confident the Department of Education would fully utilize the consultant's work.

He told Curtis Lantz, assistant school superintendent for physical plants, "I have no feeling you are going to do anything with the $1 million report and not just put in on a shelf once (it is finished)."

The mayor directed Mr. Lantz to submit to the Board in two weeks a proposal on an overall plan on school building maintenance from what type of inventory is needed to how the data can be updated.

"After that," he added, "you can see (Finance Director) Charles Benton about getting a consultant on what we want to do."

Mr. Lantz came to the board with a consultant's agreement approved by the school Board and Dr. Roland Patterson, school superintendent. The firm they chose for the project was McLeod, Ferrara and Ensign.

* * *

He reported the state School Construction Fund would not pay for the project.

Another desenting voice came from Harold R. Tall, chief of the City Bureau of Management information systems (computers.) who claimed the workers in the school system's computer center could do much of the task the consultant's agreement called for.

## City won't appeal firemen's decision

By BILL RHODEN

In a meeting of the board of Fire Commissioners Tuesday, President Howard R. Owen announced the city of Baltimore will not appeal a federal court's decision which found it guilty of discriminating against its black members.

In a 56-page decision released May 2, Judge Joseph H. Young ruled that, among other things, the commission should:

a. validate a new firemen's examination on a non-discriminatory basis and institute it immediately

b. drastically reduce the time firemen spend in certain grades before they become eligible for promotion, and shorten to three years the five-year requirement a firemen must serve before being eligible for promotion.

* * *

The judge's decision resulted from a suit filed by four black firemen against the department in December, 1971.

Mr. Owens stated that the board, several months ago, requested the Civil Service Commission to prepare validated examinations so as to establish promotional eligibility lists for all ranks of the Fire Department.

"The Civil Service Commission," he said, "had commenced to implement this request prior to the court decision."

He added that since January, 1972, "the Department has completely revised the method of reporting the efficiency of its members, adding that the system will continue to be evaluated, and justified revisions made.

Mr. Owen concluded by saying the fire board believed, "that all firemen are currently being graded on the same basis," and the board, together with the mayor and other city agencies would do their utmost, "to carry out the letter and the spirit of the court's decree.

## Willie Williams gets life plus 20 years

Willie Williams also known as Idris Alaoma, 28, 1800 block Guilford Ave. was sentenced to life plus 20 years in City Jail.

Criminal Court Judge Marshall Levin imposed the sentence. Williams was found guilty by a jury on April 6. of first degree murder and armed robbery.

According to Thomas Bolinger the prosecutor on Sept. 1, 1972 the defendant jumped into the back of a laundry truck in the 600 block Duncan St. and shot Charles Berger, 60, 3100 block Ravenwood Rd., three times in the back.

The victim had planned to retire the same day he was shot. Mr. Berger died Sept. 15. Donald Yarbor, a witness, saw the defendant run from the truck. He called the police and the defendant was later arrested in the area.

## Lt. Cook retires after 24 years service

By WILLIE EGYIR

Crime reports will miss the friendly smile and help of Lt. Arthur Cook who for some years until Thursday had been the detective lieutenant in the Homicide Squad of the Baltimore Police Department.

Lt. Cook, 48, prematurely retired Thursday as a result of physical disability after 24 years of devoted and sincere service.

At a party organized in his honor by his squad just before he handed over his police property, Capt. James Cadden, head of the squad, presented him with a certificate of honor.

* * *

Beaming with smiles, Lt. Cook later told the AFRO, "I've enjoyed the friendship and loyalty of people I worked with. This is the memory I would cherish most. I am definitely going to miss them."

Lt. Cook joined the police force in Oct. 1948 as a foot-patrolman in the then Eastern District Police station located on Bank and Broadway. He was promoted to sergeant in 1959 and to the rank of lieutenant in 1963.

Explaining the cause of his disability, he told the AFRO he was investigating a burglary in 1964 in school No. 102 when he accidentally fell into an uncovered manhole and sprained his back.

The 24 years have not been all rosy. "There were trying times but we managed to hold out." In a message to his colleagues he noted, "I wish them good luck and to be as lucky as I am.

"I have found in my years as a police supervisor, by being loyal to my men, my men were loyal to me. "

Viewing the administrative machinery of the police department as a whole, the officer said he would like to seek "loyalty given out not only from junior officers to senior ones but from senior ones to junior officers. That is very important."

Lt. Cook is married to Mrs. Gloria Cook, 46, and they have four sons. Arthur Jr. 24; Robert, 23; Bradley, 18 and Thomas, 14.

He does not intend taking up any employment now. "I'm going to take a few weeks rest with my family in Florida,' and after that he would decide what to do.

## Next warden may be named on Wednesday

H. Mebane Turner, president of the Jail Board, told the AFRO Wednesday the next warden of the City Jail "possibly" will be named by the Board at its monthly meeting, Wednesday, May 16.

The Board has been interviewing and re-interviewing the five candidates on the list it received from the Civil Service Commission.

Mr. Turner refused to divulge any information about the candidates other than they are both from Maryland and outside the state.

Deputy Warden Howard Parks has been acting warden since Hiram Schoenfield resigned after a controversial Civil Service Commission hearing last November.

## Citizens salute Dr. I. B. Higgins

Over 500 persons turned out Sunday evening for a tribute to Dr. Ivan Bradshaw Higgins.

Speaker after speaker saluted the veteran physician and civic leader for his contribution to his adopted city of Baltimore.

The testimonial was at Martins West and was planned by a committee headed by Dr. Lionel Desbordes who announced over 100 persons had to be turned away because of lack of space.

Dr. Higgins came to Baltimore in 1929, shortly after finishing Meharry Medical School where he graduated with highest honors. For the past 44 years, he has been a leading light in the development of Provident Hospital.

The honoree is noted as an outstanding surgeon and for his achievements in the field of medicine where he is a fellow in the International College of Surgeons and the American College of Surgeons.

DR. JENKINS

Dr. Martin D. Jenkins, president emeritus of Morgan State College, and now director of the Office of Urban Affairs of the American Council of Education, came from Washington to preside.

Highlights of tributes paid the honoree include the following:

Dr. Richard I. McKinney and Dr. Saul Perdue, spoke for the Sigma Pi Thi Boule Fraternity.

Dr. Perdue said, "Dr. Higgins has made outstanding contribution to the growth and development and erection of a new Provident Hospital and no one who is properly informed can deny it.

"He has served the community well through his profession and in the hospital where he is a highly respected member of the staff, a devoted parent and friend and doctor extraordinary, and all who reside here are benefiiciaries of his knowledge, skills and dedications." He added, "Man, You are Beautiful." Dr. McKinney said:

"We honor him tonight because of his commitment to excellence in his vocation. Through the years he has dedicated himself to the science and to the art of healing. Sigma Pi Thi Fraternity is proud to honor him as one of its members."

## White Stone members hold fashion show

Fashion with a flair was the theme Staurday as the women of White Stone Baptist Church, 3005 Baker St., held a fashion show to benefit its upcoming 32nd Annual Women's Day, Sunday, May 27.

Members and friends of White Stone modeled before about 60 guests who expressed their approval as each outfit was shown. The models wore outfits for daytime wear, evening and casual.

SHOW STOPPERS

The highlights of the White Stone Fashion Show were Alicia and Albert Hockaday, three-year-old twins of Mr. and Mrs. Albert Hockaday, Jr. The sister and brother team first appeared in matching navy and white ensembles that brought a smile to every face in the audience.

Appearing with the Hockadays was Mrs. Gwendolyn Kelliam, secretary at the Community College of Baltimore and professional model with Flair Studio. Also dressed in navy and white, Mrs. Kellam showed professionalism in every step and turn.

On and to match accessories with the outfits was Mrs. Ruby Davis, branch manager of Jewelry by Parklane, Inc. Mrs. Ruby Davis was director of the fashion show.

Other models appearing in the show included: Mesdames Gloria Gilliam, Margie Blackwell, Geneva Price, Gertrude Owens, Maudie L. Singletary and Angela Harrison.

Also modeling were: Misses Lafonice Chapman, LaVern Chapman, Judy Harvey, Jannie Boyd, Jacqueline Boyd, and Selma Boyd.

Also, Misses Ruth Gilliam, Pamela Blackwell, Robbin Blackwell, Faith Ford and Theresa Stith.
