Board of Estimates postpones school board salary schedule

Mayor William Donald Schaefer stated Wednesday that the salary schedule for administrative and supervisory positions submitted by the Board of School Commissioners to the Board of Estimates needed clarification in two major areas before formal action could be taken by the board.

Speaking during the regular weekly meeting of the Board of Estimates, the Mayor prefaced his remarks by stating the Board approved the concept of reorganization submitted by the Department of Education as well as subsequent positions.

The Mayor also noted that the cost of the plan for Fiscal 1974, is within the funds appropriated therefore by the Board of Education and the city Charter.

* * *

The plan submitted by the Board of School Commissioner introduces, for the first time, a performance addend of 5 per cent per year for 5 years or a maximum addend of 25 per cent on top of salary scales developed on the basis of responsibility and duties of each position.

According to the Mayor, the Board approves the concept of performance criteria, but desires "further information in reference to this fact before taking a position relative thereto."

Many of the positions recommended for action appear to be positions that, under the City Charter, come within the purview of the Merit System and, ostensibly, should be classified by the Civil Service Commission.

In view of this fact, the Mayor stated he was requesting the Director of Finance, the Civil Service Commission and the City Solicitor, in cooperation with the Department of Education to "sort out the 'Professional Positions' or the so-called educational positions," from those which should be "classified."

According to the Mayor, only after such a separation is made will the Board of Estimates take action to the salary recommendations.

* * *

In other business, the Board of Estimates approved the awarding of a contract for the construction of the first three of Baltimore's new "walk-to" swimming pools.

* * *

The purpose of the new pools, small and inexpensive to build, is to bring swimming facilities into neighborhoods, thereby relieving children of the need to travel long distances to the park pools at Clifton, Patterson, Roosevelt, Druid Hill, Cherry Hill and Riverside Parks.

According to Douglas S. Tavney, director of the Department of Recreation and Parks, the current portable pool program will be phased out because of vandalism and obsolete equipment (there are 49 portable pools in service at various city locations).

Bids for three more walk-to-pools will be taken in the near future.

The new pool construction program is part of a $2 million loan fund approved by Baltimore City voters last November.

* * *

The Board also approved a joint transportation plan between the Department of Education and Civil Service.

The two agencies plan to implement a concerted recruitment program for part-time bus drivers who will work a split shift and, depending upon length of route, would average four or five hours of driving time; and their pay would be reimbursable by the State.

The plan is in conjunction with a cooperative effort with the Labor Commission, Civil Service, Bureau of Purchases, and others to provide transportation service for the handicapped, and other eligible students of the Baltimore City Schools.

* * *

According to the plan, the Department of Education must be operational by the first day of school.

Education must also thoroughly train the prospective part-time bus drivers. To do this, Civil Service has established a classification of School Bus Driver-Trainee to be paid 2 per hour during his training period, which is state reimbursable.

Successful completion of the training program will be a requirement to gain entry to the classification of School Bus Driver-part-time.

DEATH NOTICES — When a loved one dies, be sure to ask your funeral director to let your friends and relatives know. Have him call AFRO Classified, 728-8200. Death notices are accepted up until noon on our publication days, Tuesdays and Fridays.

Del. Chester prefiles liquor bills

AFRO Annapolis Bureau

ANNAPOLIS — Perhaps jumping the gun on his House colleagues, Del. Joseph A. Chester Monday announced that he had prefiled for next year's regular legislative session two alcohol related bills; one of which would legalize alcoholic beverage sales to persons 18 and over in Baltimore.

The Second District Democrat said he favored lowering the age to 18 for the purchasing of beer and light wines in view of recent statewide reduction of the age of majority including the rigat to enter into contracts.

A second bill as proposed by Del. Chester would require that all sales of liquor in the city be suspended Sundays between the hours of 2 a.m., when most close on Saturday night, to 2 p.m. the following afternoon.

Del. Chester argued that halting retail sales during these hours would make it possible "for those who desire to go to church to do so without harassment."

Returning to the first bill, Del. Chester stated, by lowering the drinking age to 18, Baltimore would be "following the lead" of Prince George's, Montgomery and Charles counties.

Man, 33, nabbed in bank theft

Ernest Lee Walker, 33, 2800 block Harford Rd., was arrested by FBI agents and charged shortly after the robbery of the Mondawmin Shopping Center branch of the Maryland National Bank Aug. 1.

According to special agent in charge of Baltimore, Thomas H. Parrow, the suspect was arrested in the 2200 block Lynbrook Ave. shortly after the 11:20 a.m. robbery. No guns were displayed.

Agent Farrow reports at about 11:20 a.m. Aug. 1, an individual, using a demand note stating he had a gun, robbed the bank of an unspecified amount of money.

Walker is charged in a federal warrant with being that individual.

He is being held in the state penitentiary in lieu of $25,000 bond imposed on him Wednesday evening by U.S. Magistrate Clarence M. Goetz.

Dale Anderson appoints five to county posts

Baltimore County Executive Dale Anderson has recently appointed five whites to county posts.

Mrs. Lola Miller has been added to the Community Relations Commission, which is headed by black county resident, Mrs. Hannah Lindsay. Mrs. Elizabeth Kahl was named to the County Commission on Aging.

At the same time, Anderson announced reappointment of three members of the Aging Commission: Mrs. Margaret Shock, Dr. V. I. Ellicott and Benjamin Macks.

A GOOD CITIZEN is registered and prepared to VOTE. Do so TODAY at Supervisors of Elections, People's Court Building, Fayette and Gay Sts. Next Election is Sept. 1974. Register from —:30 to 4:30 p.m. Mondays through Fridays.

New science center campaigns for funds

The New Science Center Building, now being erected in the Inner Harbor, will be open to the public in the fall of 1974, provided it can raise an additional $3.4 million.

Currently over $7,000,000 has been contributed to this project by individuals, business, Baltimore City, state and local county governments. Therefore, to finish the building, which is partly constructed and to make the Science Center operational to meet the expanded needs, an additional $3,350,000 is required.

Normal operating expense for the academy comes from membership dues, services and annual contributions by interested individuals, which makes it self supporting.

However, this income is not sufficient to underwrite the [illegible] the building development.

The center will be the new home of the Maryland Academy of Sciences, the second oldest institute of its kind in the country. Since 1797 the academy has provided outstanding services to students, teachers, scientists and the general public throughout the state.
