Morgan Cancels 1st scheduled 'mini-mester'

The first scheduled "mini-mester" at Morgan State College has been cancelled in an effort to aid in the preservation of energy.

According to Dr. Kenneth F. Jerkins, vice-president of academic affairs and dean of the College of Arts and Sciences, "The basic decision to close was due to the conflict of the college's predicted fuel oil needs of 1,700,000 gallons and the 1,000,000 gallons which were actually allocated.

"In this connection," Jerkins continued, "the 1,000,000 gallons allotted, due to the price increase, will cost more than the original 1,700,000 gallons needed at the old price."

Jan. 14 is the deadline for those wishing to reserve Maryland State Park cabins next summer. Applications addressed to the Maryland Park Service, Tawes State Office Building, 580 Taylor Ave., Annapolis 21401.

SANTA — Santa Claus ran into a slight problem when he was one knee short. The three pretty young ladies didn't mind however, but as usual the oldest had priority. From left to right are Sandy Griffin, 4, Santa Claus, Lisa Griffin, 5, and Nancy Griffin, 2. The girls were told to continue being good after they hopped off the knee of Santa in Mondawmin.

Week's Food Economies

If you want balanced nutritious meals in a hurry, you must plan ahead. Why not plan to use economical foods and arrange planned-overs to save time, says Virginia McLukie, Food Economist, Baltimore Office, Cooperative Extension Service, University of Maryland.

This is the time of year when the food budget may be cut by using the economical ground beef and stew cubes to advantage. The number of ways these two meats can fit into meals are innumerable. Possibly the beef cubes can be made from boneless chuck if featured. It may be worth the effort to take a day for cooking ahead if you have a freezer.

Make up meat loaves, chili, barbecue, spaghetti sauce, soups, or stews and freeze them so they are ready to heat and eat. There is much merit in preparing casserole dishes that can be made early in the day and cooked just before dinner. The Casserole dish goes directly from the stove to the table, a meal in a dish can be tasty and a way to use planned-over meats and and left-over bits of vegetables.

Fryer chickens are an economy especially when sale featured. Select the whole chicken or cut up parts to suit your preparation method. Most chicken recipes cook within an hour's time. Try new chicken recipes.

The best buys at the produce counter are those that make good stews, casseroles and are versatile in other ways. Put on your shopping list white potatoes, cabbage, onions, carrots, turnips, and broccoli. Collards and kale are good buys in green leafy vegetables.

On The Eastside

By Georgianna Moody

Friday night was a happy one for Ernest Moody, a teacher at School No. 85. He was surprised by a party of recognition for his civic work in both school and church. The Girl Scouts and Safety Patrols whom Mr. Moody works closely with presented him with Gifts while friends from the school entertained him in the home of Mr. and Mrs. Jessie McKay on Athol Gate Lane.

Persons responsible for Mr. Moody's recognition party were Mrs. Altvona Vaughan, Mr. and Mrs. Tony Walker and Mr. and Mrs. J. McKay.

Mr. Moody is a very active person who volunteers his service, after a hard day's work, in many areas in Baltimore City. Besides belonging to several organizations, he works with the Baltimore City Teacher's Union. He is president of Coppin State's Alumni Association and he is a Mason and a Shriner.

Mr. Moody is often found in the community seeking food, clothing and answering many needs of people who are less fortunate than himself. He sends thanks to all who took part in his moment of recognition for his work well done.

Ground broken for new tot lot

Mayor Schaefer officiated at the ground-breaking ceremony for the South West Recreation Committee's Carroll Street Tot Lot, Dec. 13.

The tot lot site, located on Carroll Street between Archer and Parkin Streets, is one block south of the 900 block of Washington Blvd.

Members of the South West Community Council and officials of the Department of Recreation and Parks and the Model Cities Agency, which financed the project, participated.

* * *

The proposed tot lot has been on on-again-off-again project in the South West community for about 20 years.

In March, 1972 the South West Community Council adopted the construction of a tot lot on this site as a priority item. Since then the site has been donated to the city by its owner and has been approved by the Department of Recreation and Parks for us as a tot lot.

Funding for construction of the tot lot has been obtained through the Model Cities Agency and the State of Maryland.

Membership in the Community Council is open to all residents in the area which it serves. Dues are $3 per year or 25 cents per month.

Meetings are generally held on the fourth Tuesday of every month, 7:30 p.m. at St. Paul's Church, 859 Washington Boulevard.

Further information on the Community Council may be obtained by calling 539-8487.

The Maryland Forest Service this holiday season is again offering "Twelth Nighters," a Christmas tree recycling service at its Buckingham Forest Tree Nursery at Harmons, Anne Arundel County.
