James Farmer addresses annual BNI meeting

During an annual meeting of Baltimore Neighborhoods Inc. Monday, civil rights activist James Farmer said that the nation had "come through the easy part" of its struggle for civil rights.

Mr. Farmer, credited with establishing CORE as well as initiating the "freedom rides" of the early 60's, told the group that they as well as their compatriots must now decide "what they will do about our fragmented society."

Mr. Farmer remarked that the "Harlems of the country cannot be voluntary ethnic communities unless there is an exit from them: "If there is no exit," he added, "they become prisons."

* * *

The Austin, Texas native, now director of the Public Policy Training Institute in Wash., D.C. cautioned the assemblage against allowing the country to be divided into two nations, "one black and one white."

This could be accomplished, he stated, by racist real estate practices such as "steering methods" in which whites are steered into white neighborhoods while blacks are steered into black or integrated neighborhoods.

"How well we've learned the lesson that passing a law is merely a first step," he stated, adding that those engaged in the struggle for fair housing are "not going against the tide, but in 1970 are with the tide."

Mr. Farmer concluded by saying that the nation was in the midst of a "new backlash against polarization of the races."

Dept. of Education gives Western $48,000 for 73-74

Figures released from Western High School show that the Department of Education's allocations for books, classroom supplies and special equipment to that school tripled for the 1973-74 school year.

The $48,325 allocated by the Department is three times more than the 1972-73 allotment of $13,600 and represents an allowance of more than $19 per student.

Of that $48,000, $21,678 is provided for books and $13,564 is earmarked for educational supplies and materials.

Departmental provisions range from the English department's $8,505 to $500 in music department needs.

According to school officials, the only crucial addition needed at Western is $30,000 worth of data processing equipment. This equipment will be used to teach students key punch and other computer-related skills.

A request has also been made for a $500 video-tape machine to be used for teaching drama and language.

Your neighborhood can win money for arts project

The Fund for Arts in Neighborhoods (FAN) designed to stimulate and support community-based programs in the arts is ready to make its first grants.

The direct outgrowth of the 1973 Mayor's Ball, held last June to raise funds for city arts projects, Fund for Arts in Neighborhoods has received the major portion of the proceeds from the ball to make grats in the community.

The Board of Directors for the Mayor's Ball, with Mrs. David F. Albright as chairman, have guided the planning for the Fund for Arts in Neighborhoods.

Any Baltimore City group or organization with a project which will bring the arts of the people of Baltimore in their own neighborhoods may apply for a grant from FAN.

Mrs. Albright stated, "We're prepared to fund projects in the visual arts, such as painting, sculpture, crafts and photography, and in the performing arts, including theater, music and dance. We are also interested in funding projects which don't fit into any particular category, but which are judged to be cultural events.

The more imaginative the idea, the better. We hope that people will come to us with plans that go way beyond the traditional.

FAN plans to limit each grant to $1,000 or less in order to provide support for as many projects as possible.

To request an application, call Mrs. Albright at 338-0611, or write to Fund for Arts in Neighborhoods, Baltimore Arts Tower, 318 W Lombard Street, Baltimore 21201.

Applications will be reviewed by one of several selection panels which have been set up with Mrs. Janet Covington, chairman and Samuel H. Wilson, president of Arena Players and member of the staff of Coppin State College, as vice-chairman.

The second Mayor's Ball will be held in June, 1974 and proceeds will again be operation of a broad-scale community arts program.

A GOOD CITIZEN is registered and prepared to VOTE. Do so TODAY at Supervisors of Elections, People's Court Building, Fayette and Gay Sts. Next election is Sept., 1974. Register from — 8:30 to 4:30

REPORT TO SHAREHOLDERS
The year end report is an occasion to report to you on the progress your association has made in the past year.
Through your additions to your savings accounts we have been able to handle an ever increasing demand for mortgage loans. As of the year end we have made available to 301 families mortgages that have enabled them to become property owners instead of renters and add substantially to the city tax base. Our mortgagors in the past year have paid in excess of $75,000 in real estate taxes to the city. This is the primary aim of your association. Loans made during the year totaled $562,498. This was made possible by your additions to your savings accounts plus the earnings of your association.
Your association returned to the community $40,605 in the form of dividends, an increase of $12,214 over 1972.
Continued additions to your savings will enable us to show even greater gains for the year 1974.
Now is the time to join the IDEAL family of regulars who save every pay day through pay roll deductions or our postage paid save by mail plan.
