Hints For Homemakers

As I travel around the country to attend various conferences and conventions, I get to meet hundreds of persons. Very often some of them come up to me and ask about the products I recommend in my columns.

"Do you really use those products?" is a frequent question. The answer to that question is definitely YES! I most certainly do use the products I recommend, and I know personally how very good they are.

WISK MAKES A WISH COME TRUE

Why, I remember well the long hours I spent scrubbing the collars of my husband's and son's shirts before WISK liquid detergent came out. My fingers were always sore afterwards and even, sometimes, after all that work the shirts still weren't not clean.

My son Rick, who's grown up and married now, was a very active youngster—always playing some kind of ball and getting his clothes filthy dirty. In those days, I used to soak clothes for hours.

But with WISK, I get all of my wash really clean. And you know what else? WISK is safe to use with all the new permanent-press fabrics, too.

LUX LIQUID FOR SPARKLING DISHES

My sister stopped by to see me last Saturday morning as I was rushing to get to a meeting that I was conducting. We had just finished a large Saturday breakfast, and there were dishes all over the place.

"Inez, you go ahead and get ready," she said. Of course, I thanked her and told her to use the bottle of LUX LIQUID under the sink.

When I came down ready to leave, she said, "Inez, I only volunteered to help because you had so much to do, but it was no trouble at all with LUX. My hands still feel soft and smooth and the dishes look lovely."

We continued chatting as we put things into the car. "Remember," she asked, "how much I used to hate to do the dishes when we were kids? Well, now with LUX LIQUID I really don't mind at all."

It really is too bad we didn't have LUX when we were younger, I thought to myself. I sure did a lot of dishes by myself!

You can take it from me, you will be pleased, too, as LUX keeps your hands soft and smooth and makes dishwashing an easier job.

PEPSODENT FOR A WINNING SMILE

A few weeks ago I was in Florida and a lady came up to me after a presentation and complimented me on my "pretty smile."

"How do you do it?" she asked. I told her that I really love my work and enjoy meeting people. My other secret, I told her, is PEPSODENT toothpaste.

Then I told her about a group of teen-age girls that I work with in Kansas City who have been busy getting ready for a pageant.

The girls have been sewing their clothes and are in the process of learning about modeling, good posture and friendly, bread smiling. All of them are nervous about the pageant, and they have a difficult time smiling.

So I have been giving them hints. Most important, I advised them, you have to start fresh in the morning by cleaning your teeth with PEPSODENT—it gets teeth really bright, and yet is less abrasive than any leading toothpaste.

I guess I convinced my new-found friend of two things. When we parted she smilingly told me she'd be using PEPSODENT that evening, and that she'd also like very much to organize a teen group.

DOVE PROTECTS SKIN AGAINST WINTER WIND

The other day, I was boarding a plane in Washington, but it was so windy we could hardly get up the steps. Once inside the airplane, I sat by a lovely woman who was so exquisitely dressed that I was certain she was a model.

We introduced ourselves and I learned that she is a fashion buyer for a large department store.

Her skin was truly beautiful. As I rearranged my hair I commented that the wind was very hard on the skin, and worse for dry skin.

"Oh, yes," she said, "you're so right, but I find DOVE beauty bar just the perfect, creamy soap I need. I use it to clean my face at night and in the morning."

She really was very pleased with DOVE. Just raved about the fact that DOVE even "real cleansing cream in it."

Then I told her how happy I was to hear that she used DOVE since it is one of my favorite personal products. We both laughed when she learned that I also write about it in my column.

Yes indeed, if anyone asks, by all means tell them that Inez really does use the products she recommends.

ity Concert Choir rendered six selections. An appreciation was offered by Janine Augustus who captured the audience with her strong remarks to Dr. Cheek.

Mrs. Harolyn Harrison was the chairlady for this program. She was totally responsible for all of the fine talent who appeared on the program.

The Kahler Hall Teen Center was recently the scene of a swinging Sweet 16 birthday party given by Donna and Ethel Hill for their pretty daughter, Donna. Nearly a hundred young guests danced and enjoyed the party fare which included a three-tier birthday cake. The tiers, which were those of her parents wedding cake, had been saved for the occasion by Donna's grandmother, Mrs. William L. Brown Sr., of Chester Pa. Assisting Donna in greeting her guests were cousins William L. Brown, III, Cheyney State College student, and Keith Congo, Howard University student.

Donna is a junior at Wilde Lake High School and one of the Pinnie Ross teen models. She will be appearing in a fashion show at the Kennedy Center March 23.

SOUTH BALTIMORE NOTES

Mr. Hill Sr., civic leader

By Walter W. E. Hill

It was 15 years ago on Sunday, Feb. 17, 1974, that the founder and originator of this column passed. We hereby pay tribute to this great civic leader, George Wallace E. Hill, referred to as "the Mayor of South Baltimore." Mr. Hill wrote what is known as Mr. Wilans News and South Baltimore Notes, with special emphasis on the general area of improvement.

Mayor William Donald Schaefer expressed that his Project of the Month be shared by the communities and their organizations as joint projects to help improve the quality of life in Baltimore. One of such for the month is that the groups are now planning to have numbers posted on houses and buildings throughout the city.

He also stated that the neglect to do so is a violation of a city ordinance, therefore, we urge that our goal for the month is to see that every home in the city is identified by a house number.

As you might know, January's Project of the Month was the exterior violation of accumulation of trash, dense weed growth, or other unhealthy and unsightly conditions. These too, could draw fines ranging from $5 to $40.

A hearty welcome home goes to Mrs. Elsie Graham, who is recuperating after a brief stay at Sinai Hospital. Mrs. Graham is the mother of Mrs. Mamie Hill of 2017 Fvardar Ave.
