4,000 expected for CCB summer courses

By Dr. Sidney Kobre

About 4,000 June high school graduates and ambitious high school seniors will join adults from all over the city to enroll this summer at the Community College of Baltimore.

They will sign up for self-enrichment courses as well as those providing career training in business and industry, in the professions and government service.

Over 125 courses will be offered on the Liberty Campus, the Northern off-campus College Center, the Patterson off-campus College Center and the Social Security building in Woodlawn.

"We have selected these courses to suit everyeducational interest and occupational need," said Mr. Paul J. Beckham, assistant director of Summer Sessions in the Division of Continuing Education. "The selections were based on requests from area residents and on our previous experience as to what courses interest summertime students."

In a special interview with the Afro-American, Mr. Beckham pointed out that, "No matter what your interests we have courses to satisfy you—from business to science, from art to music, from history to juvenile delinquency. Our instructors are knowledgeable, dedicated and keenly interested in developing the potential of students, no matter what their age or background."

Mr. Beckham declared emphatically, "Don't waste your summer! Invest your time wisely in stimulating courses which will stretch your mind and add to your knowledge. The summer slips away fast — and pow, before you know, it's gone."

For the first time, CCB will conduct a Special Summer Session, extending from May 20 to June 7. Also an Urban Affairs Institute will be presented this year, offering two exciting courses, "The Urban Community" and "Field Work in Urban Affairs."

Director of Summer Sessions Joseph C. Culotta noted that the first regular summer session will begin June 10 and continue through July 12 for the day classes and through July 11 for the evening classes.

For those who cannot attend the first summer session, and for others who wish to gain credits and move ahead rapidly, a Second Summer Session will extend from July 22 through Aug. 23.

On the Liberty Campus, a wide variety of 73 courses will be given during the day and 47 courses in the evening. Interested in music? Then sign up for the courses in music appreciation and applied music. Classical guitar, which is popular these days, is being offered by an expert musician.

A full listing of classes and times and places where they are given this summer may be obtained by writing Mr. Culotta or Mr. Beckham, at CCB, 2901 Liberty Heights Avenue (21215), or calling 462-5800.

"Thank You"
Perhaps you sang a lovely song
Or sat quietly in a chair.
Perhaps you sent beautiful flowers,
If so we saw them there.
Perhaps you sent or spoke kind words,
As any friend could say
Perhaps you were not there at all
Just thought of us that day.
Perhaps you prepared some tasty food,
Or maybe furnished a car;
Perhaps you uttered a service unseen
Near at hand or from afar.
Whatever you did to console the heart
We thank you so much whatever the part.
