Historic Bethel gives Orchard Church support

The Rev. Dr. John Richard Bryant, pastor, and his distinguished Bethel African Methodist Episcopal Church congregation have sent a sum of $200 for the restoration of Orchard Street Church.

Mindful of history, the Rev. Dr. Bryant is son of the longtime Bethel pastor, the Rt. Rev. Harrison J. Bryant who is now bishop of the church's West Coast 5th Episcopal District. Bishop and Mrs. Bryant reside in Kansas City, Kansas and maintain a home in both California and Baltimore.

Young Dr. Bryant, his wife and son, Jamal, 4, came to the Bethel pulpit early in 1975.

Upon presenting the church's $200 check to Mrs. W.A.C. Hughes, president of the Committee for the Preservation of Orchard Street Church, the Rev. Dr. Bryant said:

"By unanimous decision of the Official Board, Bethel AME Church approved the recommendation of Pastor John R. Bryant to provide spiritual and financial support for Orchard Street Church.

"Over 150 years ago, slaves and the sons and daughters of slaves organized and built a place of worship.

"Orchard Street Church as it was named, is significant for its being a site of the Underground Railroad.

An effort is underway to restore this church and maintain it as a museum for the enlightenment and inspiration of the community at large.

"Bethel, itself, striding toward 190 years of creative ministry in the Baltimore area has been in the vanguard of black survival.

"Dating back to 1785, Bethel Church had its roots as a "free African Society" consisting of a small group of black people who banded together and held prayer meetings and class meetings in homes.

"In 1785 the Society adopted the name "Bethel".

"In 1797, she incorporated as African Methodist Bethel Church of Baltimore and a part of the A.M.E. Church in 1816.

"Throughout its entire history, Bethel has been involved with the liberation of black folk from oppression, ignorance, segregation, and political and economic exploitation."

to support their hopes for a better world.

The end of a year and the beginning of a new one is an appropriate time for inventory—but we dare not waste time talking about the accomplishments and failures of the past unless we pledge to move ahead to improve and correct them.

366 DAYS AHEAD

The 365 days of 1975 are gone — good-bad-and indifferent as they were. We can better spend our efforts looking ahead to 1976 — which gives us 366 days — one extra one — to be about our work.

In this new year, there will be much ado about the Bicentennial, America's 200th birthday celebration. We who have slaved and toiled to make America grow have a right to be proud and join the festivities.

But here again dwelling on the past will not solve our present problems of inadequate housing and recreation, inflation, unemployment, racism, poverty and injustice.

At this inventory time we must recognize the priorities.

AN URGENCY

For Baltimoreans, in particular, there is an urgency to keep behind the city administration led by Mayor William Donald Schaefer, whose present top cabinet posts are held by whites only.

And this in a city which is nearly 55 per cent black!

We must not waver in our demands for involvement in policy-making paying positions which determine the destinies of the city's residents, the majority of whom are black. And we must insist elected councilmen support us or vote them out.

TOO MANY OUT

We can not become satisfied that a few are involved when so many are excluded.

Forest Park student indicted by grand jury

A Forest Park High School student was scheduled to appear in Northwestern District Court on Dec. 30 for a preliminary hearing.

Assistant State's Attorney Steve Burger told the AFRO "The youth was not in court because he was indicted by the grand jury on Dec. 16th. He is charged with assault and raping a teacher in her classroom on Dec. 8.

A trial date has not been set and the 14-year old was released Dec. 9 on $15,000 bail.

The accuser is a 23-year-old probationary English teacher who claims she was sexually attacked in her classroom around 2:30 p.m. after students left for the day.

Police reports show the teacher left the school, waved to a janitor as she exited the school by the boiler room and said nothing to him about what she claims happened in her classroom.

Further, police reports show, when the teacher called them five hours later, after 8:30 p.m., she handed them a hand-written report on the incident.
