Hall of Fame to admit former Bear Bill Brown

Membership in the Maryland Athletic Hall of Fame officially goes to 84 with induction of the four latest honorees in ceremonies Monday at the Civic Center.

Newest Hall of Fame members are Bill Brown, Jack Portney, Tom Scott and the late Tom Biddison. Presentation of certificates will be made by Earl Banks, athletic director at Morgan State College and a member of the Hall of Fame Committee.

Brown, onetime great Morgan runner, is only the eighth track star to gain admittance to the state shrine. The same is true of Portney's sport—boxing.

Scott and Biddison, both with football and lacrosse backgrounds, bring the Hall of Fame grid roster to 28 and the lacrosse to 15.

* * *

Brown used outstanding speed to run his way into the Maryland "Temple of Heroes." In 1949, as a member of the United States touring track team, Brown won seven out of eight races against the best Europe had to offer. His victories came in Norway, Denmark, Scotland, Sweden and Holland.

The erstwhile Morgan sparkler, an Honorary life member of "Salford Harries" (England's exclusive track club), set an 880-yard record in The Sunpapers Meet here in 1951, a mark that stood for four years. He was a Penn Relays champion in 1948 and also won the 1,000-yard and 880-yard runs in the South Atlantic Association as well as the 440 and 800 in the Central Intercollegiate Athletic Association.

* * *

Scott, who played in four world-championship football games with the New York Giants, went to the NFL from the University of Virginia where he became that school's first athlete to sports. He was a member of the 1952 Cavalier team that won the national lacrosse championship.

Portney fought for 13 years as a professional, winning 165 bouts while losing only 15. He is the only one of the new Hall of Fame members not a native Marylander. A welterweight, Jack was born in Russia 1906 but became a naturalized American in 1940 and qualified for the state honor by making Baltimore his "adopted" city.

Although Portney never won a world championship, he defeated four world champs and in 1936 Ring magazine rated him third in the world welterweight rankings.

Biddison, a member of the Lacrosse Hall of Fame, was a two-sport star at Johns Hopkins University. He was a lacrosse All-American for three successive years—1926 through 1928. He later coached lacrosse at three Baltimore prep schools—City College Poly and Friends.

Next Monday's ceremonies, open to public, will follow a luncheon in the Chesapeake Room at the Civic Center. The occasion will also mark the unveiling of the new Hall of Fame Room at the Civic Center in which all of the shrine's plaques will hang.

Bill Brown beat Europe's best

Young Marylanders vie for U.S. fencing berths

Alec Wheaden and Bryan Vaulx are among four Maryland fencers heading for Detroit this weekend to vie for berths on the U.S. Junior Olympics fencing team.

Loree Kelcher, 20, and Wheaden, 16, in foil; Frank Burton, 19, in saber, and Vaulx, 15, in epee, won their Maryland Division qualifying rounds held earlier this year.

This group of fencers is the largest and the most promising contingent of young fencers that Maryland has ever sent to a national competition.

They will be accompanied by Gary Green, the assistant fencing coach at Johns Hopkins University and a member of the Maryland Division's executive committee.

Wheaden, of the 3300 block of Presstman Street, is the captain of the Tri-Weapon Fencing Club of Baltimore and a veteran of eight years of fencing at the age of 16.

Last year, the junior from Boys Latin was the national under-16 epee champion and finished fourth in the under-16 foil.

This year, Wheaden will be foregoing the epee event in order to concentrate on the more difficult under-20 foil field.

Vaulx, of the 5300 block of Wabash Avenue, also competes for the Tri-Weapon Club of Baltimore. Vaulx, in his first trip to this national event will be attempting to become the fourth consecutive Marylander to win the national under-16 epee title.

He would follow Wheaden last year, Micahel Oles of Baltimore in 1974, and Sam Redick of Frostburg in 1973.

The annual age-group championships of the Amateur Fencers League of America serves as the main method of selection for the U.S. Junior Olympic Team.

Catonsville CC soph runner is meet MVP

Catonsville Community College sophomore Vince Green led the Cardinals to their most successful showing in three years of hosting the Maryland Colleges Invitational indoor track and field meet.

Green, a 19-year graduate of Walbrook High School in Baltimore, had a hand in three of the six meet records shattered in the annual event that featured 14 state colleges and universities. Two other marks were equaled.

Leading off the two-mile relay squad, Green turned in a 1:54.4 880-yard split to pace teammates Mike Merritt, Dave Goucher, and Walt Harris to a meet, field house and Catonsville CC record of 7:33.2.

The 5-7, 130-pounder's next effort came in the 1,000-yard run where he dropped the record to 2:17.1.

The final mark came in the mile relay, also a school and field house mark, where Green ripped a 50.9 third leg to give the Cards a lead that enabled anchorman Merritt to hold off Salisbury State College, 3:28.3 to 3:28.7.

Contributing the opening two legs were freshmen Tony Lee from Wilde Lake High, and Tony Christian, Woodlawn.

Vince Green shares 3 records

Lifesaving courses held in Cherry Hill

Classes in advanced lifesaving are being held each Tuesday at the Cherry Hill Homes Aquatic Center, 2300 Giles Rd.

Instruction under supervision of qualified Bureau of Recreation personnel, are conducted from 3-7 p.m.

EXXON
ValueCenter
40,000-MILE LIMITED WARRANTY
Exxon Steel Belted Radial 78
To original purchasers, Exxon Company, U.S.A. warrants the Exxon Steel Belted Radial 78 tire against tread wearout for 40,000 miles of normal passenger car service on the same car. Tire wearout caused by improper maintenance of the tire, overload, willful abuse, collision or repairable punctures. Tires will be considered worn-out when the built-in tread wear indicators form a visible band across two adjacent tread grooves. If tread wearout occurs before 40,000 miles, Exxon will replace the tire, charging for mileage used based on the Exxon "Current Price for Adjustment Purposes Only", plus excise tax. A written warranty and adjustment agreement is provided to each purchaser, and must be presented when making claims.
Charge it on your Exxon Credit Card.
