NOTICE OF PUBLIC HEARING
MASS TRANSIT ADMINISTRATION
MARYLAND DEPARTMENT OF TRANSPORTATION
APPLICATION FOR CAPITAL ASSISTANCE

Notice is hereby given that a public hearing will be held by the Mass Transit Administration of the Maryland Department of Transportation at 7:30 p.m. on December 16, 1976 in State Highway Administration Hearing Room, 300 W. Preston Street, Baltimore, Maryland for the purpose of considering an application by the Mass Transit Administration for Federal Capital Assistance from the U.S. Department of Transportation under Section 3 of the Urban Mass Transportation Act of 1964, as amended. A brief description of this project follows:

A. Description of the Project:

The Mass Transit Administration of the Maryland Department of Transportation is requesting $6,501,238 in Capital Assistance under Section 3 of the Urban Mass Transportation Act of 1964, as amended, to carry out a project consisting of:

1. Purchase of twenty (20) new passenger, air conditioned diesel transit buses, with air suspension control devices.

2. Purchase of spare components for buses.

3. Purchase of thirty-four (34) supervisory and security automobiles.

4. Purchase of five hundred (500) fare boxes.

5. Purchase of twelve (12) servicing and maintenance vehicles.

6. Purchase and installation of shop tools and equipment.

7. Rehabilitation and renovation of facilities.

The Project equipment to be acquired is for use in the Baltimore Regional Area. The new buses will replace buses over 12 years of age which have become economically and physically unsuitable for service. Service trucks and supervisory automobiles are expected to replace vehicles used in surveillance support and maintenance activities. The fare boxes replace the initial fare in a MTA program designed to install a modern fare collection system capable of data recording throughout that area. Shop equipment will be purchased and rehabilitation projects are a part of continuing MTA efforts to improve the efficiency of its operations.

THE PROJECT IS ESTIMATED TO COST: $6,501,238. A Federal Grant of 80% of the project cost ($5,201,000) is being requested. The 20% local share ($1,300,238) will be financed through the Maryland Department of Transportation from State funds.

B. Relocation:

No families, individuals, business concerns or non-profit organizations will be displaced as a result of this project.

C. Environment:

The significant environmental effect, either short-term or long-term, will result from this project. Since the Urban Mass Transportation Administration prepared a formal statement of the environmental impact of the project, the availability of this statement from UMTA will be made known by publication in the same paper as publication of this Notice of Public Hearing.

D. Comprehensive Planning:

This project is included in the adopted Transportation Improvement Program and Annual Element for FY 1977; has been coordinated with the Metropolitan Planning Organization and the Unified Transportation Coordinating Panel, and as such, has been found to be in conformance with comprehensive planning and transportation in the Baltimore Region after review by the A-95 Clearinghouses for the region.
