Trash is a continuous problem in the 900 blk. N. Stricker St., front and back. Is this the results of the layoffs in the Department of Sanitation?

(Photo by Arnetta Lottier)

Alley in the 900 blk. Calhoun St. is littered with trash. Foreground shows pile of trash beside Lewis Barbecue Pit. Law requires people living on both sides of this trash to clean it up, even if they didn't put it there.

Old grass and rocks has been swept up in the 1500 blk. Myrtle Ave. Another indication of poor trash services in Baltimore's inner city.

Blocks on the move

By Arnette Lottier

As you travel around the city you see trash, garbage and bulk items everywhere. It's worse than ever with the cut in employees in the Sanitation Department. It would help if folks call for bulk pick up before putting these large items in the street. This is the procedure to follow:

Bulky Trash is:

A. Furniture (Tables,) chairs, Mattresses, etc.)

B. Appliances (refrigerators, stoves, washers, etc.)

C. Metal pieces (cabinets, hot water tanks, toys, etc.)

Removal of building materials such as plaster, broken concrete and old bricks resulting from repairs. and construction, is the responsibility of the contractor or the property owner.

Only 3 large items will be taken per scheduled pick-up. More than this will not be taken, for all citizens must be served.

Pick-Ups are made twice a month on a specific schedule for each area.

You must call customer Service each time that you have items to be scheduled to be picked-up.

In the event that your items are not picked up on the day you have been scheduled for collection, do not call customer service or the Sanitation Division. Your items will be picked up within the following 2 days. Your request has not been overlooked nor has the truck missed your three items.

To schedule a pick-up, call Customer Service (539-5151). Phones are answered 24 hours a day.

When making your first call to Customer Service requesting a Bulky-Trash pick-up and a Customer Service representative tells you your area's collection days, please write this information down next to your telephone number so that you will have this information handy when call ing to arrange future pick-ups.

Request calls should be made at least 2 days in advance of your scheduled Bulky Trash collection days.

Items scheduled for Bulky Trash collection should be placed in the same area where your normal garbage collection is made, except where there is a carry out alley (where trucks cannot ride through the alley) then articles should be placed in front of your residence.

Items should be put out before 7:00 A.M. on your scheduled day or the night before.

The City Sanitation Division does not make Bulky Trash collections from apartment houses, places of business, or commercial property.

The Monument Street landfill at Monument Street and Highland Avenue will be open to city residents on the first Saturday of every month, from 9:00 a.m. to 3:00 p.m. for deposit of bulky trash items!

With Christmas coming many people will be cleaning out and throwing out. Why not cut out this article so you can follow the correct procedure in having bulk trash picked up.

This will cutdown on the amoung of litter all over the city. (If you don't get results after doing things the right way, call and let us know).

When this column disclosed not long ago that former Miss World ; Marji Wallace, was spending a lot of time at the swank Beverly Hills manse of Gwen Gordy, it was the first note that something was afoot in the romantic life of the young beauty. Her publicized closeness with Chris Everts' former fellow, tennis star Jimmy Connors, had been the thing.

But now it's hit the fan and the news that Miss Wallace still sports the multi-diamond ring reportedly given to her by Motown tycoon Berry Gordy sort of shatters the widespread reports that Gordy just might wed his super star Diana Ross.The latter lady has been reported of late in a round of re-dating with her "ex" Bob Ellis and after-show cocktail sets with actor Warren Beatty.

A top singer was reported to have staged an open huff recently when things went wrong for them onstage. Sarah Vaughan walked out of one of her show sets at Chicago's Blue Max when the owners reputedly had not ordered the special-size piano she had demanded to be on stage for her pianist.

O. J. Simpson is saying in Playboy soon top athletes will play for teams that give them a percentage of the gate receipts and that as a result the players could come same day to own the teams Not too far-fetched an idea, especially when one considers that when a promoter puts on a big concert today in one of the major stadia around the U.S., the stadium owner almost every spot demands a rental fee, plus a percentage of the gross gate receipts.

And that's besides the percentage of the gate receipts demanded by the show performers themselves. And since sports is the business, the idea of players demanding gate percentages is not too wild.

Hints For Homemakers

INEZ KAISER

The month of November is a good time to entertain friends and relatives. The high spot, of course, is Thanksgiving Day, which combines festive celebration, happy memories and dishes, dishes, dishes!

DOVE EASES DISHWASHING CHORES

The first thing I reach for is a bottle of DOVE LIQUID because of its cleaning power. But more importantly, I know that it is mild.

DOVE LIQUID is the ideal dishwashing detergent for any woman to use, especially if her hands are sensitive. It leaves hands looking lovely and smooth.

If you're embarrassed because your hands do not look as nice as you'd like them to, then try using DOVE LIQUID. You'll never try to "hide" your hands again.

After washing all the dishes, your hands should not look or feel rough. That's wtiy I always keep a supply of DOVE LIQUID at home. Its cleaning ability is unbeatable.

CONCENTRATED 'all' DOES IT ALL

Once the dishes are cleaned, my next task after dinner is to wash the linens. I love to set a beautiful table because the right selection of linens can set the mood for the entire evening.

For my Thanksgiving dinner the mood is "autumn," with gold and mist usually my favored colors, at least until the "spoils" of the meal start showing.

Just as I expected, one of my guests will splatter grease from the gravy onto my tablecloth. My husband Richard, meanwhile, will [illegible] about the stains [illegible] now I feel about the new tablecloth.

That's when CONCENTRATED "all" really comes to the rescue—with its combination of bleach, borax and brighteners. CONCENTRATED "all" cuts the toughest stains and grease, yet keeps colors bright.

Recently, after I had finished my laundry, I showed my husband a freshly laundered tablecloth that had been badly soiled. CONCENTRATED "all" had done the job, and a happy smile flashed across his face.

After all, he had saved some money because now I did not need a new tablecloth, thanks to CONCENTRATED "all."

BETTER TASTE WITH IMPERIAL

Keeping up with the holiday tradition, my fabulous Thanksgiving dinner is reminiscent of those served at the turn of the century.

This takes in a lot of old favorites—stuffed turkey, cranberries, glazed ham, hot rolls, squash, peas, potatoes with green beans, date-nut pudding and sweet potato pie.

Using convenience foods and modern cooking techniques, this feast is much easier to prepare now.

I used to cook with generous amounts of butter, but that was before I discovered the goodness of IMPERIAL Margarine. Now, I just substitute IMPERIAL for butter in all of my recipes.

In cooking and baking, IMPERIAL's rich, creamy flavor and light texture taste so much like real butter that my family is not able to tell the difference.

What they do notice is IMPERIAL Margarine's superb taste, not only at Thanksgiving but the year round.

PUT YOUR BEST FACE FORWARD WITH DOVE

A friend recently told me about a Saturday afternoon's shopping expedition. Her prize finds included a moisturizing lotion, a cream and a facial masque.

I was surprised, because DOVE Beauty Bar gives me the only beauty treatment I need to look my skin refreshed and [illegible]

Through the years I have used many [illegible] DOVE restores the natural moistness to my face in a way that soaps never do.

Thanks to DOVE Beauty Bar, my complexion has a new radiance. I regard DOVE as my cleanser, moisturizer and lotion all in one. Just wash your face with it every night and you will feel and see the difference.

If you're serious about beautiful skin, shun put your best face forward. You'll find DOVE Beauty Bar a good way to improve your complexion in every season of the year.
