Tour of old Somerset Homes

By Arnetta Lottier

The AFRO Clean Block was invited to visit with the tenants of the Old Somerset Homes a few weeks ago. The purpose of the visit was to aid the tenants in the beautification program they are trying to start.

Lunch with Mrs. Viola Gingler, president of the Tenant Council, in order to understand what would be necessary in the way of tenant and management participation for their project, I suggested we tour the grounds to see what has to be done.

Old Somerset Homes is among the oldest housing projects in the city. It has been in existence for over 25 years. Unfortunately, it shows neglect. Both of these things make Old Somerset Homes seem a dismal place, especially with the new Gay St. Mall across from it and the new Monument East Senior Citizen's apartments next to it.

Part of the problem is due to the construction going on in the project. Everything looked dusty and desolate. Additional electrical current is being run into the homes so that the grounds have been dug up all over the project. The other part of the problem is people neglect.

Big holes covered by large boards due to construction could be very dangerous to residents. Fences knocked down by trucks have not been repaired and jaggered ends could impale the legs of those folks who are not careful.

Dumpsters need to be painted as well as the playground equipment. Grass seed needs to be planted in many areas.

Youngsters we talked to seem willing enough to help beautiful, but they need sufficient cleaning tools to do the job.

Gus McLaughlin, the project manager and Alvin Jackson, the assistant manager, have stated their intentions to work with the tenants to do whatever is necessary to beautify Old Somerset Homes.

We will watch closely for favorable results and will be happy to report in the near future, the complete turnabout of Old Somerset Homes.

Construction trucks broke down this fance while putting in additional electrical current in the old project. Each time management puts in the foundation for the post, youngsters pull out the post. The fence can't be repaired until the post is cemented in the ground.

Empty building next to Waters AME Church needs to be boarded up. This could be very dangerous to residents who live in this project and Monument East Senior Citizen apartments.

/ Sidelights

Sharron Middleton, - Clean Block captain of 500 W. Lafayette Ave., is graduating this week from Booker T. Washington Junior High School. She stands third in her class. Her mother, Mrs. Esther Middleton, has been an AFRO Clean Block advisor for many years. Sharron will attend Western in the fall.

Clean Block received invitations to the graduating exercise of Elisha Isler from Brown University in Providence, R.I. Clean Blockers will remember this young man from the AFRO Clean Block meetings. He represented the Adopt-A-Lot Program. After graduation Mr. Isler will attend law school.

Orchids to the youngsters in the Baker-Leslie St. area who cleaned up the trash on the corner after seeing the picture in the AFRO. Call the AFRO, 728-8200 so your pictures can be taken. Hope Sanitation took the junk away for you.

Send cards of cheer to Joseph Mason, Clean Blocker in the Sandtown-Winchester area who has worked very hard to improve conditions in that area. He is in Maryland General Hospital, intensive care unit. Mr. Mason was to have married last week but became ill the day before the wedding. He has been ailing since then but was taken to the hospital this Wednesday. Hope he is soon well again. He may have visitors for 10 minutes between the hours of 11-3 p.m. and 7-8 p.m.

Mrs. Minnie Williams, - Clean Block advisor for 2400 Lakeview Ave., is having more than her share of trouble with Department of Housing. She had to go to court about a violation on her garage. She feels she complied with the regulations in the past and was supposed to be given until June to paint her garage and repair falling beams inside.

Instead, she was taken to court the end of May. The judge fined her $50 and told her that he could have fined her $300 but due to the work she has done in her area he gave her this small fine.

A bright note in Mrs. Williams' life is she will be project manager in her area from June until Aug. 16. She will have 10 youngsters working with her.

5106 Arbutus Ave. - residents called to say they will be joining the AFRO Clean Block. They want the city to clean out 5104 and 5103 yards. These are vacant city owned houses.

Onions to the youngster who set fire to 1412 Freestman St. This is a vacant house which was boarded up. Youngsters must realize one fire in a block can sometimes destroy many others.
