NOTICE OF INTENT TO ASSIGN
RIVERSIDE DRIVE E.I.S PROJECT
(PROJECT 76-84)

In the near future, the Professional Services Selection Committee will recommend that assignment of consultants be made for the preparation of an Environmental Impact Statement (E.I.S.) for the Riverside Drive Study Corridor.

Increased traffic on Eastern Avenue and development in the Back River Neck area necessitates a study of the area to be performed for a possible new transportation route. An E.I.S. is to be prepared for the Study Corridor whose boundaries can be generally described as a 4000 foot wide area extending from Eastern Avenue between Back River and Wideland Drive, then running in an easterly direction and intersecting Back River Neck Road between South Marlyn Avenue and Middleborough Road. Two or more new bridge structures may be part of the study. Estimated construction cost is $2,300,000.

Any award granted under this request is expected to be funded in part by Federal Aid and, therefore, subject to Federal regulations applicable to the grant program.

To be considered for award, all firms currently prequalified must submit a Baltimore County Form DPW-102 in response to this project. Any firm not prequalified should do so immediately by filing a Baltimore County Form DPW-101.

Form DPW-102 submittals from prequalified firms must be received by the Chief of the Bureau of Engineering, Room 216, County Office Building, Towson, Maryland 21204 not later than 4:30 P.M. E.D.T. on Monday June 19, 1978. Late submittals will not be considered.

Baltimore County Forms DPW-101 (for prequalification) and DPW-102 can be requested through the above address or by calling 494-3202.

By order of the County Executive of Baltimore County, Maryland.
