This ....

....Not this!

These tired tires have got to go

Rats and things...

HELP! Mrs. Peggy Ann Roebuck of the 600 block N. Pulaski St. is having problems with huge rats in the back alleys, and a vacant lot filled with old cars and trucks. It is a dumping ground for garbage. Mr1 Roebuck has contacted the Health Dept., the Rat Eradication Program, Self help Housing and City Hall. So far she has not received any help.

Mrs. Roberta Davis of the 2800 block Of Madison Ave. is having problems with rats between the alleys, between Madison and Eutaw and McCulloh and Madison. For help call Calude Patterson at 396-7710.

Captain Michelle Peters of the 600 block of McDonogh reports empty houses, broken curbs and a corner bar surrounded by trash.

Captain Terry Green of the 2100 block of Mt. Holly St. is having problems with rats, a dirty alley and needs to have trash picked up. For help call Clayton Tucker of Self - Help Housing at 685-4141.

Captain Alfred Bill of the 2200 block Mura St. reports that there are eight vacant houses in his block that are boarded and infested with rats.

Captain Selena Wright, 1500 N. Wolfe St., needs help with a major problem - rats. For help call Claude Patterson of the Rat Eradication Program at 396-7710.

Captain Nina Harper of the 2900 block of Walbrook Ave. needs help in turning a vacant lot into a playground for the children. For help call Vince Magliano of the Adopt - A - Lot Program at 396-9177.

Captain Melvin Smothers, Jr. of 2700 Giles Rd. is having problems with stray dogs and cats. For help call Lloyd H. Ross, director of Animal Control at 396-0539.

How do you get rid of bees?

Mrs. Rosa Scott of the 2900 block Fairfax Rd. recently came to the AFRO complaining of bees nesting near her home. The buzzing sound is intense and disturbing.

Mrs. Scott has been living in this area for 14 years and has never heard this noise until about a month ago when the branches from trees located in a park next to her home began to extend into the electrical wires of a pole located near the side of her house.

Although the trees are not on her property, Mrs. Scott is trying to have something done about this annoying problem. She has contacted the Baltimore Gas and Electric and Co. and Ways and Action. She received no help from either place.

So if you have bees nesting in your trees, who do you call?

Readers if you know, call us at 728-8205.

Where to call for help Sanitation

Williams (principal)

FAMOUS NAMESAKE, Jackie Robinson, the late baseball hero.

A school of pride and joy in learning

By Elizabeth M. Oliver, City Editor
Glasco Ryales, Photo-Journalist

Jackie Robinson Elementary School No. 200 at 2516 W. Lombard St. in the heart of the inner city, reflects beauty, pride and joy in learning just as its namesake reflected those qualities in the field of baseball. Jackie Robinson, the most famous of all American athletes, is no longer living but his name remains in memory of such educational institutions as this one in Baltimore.

Mrs. Iris Williams is the principal. There are 220 students and 30 members of the faculty.

HISTORY

The present school, No. 200, was until 1960 the Bible School and parsonage of the St. John's Lutheran Evangelical Church. The church, once called the Butcher's Church because members of that trade from the Franklintown Road attended it, is located at 2516 West Lombard Street in southwest Baltimore. The church has also been called "The Rooster Church" in reference to some of its members who followed the poultry business.

St. John's was organized by 22 German citizens of the neighborhood in 1867. The original parochial school was torn down and in 1924 - 1927 a Gothic church school and parsonage was erected.

St. John's church closed its doors in 1960 and Baltimore City purchased the Bible school and parsonage for use as a public school.

School No. 200 was named the Jackie Robinson Elementary School by students and the community in 1974. This school is currently paired with P.S. No. 68 — its primary counterpart. Construction of a new school, No. 260, to replace schools 200 and 68 begins in the fall of 1979 and is
