PHILOSOPHY

Ve, at Jackie Robinson mentary School, eve that every child is future; therefore, h child has the right to best education.

ach child is a unique vidual; consequently, will provide for each dent various modes of rning through multi - nt and non - print terials.

ctivities based upon dents' diagnosed rengths and aknesses, as well as r interests are other tors which will be nsidered when planning educational program each student. Our ividualized cational program will continuously aluated, throughout the hool year, for the rpose of strengthening ch student's curricular.

We contend that the dent's self - esteem is far one of the most portant variables of his queness; hence we will ovide, not only ademic support but otional support as well.

We propose that ucation is best achieved en students, parents, achers, administrators, l the community work operatively for one al: **Educational Excellence; Maximum arning for Each Pupil.**
