Constant Care's new health facility ranks with the nation's best

Full service unit on Division St. now ready to aid in all inner city

By Elizabeth M. Oliver, City Editor
All photos by Glasco Ryales

Constant Care Community Health Center opened its new building recently with a celebration at the Convention Center. The $6 million facility is the No. 2 location and is located at 1501 Division St.

The No. 1 location still in operation is at Metro Plaza adjacent to Mondawmin Shopping Center.

The full service health establishment headed by Dr. Harvey Webb, executive director, cares for more than 100,000 persons per year and is rated as the most unique and furthest advanced in the nation.

Constant Care's new building is the culmination of a 10-year search for financial support. Funding was finally made possible through the efforts of Mayor Schaefer, who included Constant Care in a request for a Federal Public Works Grant. Subsequently, Constant Care received a grant from the Economic Development Administration for the establishment of a new health care facility.

Constant Care takes pride in the fact that its program was conceived in the community, by community people, out of a response to a genuine community need. Dr. Webb, hails the expansion of his health center as a "giant step forward to a healthier community."

He states, "Constant Care was the pioneer in adopting the wholistic approach to preventive health care. At Constant Care we treat every patient as an individual against the background of his or her own particular lifestyle.

"Everyone is welcome at Constant Care. Our patient population is diverse and therein lies our strength."

Both health centers provide a wide range of comprehensive health service including: 1. Adult Medicine, Obstetrics and Gynecology (OB - GYN) and Pediatrics; 2. Opticmetric (Eye) Services; 3. Mental Health; 4. Podiatry (Foot care); 5. Home Health Care; 6. Nutrition - WIC Counselling.

In addition, the Division Street site offers dental and X-ray services. A nursery program will be provided for children in an especially designed playroom. At certain times there will be special children's waiting room activities.

Specialty services provided at Division Street include: opthomology; ear, nose, throat; orthopedic; dermatology and radiology.

Each health center will operate its own state - certified laboratory and pharmacy. Health education activites will be conducted at both sites.

Both sites are conveniently located near bus and subway stops.

Individuals wishing to learn more about the Constant Care Program should call or stop by the Constant Care office at either of the following locations:

HEALTH VILLAGE
No. 1, 100 Metro Plaza, Baltimore, 21215. Telephone: 383 - 8300.
