# Your horoscope ★★★★★★★ By Penny Brady

# ★★ IT'S IN THE STARS ★★

**CAPRICORN**
**December 22 - January 19**

Being a Cap, you always begin and end a year in a favorable position. This month will be no exception. There will be so much for you to accomplish that you won't have enough time to do it.

Don't let the new moon and eclipse of the sun on the 15, cloud your vision. Whatever you do, be certain that you are fulfilling what has to be done. Don't get sidetracked. The total eclipse of the full moon on the 30th may raise some personal and professional problems. For New Year's eve, spend your time quietly, the evening is for others.

**AQUARIUS**

You can relax a little bit Aquarian. You've been under so much stress that a time for "cooling out" is needed. Since there are two eclipses this month, beware and alert are the messages I'm sending. The partial eclipse of the moon on the 15th will bring a change in your feelings. People you meet now will have a lasting effect.

The full moon of December 30th is a total eclipse. This is a time to pay attention to your health. New Year's Eve is to be celebrated quietly.

**PISCES**
**Febrauar 19 - March 20**

This is an interesting time for you Pisces. Take the necessary time to straighten out your life. You've been doing everything haphazardly. Become serious. The partial eclipse of the sun and the new moon of the 15th affects career and community matters. Don't spend too much time on the unimportant.

The full moon of the 30th will play havoc on romance. As usual you'll fall in love again. New Years's eve is a good time for celebrating. Knowing you, you'll do it with a big bang.

**ARIES**
**March 21 - April 19**

The sky's the limit for you this month. The desire to travel is great. If you can't get away than sit at home and fantasize. The new moon of the 15th will find you thinking about your feelings. This will really be a growing up time for you. The full moon of the 30th will keep you alert to your domestic situation. Take your time. New Year's eve is a good time to party at home.

**TAURUS**
**April 20-May 20**

This month will be very hectic for you. Your spirits will swing like the pendulum of eternal doom. Work will increase and you'll wonder whether you can cope. Being the bull that you are, you'll map out a plan and stick with it.

When the full moon of the 30th arrives, so will you. Letters to answer, calls to make and the unexpected are on your agenda, for this period. Take your time and do whatever is necessary. New Year's eve would be an ideal time to visit friends and relatives out - of - town.

**GEMINI**
**May 21 - June 20**

Beware of those who don't have your best interest at heart. The new moon and partial eclipse of the sun on the 15th falls in your solar chart of opposition. Watch those people that are alien to you. Prepare for the counterattack.

## Spotlight on Sagittarius
## November 22 - December 21

Many happy returns of the day, Sagg. Being the "I see" of the twelve mysteries of love, you teach that love is honesty and learn that love is loyalty. One of the chief characteristics of your sign is your extraordinary power of mental activity. You are mentally eager and extremely enthusiastic to spread knowledge to others on a grand scale.

Your curiosity is insatiable and others seem to follow. Many people look at you as the teacher. The ability to teach students to observe and reason as well as to think for themselves is what you're all about. You're better adapted to teach the older students as opposed to the novice.

Being the archer, your aim is perfect when finding the weak spots of your adversaries. This probably accounts for your honesty, straightforwardness, bluntness and outspokenness. Sagg can be big-hearted, generous, jovial, high-spirited and trustworthy. Basically you are goal-oriented, full of hope and definitely positive. On the other hand, you can be gullible, fanatical, pompous, brusque and "in the clouds." Sometimes you aim too high to be able to manifest ideals.

With love and friendship, there are more clouds accumulating than dispelling. Since honesty is a virtue, it has a tendency to be a negative attribute of Sagg. The frank ways with the opposite sex are usually misconstrued. In other words, friendship is mistaken for love and love for friendship. Once Sagg has been misunderstood, you begin to cultivate self-control and find it difficult to let yourself go. This state leads to spinsterhood and bachelorhood.

Best bets are Aries and Leo. With these two signs, the qualities are comparable. Both have the faith, tolerance and magnanimity which is necessary for you.
